GRAY CAN HAVE JOB.

Bryan Likes Him for Second Place.

Delaware Man's Manager, However, Refuses to Obey the Dictator.

Opposition to Nebraskan's Radical Ideas Grows Among Democrats.

Sullivan Denies Report That He Will Fight Boss of the Party.

[ASSOCIATED PRESS NIGHT REPORT.]

DENVER, June 30.—Although candidates for the nomination for Vice-President on the Democratic ticket are numerous, and despite the fact that their number is likely to be largely increased before a choice is actually made, it is the general opinion among such leaders of the party as are now here that if George Gray of Delaware will declare his willingness to accept the second place on the ticket, he can have it.

Josiah Marvel of Wilmington, Del., the manager of the Gray Presidential campaign, who arrived in Denver tonight, will not, however, give his consent. He insists that the Delaware man is a candidate for first place, and when it has been settled that he cannot have first place, it will be ample time to place him in running for the secondary position, provided he cares to take it.

Mr. Marvel denies, however, that Judge Gray will be satisfied with anything less than the head of the ticket.

It is well known that Mr. Bryan would be pleased to have Judge Gray for the Vice-Presidential candidate, and the only thing that prevents the latter from becoming a leading candidate for that position is the simple but all-powerful fact that he will not declare himself to be a candidate at all.

GRAY BOOM LAUNCHED.

The Gray Presidential boom was formally launched today and headquarters were opened in the Savoy Hotel. They were arranged some hours in advance of the arrival of Mr. Marvel, and during the early part of the afternoon, a corps of expert bill stickers were going about the hotels putting up lithographs of the Delaware candidate.

The Johnson headquarters will not be opened for several days, and the date on which the Bryan banners will be thrown out has not yet been determined, but it will be on Saturday or Sunday, after the arrival of the Nebraska delegation.

It is certain there will be a strong fight in the Committee on Resolutions, and possibly on the floor of the convention itself over the anti-injunction plank. Word has come indirectly from Lincoln that Mr. Bryan is in favor of a plank of a somewhat radical nature, and it is certain that such men as Sullivan, national committeeman from Illinois, and Chairman Taggart of the National Committee, are strongly opposed to it. Sullivan gave out yesterday a statement in which he favored "equal rights before the law," and used other expressions of a similar character which were construed to mean that he was opposed to a strong anti-injunction plank.

Sullivan denies that he intends to convey the impression that he planned to fight the anti-injunction plank, but it is generally believed that he is against extreme language in this part of the resolutions.

FIGHT ON GOMPERS.

It is well known that between Mr. Bryan, Mr. Sullivan and other influential members of the Illinois delegation no particular amount of love is lost and reports have been circulated that if an anti-injunction plank is adopted more radical in its character than the Illinois people feel that they can approve, that State, when it comes to balloting for President, will break away from its Bryan instructions.

Sullivan denied this emphatically today. He said:

"We were told to stick for Bryan and we are going to stick. I do not believe that any platform fight can change our present programme. Illinois has no idea of breaking away from its instructions."

The forces opposed to a radical labor plank were strengthened today by the arrival of Charles G. Heifner of Washington, who has the proxy of John Y. Terry, the National Committeeman from that State. Mr. Heifner announced emphatically that the Pacific Coast and probably the State of Washington was opposed to the adoption of such a plank as was presented at Chicago by Gompers and other officials of the American Federation of Labor. He said:

"The adoption by our party of such a plank would be a transparent sop to union labor which would be repugnant to voters in all sections of the country. It would be a promise that no lawmaking body would be willing to fulfill. It could not help but injure the Democratic ticket at the polls."

Mr. Heifner believed that the Vice-Presidency will go to the East, but he was not ready to say how his delegation will vote.

St. Louis Candidate Defeats Nominee Presented by Committee, Only Contested Office in Convention Election—Mrs. Burdette Addresses Meeting.

[ASSOCIATED PRESS NIGHT REPORT.]

BOSTON, June 30.—The announcement of the election of Mrs. Philip N. Moore of St. Louis as president of the General Federation of Women's Clubs for the next two years was the most important feature of today's session.

Mrs. Moore received 516 of the 906 votes cast, the rest going to Mrs. May Alden Ward of Boston, the candidate named yesterday by the Nominating Committee. With the exception of the President, all the other candidates of the Nominating Committee were unopposed and were elected.

The report of the Elections Committee and the formalities occupied the early hours, but with this concluded, the delegates took up business. Under the general topic of "Press Problems," several brief papers were read. Mrs. Robert J. Burdette of Pasadena, Cal., spoke on the "Personal Appeal."

Texas Beef on Hoof Commanding Best Prices Ever Paid in History of Industry.

[BY DIRECT WIRE TO THE TIMES.]

FORT WORTH (Tex.) June 30.—[Exclusive Dispatch.] Prices for cattle on hoof in Texas, the highest in twenty years, are due to principally one condition—the influx of probably 1,000,000 settlers during the past two years and the occupation of ranch lands and the consequent sale of cattle to clear off the big pastures.

The best meal and grass-fed steers now sell on the hoof at Fort Worth at from $5.75 to $6. Corn-fed steers sold Saturday at $7.25, and grass-fed steers have sold here this spring at $6.75, the highest price ever paid in the history of Texas cattle raising.

ESPEE SHUTS DOWN.

Closes Its Shops at Sacramento for Indefinite Time—Hundreds Are Thrown Out of Work.

[BY DIRECT WIRE TO THE TIMES.]

SACRAMENTO, June 30.—[Exclusive Dispatch.] This afternoon a notice was posted at the Southern Pacific shops saying all work will be suspended until further notice, the order to take effect at once. This means the entire shops will be closed down indefinitely, and it will result in throwing out of work hundreds who with their families form a large colony in this city.

Though there is a general denial in railroad circles of any movement looking to the non-unionizing of the shops, it is the general impression that the shops will be closed for some time.

Officials of the motive power department refused to give out any information of the cause of the order.

"Oh, No; It's Not a Sheath, Grande Monde Will Not Wear Them."

NEW YORK, June 30.—[Exclusive Dispatch.] Miss Fritzi Scheff, the comic opera star, more chipper and piquant than ever in a blue plaited directoire gown, was the merriest passenger on the North German Lloyd steamer Kronprinzessen Cecile, which docked this afternoon.

"My gown," she said, repeating a question. "Oh, no, it is not a sheath. I do not think the bon ton, the grande monde, in Europe, will wear them. The directoire—the tight-fitting—yes, but not the sheath."

Shout Demands by Megaphone from River by Parliament.

[BY DIRECT WIRE TO THE TIMES.]

LONDON, June 30.—[Exclusive Dispatch.] Suffragettes besieged the House of Parliament today in unorganized and riotous masses, hurling cobblestones at the windows of the residence of Premier Asquith in Downing street, and shrieked defiance to the cordons of police, foot and mounted, who struggled to prevent their invasion of Parliament.

Great throngs attended the onslaughts and skirmishes of the women and cheered their encounters with the police. Failing in their efforts to break through the surrounding squads, the women resorted to ruses and disguises to gain the lobby of the house.

As each was detected or balked and the invader hustled back or placed under arrest, the spectators surged forward, unwittingly or purposely lending their strength to the efforts of the suffragette leaders.

Twenty-nine women were arrested before the demonstration was quelled.

WILD SCENES.

From the balcony of a hotel overlooking Parliament Square, Mrs. Asquith, who has been dubbed "Dodo," with her daughter and party of friends watched the wild scenes and the stoning of her own home. The unpopularity of Mrs. Asquith with the suffragettes was as much the cause for the attack on her home as the attitude of her husband in the movement.

The stoning of the Asquith home was accomplished by two bold spirits, who passed the police in a cab and stepped from the vehicle with arms full of missiles. Their aim was worthy an expert bowler in a cricket match and before the police had reached them half a dozen windows were shattered.

Spirited sisters who had grown physically exhausted in futile struggles with the "bobbies" but whose lung power continued unabated, conceived the idea of chartering boats on the Thames which were pulled close to the Parliament House.

USE MEGAPHONES.

Through megaphones they shrieked their desires to the members gathered on the terrace to watch the riots. The police on shore vainly waved them away while searching for boats to fence off the new skirmish line. Before the police had impressed craft to ward off the new danger, other suffragettes had recognized the opportunity to voice their opinions in strident measure, and almost a dozen boats, each bearing two or more trumpeting females, were being guided along the nearest bank, the voice of individuals being lost in the cacophony of shrieks and shattered sentences.

The police boats bore down upon the boats of verbal warriors and scattered them after placing several of the inmates under arrest. The demonstration continued for three hours, but none of the suffragettes succeeded in reaching their goal, the lobby of the

SMALL HOPE.

BISHOP POTTER IS NEAR DEATH.

PHYSICIANS HAVE LITTLE HOPE OF SAVING HIS LIFE.

Eminent Prelate in Critical Condition Despite Apparent Favorable Symptoms After Day of Weakness. Artificial Means Resorted to to Restore Vitality.

[ASSOCIATED PRESS NIGHT REPORT.]

COOPERSTOWN (N. Y.) June 30.—After a day in which the patient visibly lost strength and the end seemed near, Bishop Henry Codman Potter of the New York Protestant Episcopal diocese, was tonight reported by his physicians to be resting somewhat more comfortably, with symptoms rather more favorable than during any time in the last several hours.

The condition of the eminent patient is still critical, however, and no great hopes are built upon the strength which was noted early tonight.

More than once during the day hope was almost abandoned, but as the cool of evening came on the patient seemed somewhat refreshed and reports from the sick room were more favorable.

Bishop Potter was reported very low this morning. After midnight the bishop's condition was so low that he was artificially restored.

His son, William H. Potter, arrived last night and Mrs. Potter has been with the bishop almost constantly since the alarming symptoms developed. Three members of the bishop's family are in Cooperstown.

The patient's illness dates from May 1, when he was attacked by a complication of stomach and liver trouble, but it was not until early in June that his condition became serious. On June 10 he was taken to Cooperstown in the hope that a change of air would benefit him. A marked turn for the better resulted almost immediately, but the oppressive heat of the past week counteracted this and yesterday

HEARST JOKE OVER AT LAST.

COURT INSTRUCTS JURY TO BRING IN SUCH VERDICT.

His Long-Drawn-Out Contest for Mayoralty of New York City Comes to Close—Recount Gives McClellan Plurality of Nearly Three Thousand.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, June 30.—George D. McClellan was declared to have been duly elected Mayor of New York over William R. Hearst in 1905 by Justice Lambert today. By the justice's orders the jury returned a verdict to that effect.

This, for the present at least, terminates the long-drawn out litigation instituted by Mr. Hearst involving the enactment of a law providing for a recount. This left McClellan with a plurality of nearly 2000, and counsel for Atty.-Gen. Jackson, who brought quo warranto proceeding against the Mayor, was unable to prove his contention that the ballot boxes were stuffed.

Mayor McClellan issued a statement tonight in which, after defining his attitude in regard to the recount, he states that he had been forced to pay out $40,000 to defend his title, not including counsel fees, which are still unpaid.

The Mayor directs attention to the fact that "the result of this enormous expense and this protracted litigation has been to increase my total vote and diminish my official plurality by about 500 disputed ballots."

He says that he has no regrets as to the course he pursued, and that he feels that the result will discourage the bringing of election contests of this sort in the future. He said that had he suspected that his election was the result of fraud he would have acted differently.

GUARDING BORDER.

Troops to Ward Off Rioters.

Soldiers on Mexican Line to Keep Bandits from Refuge Here.

Delicate Situation Relating to Power of Stopping Fugitives.

American Government Will Prevent Aid Being Sent to Desperadoes.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, June 30.—American military forces are now in service for the enforcement of the neutrality laws along the Mexican border.

Gen. Meyer, commanding the Department of Texas, has reported to the War Department that directions already have been given for the dispatch of four troops of cavalry from posts in his department to Del Rio.

As to other points, he will be guided by his conferences with the civil officials.

The employment of American troops for this purpose, by the way, is almost without precedent in recent years, and the law officers of the War Department, as well as the Attorney-General himself, have been obliged to give close study to the question of the extent to which they may exercise the power of preventing persons from entering the United States across the Mexican border.

Under the law no passports are required except in the case of Chinese and Japanese and about the only other reasonable ground for detention of fugitives seeking to cross the line would be some presumable violation of the immigration or health-inspection laws.

So it will be a delicate task for the army officers, who are charged with the duty of policing this international boundary line, to avert clashes with the civil courts if they undertake to make promiscuous arrests of persons fleeing from Mexico into the United States.

Frequent conferences were held during the day by the star officials of the State and War departments, and Señor Godoy, the Mexican chargé at Washington, also had a thorough discussion of the situation with acting Secretary of State Bacon. Atty.-Gen. Bonaparte, whose department is cooperating in the efforts of the United States to see that strict neutrality is observed, was at the War Department and had talks with Secretary Taft and with Gen. Bell, chief of staff of the army. All the agencies of the government are now at work along the same lines in the effort to prevent any substantial aid being given to the Mexican rioters by sympathizers across the border.

BANDITS REPULSED AND ONE IS KILLED.

[ASSOCIATED PRESS NIGHT REPORT.]

EL PASO (Tex.) June 30.—The first outbreak in the republic of Mexico beyond the borders of Coahuila occurred this morning at 4 o'clock, when the garrison at Palomas, Chihuahua, seventy miles west of this city, was attacked by a band, of fifty men, who were repulsed with a loss of one killed and one captured.

There were fourteen guards stationed at the Mexican post when the attacking party surprised the town. Most of the rioters were armed with rude weapons and home-made implements of warfare.

According to a dispatch received here from Columbus, N. M., across the river from Palomas, Juan Correon, the Mexican general, has arrived there from Palomas, bearing dispatches to his government concerning the attack. It began when a bomb was thrown into the telegraph office, thus shutting off communication withoutside points. In the fight which followed, several hundred shots were fired, and many bombs were thrown at the headquarters of the officers.

Owing to the fact that the bombs were ill-timed, the officers were able to throw them away before they exploded, thus saving the buildings and their lives. The fight lasted one hour, after which the attacking party fled to the mountains west of Palomas. One man was killed, but it seems that he was a non-combatant. One of the desperadoes was seriously wounded, and captured. He speaks good English, and the Mexican authorities think he is a native of New Mexico.

This idea is confirmed by the report of the section foreman from Mimbros, seven miles west of here, to the effect that a band of from 20 to 50 men assembled there yesterday. They would not allow him to leave the yards during the day. They had two large bundles of rifles and bought provisions. They left Mimbros, a station on the El Paso & Southwestern, about midnight last night.

Some excitement was caused here by the fact that the local agent of the express company received a shipment of several thousand dollars this morning. This money was forwarded by the Mexican government to pay the monthly salaries of the gendarmes located south of here, and as these shipments come regularly each month, it was thought the bandits might try to secure it. The money was turned over to the Mexican officials and so far as known they were not molested.

There is a United States customs office at Columbus, and all the custom force is held in reserve in case of possible trouble.

INDUSTRIAL.

BOOM FOR BUSINESS.

Big Revival Begins Today.

Hundred Ninety-five Millions to Be Distributed at Once.

Investments and General Improvements Bound to Follow.

Corporations Contribute With Semi-Annual Payments to Prosperity

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 30.—[Exclusive Dispatch.] A great business revival, to begin tomorrow, is forecasted by commercial experts.

There will be distributed tomorrow throughout the United States a total of $195,000,000, made up largely of semi-annual payments by public corporations, such as railroads, large industrial companies and banks.

This enormous total, it is expected, will lead to widespread investments and general improvements, and will have a beneficial effect in a hundred and one other ways. They say that with such a sum as $195,000,000 distributed all at once, the distribution could not lead to anything else than happy results.

Payments on securities will be as follows:

Railroad stocks	$30,831,282
Industrial stocks	27,976,975
Public service corporations, such as street cars	10,315,098
Banks and trust companies	9,000,000

In bonds the interest figures approximately thus:

Railroads	$69,698,478
Industrials	17,613,904
Street railways	14,389,158
Municipal bonds	10,579,530
Government bonds	4,000,000

These huge disbursements from one end to the other of the country, it is thought, will have a beneficial effect. Financiers believe that the result could not fail to be salutary, because some one will get new money in the distribution for which he has no immediate use and which he will, therefore, incline to place investments.

Were it not for the political situation financiers are agreed that within a comparatively short time the money supply would put the United States in the prosperous condition which prevailed before the panic. Confidence, as far as the financial situation is concerned, has been fully restored.

The railroads, it is quite certain, will be able to make the improvements and extensions outlined before the panic, when they were unable to finance their needs.

PAYMENTS ANTICIPATED.

BANKS COMING OUT ALL RIGHT.

[ASSOCIATED PRESS DAY REPORT.]

NEW YORK, June 30.—Eight months after the passing of the financial troubles of last fall, the depositors of the dozen bank and trust companies which closed their doors have received their money, at least in part, or, in the cases of the few which have not yet reopened or have gone into liquidation, are about to receive it.

The Hamilton Bank, one of the first institutions in which the Attorney-General's department intervened to reopen, has already anticipated all of its deferred payments, which, under the original plan, were to have extended into November.

The Knickerbocker Trust Company, which was the largest of the suspended institutions, and reopened like most of the others under a deferred-payment plan, anticipated the first two deferred payments on June 1, paying then 10 per cent., of which one-half under the original plan would not have been paid until September.

The Oriental Bank, one of the four to close its doors in February, paid its depositors in full preliminary to liquidation.

The receiver of the National Bank of North America has paid depositors 50 per cent. in dividends, and the receiver of the New Amsterdam National has paid 25 per cent.

The Merchants' and Traders' depositors have practically agreed to a deferred-payment plan, which will be put in force when the percentage of assenting depositors is brought up to 90.

Of the Brooklyn banks which closed, the Jenkins Trust Company, reorganized under the name of the Lafayette Trust Company, has anticipated payments; the Borough Bank and the Morse Bank have reopened, and the Brooklyn Bank and the International Trust Company have reorganized.

SALVATION ARMY SHUT OUT.

Pittsburgh Authorities Revoke Its Permit and Notify It to Stop Work in That City.

[BY DIRECT WIRE TO THE TIMES.]

PITTSBURGH (Pa.) June 30.—[Exclusive Dispatch.] The American Salvation Army was today notified to stop work in Pittsburgh. The permit was taken away and the officers of the army were told that if they attempted to continue work here they would be arrested.

The police declare that, while members of the army collect large sums of money, they can give no satisfactory account as to what becomes of it.

The matter was brought to a climax, however, over the case of Mary Milburn, 16 years old, who collected among the downtown saloons even until late at night. The police warned her to stop, but she refused, declaring that she collected from $6 to $8 a day, and her commission was 25 per cent.

Chicago Firm Pleads Guilty to Accepting Favors from Railroad and $10,000 Fine Is Recommended.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 30.—[Exclusive Dispatch.] A. Booth & Co. pleaded guilty in United States Judge Landis's court today to an indictment charging them with accepting concessions from the Lehigh Valley and Nickel Plate railroads.

United States Dist.-Atty. Sims recommended a fine of $10,000. Judge Landis will give his decision later.

The indictment was returned a year ago, and contained several counts, of which all but one were dropped when the company pleaded guilty.

The shipments upon which the company is alleged to have accepted concessions were made to the East via the Lehigh Valley and Nickel Plate roads. The company is alleged to have received $469 in concessions from the railroad companies.

GREAT BRITISH FLEET GATHERS.

TO PRACTICE REPELLING ATTACK ON EASTERN COAST.

Admiral Beresford Commands 301 War Vessels Mobilized in North Sea for Maneuvers—Idea of Hostility Toward Germany Repudiated but Operations Significant.

[ASSOCIATED PRESS DAY REPORT.]

LONDON, June 30.—The mobilization of all British warships in home waters available for immediate service was completed today for the annual naval maneuvers and Admiral Lord Charles Beresford finds himself in supreme command of a total of not less than 301 ships, with an aggregate complement of 68,000 officers and men.

With the exception of the coast guards all these men are on the active list of the navy.

The newspapers, while they proclaim that the array of such a force in the North Sea is in no manner connected with Germany, do incidentally compare this, the greatest fleet ever assembled, with the fleet of vessels with which Germany recently carried out her North Sea maneuvers.

Officially all thought of reproducing the sea operations that might be expected in the event of difficulties with Germany is repudiated, but from the general character of the instructions issued it appears that Admiral Beresford, with the channel fleet and the first cruiser squadron based at Aalbek Bay at the extreme north of Denmark, is to enact the part of the enemy and essay a descent on the eastern coast of Great Britain, which Admiral Bridgeman, commander-in-chief of the home fleet with its base in the Firth of Forth, has to defend.

Judge Scores Body for Law-Breaking.

Defendants Have Been Jailed Before.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 30.—[Exclusive Dispatch.] "It is rather hard for me to understand," declared Judge Carpenter today, in finding three men guilty, "why it is that union men violate the writs of the courts, the guaranty of their liberties."

John J. Brittain, George H. Lakey and Charles G. Grassel, of the United Brotherhood of Carpenters and Joiners of America, were adjudged guilty of violating an injunction issued in behalf of the Mears-Slayton Lumber Company.

Each was sentenced to thirty days in the County Jail.

The sentence is the second that has been passed on the defendants, the court having found them guilty May 29 and inflicted a similar punishment.

FEAR STRIKE WILL FAIL.

Railroad Men Can Quickly Fill Places of Freight Handlers Who Are Throwing Away Best Jobs.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 30.—[Exclusive Dispatch.] The managers of the Chicago railroads are in the peculiar position of being afraid that there will not be a strike.

The threatened strike of the freight handlers worries the general managers only by reason of their hope that it will take place.

All of the railroads have already engaged men to fill every freight handler's position and the highest wages paid will be $1.75. The present scale is between $2 and $2.15.

The managers say that they did not reduce the wages of the freight handlers when hard times came on, but that they should have been reduced. The handlers are getting the highest wages in the history of the union, and if they strike it is claimed it will give the railroads an opportunity to save money.

In response to their call, thousands of men were offered for the work by the labor employment bureaus. These men were glad to work for $1.75 a day.

MANY JUNE BRIDES.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 30.—[Exclusive Dispatch.] More than 2000 licenses have been issued for the marriage of June brides. The 3000 mark was passed shortly after noon today.

BOY MAY LOSE EYES.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 30.—[Exclusive Dispatch.] Orpha Merrill, 13 years old, living with his widowed mother, Mrs. Orpha Merrill, No. 4009 Prairie avenue, may lose his eyesight as the result of the explosion of a cannon cracker, which he was holding in his hand today.

PEACHES TO CAN.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 30.—[Exclusive Dispatch.] The thrifty housewife will begin at once to can her peaches if she heeds the advice of the South Water-street merchants, who declare that the fruit which is now arriving from Texas, Alabama and Georgia is the finest and most reasonable in price that will reach Chicago this season.

PROFESSIONAL ESCORTS.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 30.—[Exclusive Dispatch.] Professional women escorts to conduct women and children to and from performances of "A Stubborn Cinderella," is the novelty which Manager Singer has just installed at the Princess Theater. Half a dozen women have been engaged by the management to act as official chaperones for those who are unable to attend the playhouse for lack of escort.

GUNNING FOR AUTOISTS.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 30.—[Exclusive Dispatch.] Justice Allen of Kenilworth today urged the advisability of the village's buying a Gatlin gun to suppress automobile scorching in the event that the other remedies proved to be valueless. This was included in advice given, after he had fined Walter Langkau, a chauffeur, $100 and costs today for driving his machine at the rate of twenty-three miles an hour.

BACK TO WAGONS.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 30.—[Exclusive Dispatch.] After an absence of two years from the streets of Chicago, wagons will be used to transfer mail between the main postoffice and the various railway stations, beginning tomorrow. After using the pneumatic tubes for twenty-four months the postoffice will go back to the use of wagons despite the protest of business men.

TAFT'S NIECE AUTOIST.

[BY DIRECT WIRE TO THE TIMES.]

COLUMBUS (O.) June 30.—[Exclusive Dispatch.] An application was received today from Miss Louise Taft, niece of the Secretary of War and Republican candidate for President, for a chauffeur's license. A reply was sent stating that a license was unnecessary as her father is the owner of an automobile.

RICH INDIANS.

[BY DIRECT WIRE TO THE TIMES.]

ASHLAND (Wis.) June 30.—[Exclusive Dispatch.] For the first time in the history of the Chippewa Indians of Northern Wisconsin they have a million dollars on deposit in the banks of Ashland, Hudson, Duluth and Bayfield. In addition the redmen have claims against the government aggregating $300,000.

DUBUQUE GETS READY.

[BY DIRECT WIRE TO THE TIMES.]

NEWS OF THE PACIFIC SLOPE

OUTWITTED.

MINORITY IS BEATEN AGAIN.

Oceanic Steamship Company Defaults Second Time.

Majority Interest Agrees to Prevent Action.

John D. Spreckels Said to Have Planned Scheme.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, June 30.—[Exclusive Dispatch.] John D. Spreckels, brother of Reformer Rudolph, whom President Roosevelt pats on the back in a letter, has just engineered a shrewd scheme, by which a large minority interest in the Oceanic Steamship Company is prevented from bringing foreclosure proceedings, although they are cheated out of the semi-annual interest on bonds.

Spreckels and a few rich friends own a trifle more than half of the $2,450,000 bonds. There is already a default of the first six months' interest, and today it was found that a second default will be made tomorrow of the $60,000 interest due on July 1.

The company made an agreement that they should have until July 1 to pay the first default, but foreclosure suits can't be brought by any of the minority bondholders, as Spreckels and his friends have signed an agreement not to permit any foreclosure for six months.

FALLS FROM HOTEL WINDOW.

John Lindstrom, One of Most Prominent Shipbuilders on the Pacific Coast, Meets Accidental Death.

[ASSOCIATED PRESS DAY REPORT.]

SALEM (Or.) June 30.—John Lindstrom of Hoquiam, Wash., former Mayor of Aberdeen, Wash., and one of the most prominent ship builders on the Pacific Coast, was accidentally killed early today by falling from the window of his apartment on the fourth floor of the Hotel Willamette.

At first it was believed that he had committed suicide, but an investigation indicates that Mr. Lindstrom was seized with an attack of nausea, and went to the window for fresh air.

From telegrams found in Lindstrom's pockets, it was believed that he had been the victim of a blackmail plot, and this fact added to the weight of the original opinion that he had committed suicide. A telegram from the Rendixen Shipbuilding Company, Eureka, Cal., reads:

"One week's notice received. Will call meeting July 6 if this message is not intercepted."

Lindstrom also had a check for $700 on the San Francisco National Bank. Rendixen is a prominent shipbuilder, having yards at Eureka, Cal., and Aberdeen, Wash.

Mr. Lindstrom arrived in Salem last night with J. B. Peterson, a capitalist of Portland, with whom he rode to Salem in an automobile. He was planning with Peterson to build a large ship at Eureka, Cal., and expected to leave for that place on Thursday of this week, to complete arrangements for the construction of the vessel.

JAPANESE DISSATISFIED.

WILL HAVE PRIVATE SCHOOLS.

[ASSOCIATED PRESS DAY REPORT.]

SEATTLE, June 30.—Seattle Japanese have decided to withdraw their children from the public schools, because, as was alleged at a meeting of the Japanese Association of the State of Washington, held last night, the education given is not satisfactory to them.

Japanese schools and Japanese instructors will be substituted for American schools and American instructors, and the Japanese interested diplomatically say this is done to avoid a possible repetition of the San Francisco trouble. This action was taken at the suggestion of Japanese Consul T. Tanaki.

To carry into effect the purpose of the opposition to provide adequate school facilities for the Japanese children a committee of twenty was appointed by the president, C. G. Takahashi, to solicit funds, and as soon as the money is available a school room will be fitted up and instructors engaged.

ARCHIBALD POSSIBLY FOUND.

Indian Runner Reaches Fresno and Tells of Sick White Man in Paradise Valley.

[ASSOCIATED PRESS DAY REPORT.]

FRESNO, June 30.—From word brought by an Indian runner, it appears there is a possibility that Kenneth Archibald, the college student who has been lost in the high Sierras for several days, has wandered in a half-starved condition to Paradise Valley, and is being cared for by an Indian woman in that almost deserted place.

The runner arrived from the Paradise Valley country last night, and told of a white man having wandered into the camp of the Indian, and being very weak and too ill to talk.

The Indian is one of the runners who went out with a searching party several days ago. He left the party to make a side trip of investigation. He can speak English but brokenly, and a party will start today to investigate his story.

ESPEE AGAIN INDICTED.

Grand Jury Charges Company With Granting Rebates on Boston Wool Shipments.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, June 30.—Two additional indictments were returned today by the Federal grand jury against the Southern Pacific Railroad Company on charges of having granted rebates to Miller & Lux on wool shipments from Button Willow, Merced county, and Gilroy via Stockton, to Boston.

This completed the work of the jury, which has been in session since April 13. It is alleged that in August, 1906, Miller & Lux had returned to them substantial differentials from the regular freight rates and that other shippers were not so favored.

COL. GREENE OFF TO ORIENT.

DISCUSSES BANDIT OUTBREAK.

[ASSOCIATED PRESS DAY REPORT.]

SAN FRANCISCO June 30.—Col. William C. Greene, the copper king of Cananea, Mex., accompanied by his daughter and a party of friends, sailed for the Orient on the Mongolia today. The party is making a tour of the world.

"The recent bandit outbreak on the Mexican border," said Col. Greene, "was at Bisbee, a little town of about 30 people in the chaparral brush country, isolated, and six miles down the river from Del Rio, on the American side of the Rio Grande. The place has been for years a rendezvous for smugglers, bandits, thieves and outlaws.

"Most of the trouble, however, has been started from the American side, from the headquarters of the junta at San Antonio and Los Angeles. This junta issues a small paper, and appeals to the malcontents in Mexico, who are opposed to the Diaz rule. Flores Moran is one of the leaders. He is now in jail in Los Angeles, resisting extradition. I had him indicted at St. Louis two years ago for criminal libel at the time of the Cananea riots."

GRAPE GROWERS TO MEET.

State Officials and Traffic Men to Aid Vineyardists in Solving Shipping Problem.

[BY DIRECT WIRE TO THE TIMES.]

STOCKTON, June 30.—[Exclusive Dispatch.] The most important meeting ever held by the grape growers of Lodi will take place Friday evening, when several State officials and traffic men will address the vineyardists.

The growers think the best results have not been obtained on shipments, and viticulturalists hope to overcome some of the drawbacks this season. The speakers are experts, and believe they can point the way to better results.

Among the speakers will be Prof. Steubenrauch, United States Department of Agriculture; ex-Lieut.-Gov. Alden Anderson, manager of the California Fruit Distributors; Manager W. Walker of the California Fruit Exchange; J. W. Jeffreys, State Commissioner of Horticulture, and J. M. Eddy of the Stockton Chamber of Commerce.

A banquet will follow the addresses, and much interest is being taken in the gathering.

SHERIFF GETS CLUE.

Body Found in Old Well Near Tracy May Have Been Colorado Man.

[BY DIRECT WIRE TO THE TIMES.]

STOCKTON, June 30.—[Exclusive Dispatch.] Sheriff W. F. Sibley has a letter from C. E. Smith of Santa Rosa, who thinks the body of a man found last week in an abandoned well near Tracy was that of a man who disappeared from Grand Junction, Colo., last May and has never been heard of. Smith says the missing man was the father-in-law of Harry Cannon of Grand Junction, and came West with $6000 of his money to invest in a fruit farm near Santa Rosa. Cannon preceded his relatives and the two were to have met in Stockton, but the father-in-law failed to keep the appointment, and Smith thinks he was either robbed and murdered or became mentally unbalanced.

THEIR CARGOES VALUABLE.

Steamers Have Brought More Than $5,000,000 in Gold from Alaska During Past Two Weeks.

[BY DIRECT WIRE TO THE TIMES.]

SEATTLE (Wash.) June 30.—[Exclusive Dispatch.] More than $5,000,000 has been brought to Seattle on steamships from Alaska within the last two weeks.

The City of Seattle on June 15 brought $2,000,000 worth of dust, on June 27 $1,000,000 was brought in by the Jefferson, the Victoria brought in $650,000 worth of Nome gold on June 28, the steamship Spokane brought in a million and a half yesterday and the Humboldt, which arrived this morning, carried $20,000. The Nome fleet is expected to bring in something like $2,000,000 more within the next three days.

The indications are that the output of yellow metal will exceed anything in the history of the North.

Rhode Island Leaves Bremerton.

SEATTLE, June 30.—With the sailing of the battleship Rhode Island from the Puget Sound navy yard at Bremerton, the last unit of the Atlantic fleet has gone south to join the warships which will leave San Francisco next month for a cruise around the world. Seven of the big battleships were put in dry dock and underwent repairs here.

SLOPE BRIEFS.

Chinese Oppose Sanitation.

SAN JOSE, June 30.—All the leading merchants of the local Chinatown today petitioned the Superior Court for an order restraining the Heinlen company, who owns the property, from carrying out the orders of the sanitary board, in pursuance of which the company is tearing down many buildings in order to perfect the sanitary conditions. The court as yet has taken no action.

Fruit Crop Is Record-Breaker.

SAN FRANCISCO, June 30.—Concerning crop conditions in the State the California Promotion Commitee bulletin says: "The ripening of all fruits has borne out the advance statement of the committee, and reports from all sources show that this will be the heaviest fruit year ever recorded. Already there is promise of double the number of cars of deciduous fruits for export shipment this year over 1907.

Heroic Firemen Near Death.

SAN FRANCISCO, June 30.—Rushing bravely into a burning Mission-street restaurant early today in an effort to rescue the proprietor, who was imperiling his life by trying to secure the contents of the cash drawer, Lieut. James Dolan and Fireman Joseph O'Brien of Engine Co. 10 were so badly burned and so nearly overcome by smoke that they were rescued with difficulty by their comrades. Davis, the proprietor, made his escape through a rear window.

GRAFT PROSECUTION.

COURT RULES FOR RUEF

Takes Bail Matter Out of Judge Dunne's Hands.

Seawell Will Pass Upon Sureties Offered.

Decision Disqualifying Abe's Relatives Questioned.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, June 30.—The District Court of Appeals this afternoon referred to Superior Judge James M. Seawell the matter of passing upon sureties and bonds offered by Abe Ruef in his effort to secure his release on bail of $750,000. By the decision in the habeas corpus proceedings the court took the matter of bail out of the hands of Judge Dunne, before whom it was pending.

The court questions the rulings of Judge Dunne in refusing to accept the sureties who could not qualify with San Francisco real estate, and also the decision that relatives of Ruef, particularly his father and sister, could not qualify.

It is ordered that the matter be referred to Judge Seawell to hear testimony as to the qualifications of sureties; to approve the bonds if sufficient sureties are produced; and upon sufficient sureties being produced and the bonds approved in the amounts fixed, that Ruef be discharged from custody.

The decision holds it is the duty of a judge to follow the law in the matter of sureties, regardless of his personal opinions; that relatives may act as sureties, and that ownership of real estate is not the sole qualification for a bondsman, other security being acceptable.

Justice Cooper wrote the opinion, and Justices Hall and Kerrigan concurred.

POLITICAL.

YOUNGSTOWN SEEKS HONOR.

Wants to Have Opening of Republican Campaign.

Taft Consulted and Found to Be Agreeable.

District Has Record for Such Proceedings.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, June 30.—[Exclusive Dispatch.] Unless the plan is vetoed by the National Committee, the campaign of the Republican party will be opened at Youngstown, O.

Secretary Taft has agreed that the fight shall be begun at that place and it is probable that his wishes will be respected.

Representative James Kennedy of Youngstown was here today to confer with Mr. Taft and gain his consent to the selection of Youngstown as the place where the opening gun is to be fired. Mr. Taft expressed his willingness that this should be done, and Kennedy will return to the scene of the first skirmish.

The Eighteenth Congressional District of Ohio has a record in this respect. In 1880 Conkling opened Garfield's campaign at Warren, only thirteen miles from Youngstown. The McKinley campaign in 1896 was opened at Youngstown, and four years later it was opened at Canton.

One of the Harrison campaigns was opened at Akron, which is in the adjoining Congressional district. Youngstown is well located for a big political meeting. It is a great railroad center, easy of access and capable of accommodating a big crowd.

The Secretary himself will not address the meeting, which it is expected will be held there about September 1, but other speakers of national reputation will be secured, and every effort will be made to make the event a conspicuous one.

NO POLITICS.

SECRETARY TAFT HAS BUSY DAY.

WORKS HARD WINDING UP HIS OFFICIAL BUSINESS.

Refuses to Give Any Time to Politics, but Makes Exception When Congressman Burton of Ohio Calls, and Holds Extended Conference With Him.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, June 30.—"I'm in process of sloughing off my official robes."

This was the laconic description of his condition given by Secretary William H. Taft this evening as he sat at his big flat topped desk in his private office at the War Department.

He had been working like an East Indian slave during the day in the disposition of more or less important departmental business. He gave notice early in the day that he did not propose to discuss politics in the last hours of his administration as Secretary of War, because of the enormous amount of routine matter which he necessarily had on hand. Throughout the day he was in consultation with Gov. Wright, who is to be his successor as executive head of the War Department, and with bureau chiefs of the department.

The only real political conference he had during the day was with Representative Theodore E. Burton, of Cleveland. The conference was prolonged. Mr. Burton discussed with the Secretary the details of the convention and the practical situation as it has developed since the convention adjourned. They devoted particular attention to the political conditions in Ohio, Mr. Taft's native State, concerning which he is especially solicitous. At the conclusion of the conference, Mr. Burtan said a number of questions were considered by Mr. Taft and himself concerning which he could not talk. Mr. Burton continued:

"Mr. Vorys, who has been mentioned in connection with the national chairmanship of the National Committee, will be identified probably with the approaching national campaign in an important capacity, but as the situation is today he will not be the chairman of the committee. I have no information at this time on the national chairmanship question beyond that. I am quite certain, however, that all of the wrinkles which now seem to exist will be smoothed out in a few days."

Commenting upon his interview with Mr. Burton, Secretary Taft said diplomatically:

"We considered the state of the whole Union, but a little political touch was given to the interview I will admit."

It developed with the talk with Secretary Taft that Mr. Burton may go to the Hot Springs about the time Secretary Taft and his family arrive there. The Secretary said he and Mrs. Taft and their son, Charles, would leave Washington next Friday afternoon for Hot Springs, Va. He also announced that he had sent out notices today to the members of the subcommittee of the National Committee requesting them to meet him in Hot Springs, Va., on July 8—one week from tomorrow—to determine the matter of the Republican national chairmanship.

Concerning the chairmanship, the Secretary said that he was absolutely without information that he could communicate to the public. Apparently it is as much in the air as it has been since the meeting of the subcommittee in Cincinati on the 20th inst.

Mr. Taft said that he expected to have a talk with Arthur I. Vorys tomorrow, but that he did not expect to see F. H. Hitchcock until Thursday. He understands that Mr. Hitchcock intends to leave the city this evening not to return until Thursday.

A question which gave the Secretary some thought today was that relating to the ordering of United States troops to the Mexican border to insure preservation of the neutrality laws. He explained that two troops of cavalry from Fort Clark and two other troops from the maneuver camp at Leon Springs had been ordered to Del Rio, Tex., a few miles below Eagle Pass. He expressed the hope that their services might not be needed in a serious way.

AT LINCOLN.

BRYAN HAS NO WORRIES.

PERFECTLY RECONCILED TO THE PROSPECT OF DEFEAT.

Is Rich Now and Realizes That Another Campaign Insures Him an Enormous Income for Life—Receives Delegate of Plumber's and Gasfitters' Union.

BY HARRY C. CARR.

[BY DIRECT WIRE TO THE TIMES.]

LINCOLN (Neb.) June 30.—[Exclusive Dispatch.] I made my last call on the Peerless One this morning before leaving for Denver. After yesterday's avalanche of visitors he was having a quiet day. He seemed absolutely unruffled and full of cheer.

Either Bryan feels sure is going to be elected or is sure he isn't, for he doesn't seem to worry in the least.

When I saw him this morning he was showing the view to a little, bobbing, excited French newspaper writer. The Frenchman was trying to wind himself into a four-in-hand necktie, to show his appreciation of the courtesy. Bryan's eyes looked as though he had been at work late the night before. He was perfectly calm and at ease. Bryan's friends in Lincoln say that he shows no such concern as during the former compaigns. They think that he is perfectly reconciled to being beaten. He believes that his fame would be forever established. He is a rich man, and another national campaign will practically assure him a big income for life through the revival of the Bryan vogue.

Lincoln people say that he suffered most from his second defeat, which he imagined had ruined him forever; by this time he probably realizes that he never can be President and will be content with being a lasting national figure. Being a millionaire martyr looks pretty good to the orator of the Platte.

Among his callers this morning was Walter Wellman, the famous Washington correspondent, who predicts that Hearst is about to knife Bryan. Another was J. M. Abbott, the official press agent of the Bryan boom. Easily the most distinguished one was John M. Love, the illustrious general organizer of the Plumbers' and Gas Fitters' Union.

Before any one asked him, Mr. Love, who realizes that the movements of the great should be dwelt upon, addressed the correspondents and remarked out of the starboard corner of his face. "My visit here's o' no special significance in the platform's right. The union's going to vote for Bryan. I'm here merely to pass my respecis."

One of the Indiana delegation also called:

"I love Kern," he said soulfully, "but I'm not for him for Vice-President. "We've already got all the Democratic votes in Indiana, we should strengthen the ticket by a Vice-Presidential nominee from some other State."

DISCUSSES SECOND PLACE.

FAVORS M'NEIL.

[ASSOCIATED PRESS DAY REPORT.]

NEW HAVEN (Ct.) June 30.—On the eve of his departure for the West as delegate to the convention at Denver, Alexander Troup, one of Mr. Bryan's closest friends in the East, today made a statement concerning the part Connecticut and New England will play at the convention. He said:

"New England will have two candidates for the Vice-Presidential nomination—former Gov. Douglas of Massachusetts and Archibald McNeil of Bridgeport, this State. The Connecticut delegation will be united for McNeil.

"My position is that the Vice-Presidential nominee should be a man who can be of most service to Mr. Bryan, and Mr. McNeil is one of the men of means who was loyal to the ticket in 1896. Mr. McNeil has had assurances of support from representative men in the New England States. His business interests outside of Connecticut are largely in Pennsylvania, New Jersey and New York, and many of his business acquaintances in those States have assured him of support in his ambitions. Assurances also come from friends of Lieut.-Gov. Chanler that if Mr. Chanler should drop out much influence would be diverted to Mr. McNeil.

"On the Presidential question, my poll of the New England States is as follows:

"Massachusetts—Bryan, 32.

"Rhode Island—Bryan, 4; Johnson, 2; non-committal, 2.

"Vermont—Bryan, 8.

"Maine—Bryan, 4; Johnson, 4.

"Connecticut—Bryan, 10; Johnson, 2; noncommittal, 2."

CLAYTON OFF FOR DENVER.

AT SEA ABOUT CHAIRMAN.

[ASSOCIATED PRESS DAY REPORT.]

MONTGOMERY (Ala.) June 30.—Henry D. Clayton, said to have been selected by William J. Bryan as permanent chairman of the Denver convention, departed from Montgomery last night for Birmingham, thence he will leave for Lincoln on his way to Denver.

Mr. Clayton declared that he had no information about the chairmanship of the convention.

"Beyond the information in the press dispatches," he said, "that Mr. Bell has been named for temporary chairman, and myself for permanent chairman, I know nothing. I have not received anything about the matter. The fact is, the men selected for chairmen will hardly know of it until they reach Denver."

HAS STATEHOOD PLANK.

ARIZONAN TO LEAD FIGHT.

[ASSOCIATED PRESS NIGHT REPORT.]

NOGALES (Ariz.) June 30.—B. A. Packard of this city, head of the Arizona delegation to the Democratic National Convention at Denver, announced today that he will introduce a resolution favoring Statehood, as follows:

"We recognize that Arizona and New Mexico each possess ample population, wealth and intelligence to maintain and successfully carry on State government; therefore, we urge that the bills now pending in Congress to enable them separately to form State governments be immediately enacted into law."

The Arizona delegation will also favor strong planks in the platform approving of government continuation of reclamation projects for the arid districts of the West, and also the policy of the government in protecting western forests, so that water supply may be conserved.

Kern to Visit Bryan.

INDIANAPOLIS, June 30.—John W. Kern, whose name has been mentioned in connection with the Vice-Presidential nomination on the Democratic ticket, accompanied by Stokes Jackson of Greenfield, chairman of the State Committee, and John E. Lamb and Claude Bowers of Terre Haute, left today for Denver. They will stop at Lincoln to see Mr. Bryan. The subject of the presentation of Mr. Kern's name to the national convention will be discussed.

POLITICAL BRIEFS.

Fernald Is Nominated.

BANGOR (Me.) June 30.—Bert M. Fernald of Portland was nominated for Governor by acclamation at the Republican State convention here today.

SHERMAN GOING HOME SOON.

Republican Candidate for Vice-President Has Almost Entirely Recovered Strength.

[ASSOCIATED PRESS NIGHT REPORT.]

CLEVELAND, June 30.—It has been definitely decided that Congressman Sherman, Republican candidate for Vice-President, who is recovering from a ten days' illness here, will leave for his home in Utica, N. Y., Thursday morning next. Mr. Sherman has almost entirely recovered his strength and expresses himself as feeling in good health again.

TAFT OUT OF A JOB.

Today for First Time in Twenty-two Years He Ceases Work for Short Time.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, June 30.—[Exclusive Dispatch.] When Mr. Taft retires tomorrow noon as Secretary, he will find himself off the pay roll for the first time in twenty-two years.

During that period he has held eight different appointive offices. He was never elected to any office.

His first work was that of court reporter on the old Cincinnati Commercial Gazette. Then he became reporter on the Cincinnati Times, which is now the Times-Star, owned by his brother.

He was appointed assistant prosecuting attorney of Hamilton county, Ohio. He was then appointed assistant county solicitor. He was then appointed judge of the Supreme Court by Gov. Foraker. His next position was Solicitor-General of the United States.

He was next appointed Governor-General of the Philippines, the first civil Governor. Afterwards he was appointed a member of the Philippines Commission and became the head of the commission, which he resigned to become Secretary of War.

MAY BE BRYAN'S RUNNING MATE.

Judge George Gray

of Delaware, who can have nomination for Vice-Presidency on Democratic ticket if he wants it.

GRAY CAN HAVE JOB.

(Continued From First Page.)

statement of the sentiment on the Pacific Coast against the proposed anti-injunction plank, and the announcement in the East that Martin W. Littleton of New York will come here to make a fight against the insertion of such a plank in the platform, easily makes this question the most important under discussion. New England is said to be opposed to the plank and New Jersey and Pennsylvania also are accredited with pronounced antagonism to such a resolution.

If the New York delegation and the Pacific Coast delegations should take a determined stand against it, the fight would assume formidable proportions. It is not believed here that the opposition of Sullivan of Illinois and Taggart of Indiana means that the entire delegations from these States would oppose Mr. Bryan's wishes. Most of the Central and Western and Southern States, it is said, will be lined up to support whatever programme Bryan's friends present.

The question of tickets continues to divide the members of the Committee on Convention Arrangements and the committee of Denver citizens which is looking after the Denver end of the convention. As is usually the case, the local people would like to receive a greater number of tickets than the committee feels that it can spare.

The hospital here will be patterned after the temporary hospital at the Chicago Coliseum. The contracts for equipment and supplies and the matter of securing the attendance of competent physicians and nurses will be disposed of tomorrow.

THE POLITICAL WATCH TOWER

Russ Avery was selected last night as the candidate of the Lincoln-Roosevelt League for the Assembly from the Seventy-second Assembly District. The district league nominated Avery, according to his own statement, as a last resort. The place was offered to a dozen other Republicans, and all declined the doubtful honor of representing the league in the August primaries.

The Seventy-second District League met in a small lodge hall on West Pico street; the representation was about one for each 300 electors in the district. The enthusiasm which prevailed was of the consistency of a wet blanket.

R. D. Wade placed Avery in nomination, with a regulation calamity speech, which began by explaining "what caused Rome to fall," and ended by declaring that if California goes on for the next twenty-five years as it has during the last twenty-five we will all end in the freight yards of the Southern Pacific Company or be swept off the map by a deluge.

In accepting the nomination, Avery said that he cares less for the doubtful honor of representing the district in the Senate than he cares for the perfume of the carnation which he wears on his coat front. He doesn't consider it an honor to go to the State Legislature, but he is willing to endure the pain and the torture in order to prevent the deluge. Avery predicts victory for the Lincoln-Roosevelt League, or domination of the State politics by the Democrats; he believes that the regular Republican party is doomed.

Avery's selection as the league candidate appears to come in the nature of a compromise. In the beginning it was intended that Lee C. Gates should receive the league indorsement, but during the last week the Lincoln-Roosevelt slate has been shifted so that Avery is to make the fight for the Assembly, and Gates is expected to go into the ring against McLachlan for Congress.

About all those present last evening are precinct committeemen, or hold some other Campaign Committee office under the Lincoln-Roosevelt machine. Plainly the workers of the league have not yet recovered from the effects of the walloping they received from the regular Republicans at Sacramento.

Avery expects to make the race against Assemblyman Fred Pierce, who will probably be a candidate for reelection. The members of the league discussed whether they should indorse Gates for Congress, but took no official action. As Gates lives in the Seventy-second Assembly District, it is now assured that he will not attempt to become a part of the next State Legislature; he is bound by promises to Avery.

The dollar-a-plate dinner to the Southern California delegates to the National Democratic Convention at Denver brought out a sprinkling of the Old Guard of the Democracy last night. About fifty Democrats met about the banquet board at the Democratic Club to speed the parting delegates.

Isidore Dockweiler created a mild sensation by reading a communication from Gavin McNab to the effect that he has retired from all active participation in Democratic politics, leaving the field open to Boss T'dore and his followers.

That breakers are ahead for the new boss was evidenced when the San Diego delegation announced that the Eighth Congress District is solid for Nathan Cole for national committeeman. Bell has said that Cole will not do.

Milton Young declared that the delegates are especially interested in the platform; he thinks that the Democracy can win if it can get from the national convention a platform wide enough for all to stand on. He hopes to see the forces spread over the whole platform this time in place of all huddling together on a single plank.

From the sentiments expressed at the banquet, it would appear that McNab in retirement is more popular with the local Democracy than Bell in action. The members of the Democratic League were conspicuous chiefly by their absence. It seems that Bell came down from the North to pour oil on the troubled Democratic waters, and finished by carelessly setting the oil on fire. The gulf between the local factions is wider than it was before the harmonizing commenced.

The national delegates will leave for the North tonight on their way to Denver. Young carries in his grip a couple of planks, said to have been prepared by Joseph H. Call.

THE WATCHMAN.

POPE HAS THE GOUT.

ROME (Italy) June 30.—[Exclusive Dispatch.] The Pope is suffering from an attack of gout, due to the summer heat. Dr. Petacci says the disease has a tendency to become chronic, as the only cure for it is to take a course of mineral baths, which is impossible in the Vatican, or to adopt a strict diet, which the Pope refuses to follow.

FRENCH SEEKING WRIGHT AIRSHIP.

BROTHERS OFFERED $100,000 FOR THEIR PATENTS.

Aeroplane, With Two Persons on Board, Must Fly Thirty-one Miles in Enclosed Circuit and Repeat Performance Within Eight Days in Presence of Committee.

[ASSOCIATED PRESS NIGHT REPORT.]

PARIS, June 30.—The Journal des Debates this afternoon says the Wright Brothers, of Dayton, Ohio, have signed a contract with Lazre Weiller, who is acting for a syndicate which offers the Wrights $100,000 for their patents, provided, first, that their aeroplane, with two persons on board, flies thirty-one miles in an enclosed circuit; and second, that it repeats this performance within eight days in the presence of a committee.

If another aeroplanist accomplishes this same feat within four months of the time that the Wrights make their successful flight, the contract is void.

ASCENSION IS SENSATIONAL.

Balloon in Sight Only Three Minutes After Leaving Earth at North Adams, Mass.

[ASSOCIATED PRESS NIGHT REPORT.]

NORTH ADAMS (Mass.) June 30.—A sensational balloon ascension was made here today, when A. W. Borse and W. R. Kimball, members of the New York Aëro Club, with N. H. Arnold of this city as pilot, made a flight in the balloon North Adams No. 1. A strong westerly wind was blowing and the balloon was buffeted before the aëronauts could make a good rise.

After leaving the earth the balloon was in sight only three minutes, disappearing over the mountains to the east of the city, heading in the direction of Greenfield.

It was believed here weather conditions were propitious for a long flight.

DE LA GRANGE SETS DATE.

TO VISIT AMERICA IN AUGUST.

[ASSOCIATED PRESS DAY REPORT.]

NEW YORK, June 30.—Leon de la Grange, the famous French aëronaut, whose long-distance aëroplane flights have attracted world-wide attention during the last few weeks, will come to American about August 20.

A cablegram has been received from M. De la Grange by A. C. Triaca, who is making arrangements for the visit of the French aëronaut on behalf of the recently-organized Aëronautic Society, and stated that he would come about that time, and would be willing to give exhibition flights for three days near New York. He stated he was sending details by letter, and as soon as these arrive the final preparations will be concluded.

It is more than probable that a series of international flying contests will be held between De la Grange and G. H. Curtiss of Hammondsport, N. Y., owner of the "June Bug." Mr. Curtiss has informed Mr. Triaca that he will be perfectly willing to meet the Frenchman in such contests.

The Wright brothers have also been asked to meet De la Grange.

TO COMPETE FOR AERO CUP.

WILL MAKE OFFICIAL FLIGHT.

[ASSOCIATED PRESS DAY REPORT.]

NEW YORK, June 30.—Arrangements were completed here last night for what is said will be the first public officially tested flight ever made in America, for a prize offered for the successful navigation of air by a heavier-than-air machine.

The test will be made next Saturday at Hammondsport, N. Y., by Glenn H. Curtiss in his new machine, the "June Bug," which made its notable flight of nearly 1400 yards last Saturday. It was the success of this flight that led Mr. Curtiss, a member of the Aëronautic Experiment Society, to challenge for the Scientific American Cup offered last year for competition for all types of heavier-than-air machines.

A meeting of the governors of the Aëro Club and members of the Contest Committee was held at which Mr. Curtiss was present. The conditions stipulated that the first flight be a distance of one kilometer—about 1320 feet—in a straight line. This was altered so that at the wish of the operator the distance may be covered in a curved line, which is really much more difficult.

Mr. Curtiss's flight last week was slightly over the required kilometer distance, it having been 3420 feet. He expressed confidence last night that he could win the cup.

WOMAN SAVES TOWN FROM FIRE BY HARD RIDE.

Firemen of Adjoining Town Cannot Respond to Appeal for Assistance, So She Volunteers to Deliver Apparatus—Arrives on Scene When Hope Is Almost Dead.

[BY DIRECT WIRE TO THE TIMES.]

MULLICA HILL (N. J.) June 30.—[Exclusive Dispatch.] Paul Revere had no more exciting race than that of Mrs. William Ewan yesterday when she saved the town of Ewan from flames when a fire, started by the three-year-old son of Elwood Kier, had burned his father's barn and Rachor's large icehouse, and was fast eating its way to the schoolhouse on one side and the hotel on the other. A telephone message was sent to Mullica Hill asking for aid. There was not a man about the firehouse who could leave, and Mrs. Ewan volunteered to take the extinguishers to the town that bears her name.

With her horse in a foam, Mrs. Ewan rode in when hopes of getting the fire under control were fast diminishing.

The fire was soon under control. Mrs. Ewan modestly received the praises from everybody, as it is believed that the town was saved by her heroic ride.

SHIPMENTS BEGIN.

Phoenix Sends Her First Car of Cantaloupes Eastward—Two More Go Today.

[ASSOCIATED PRESS NIGHT REPORT.]

PHOENIX (Ariz.) June 30.—The first car of cantaloupes from the Phoenix Cantaloupe Growers' Association was billed East tonight. Two cars go tomorrow, and numbers thereafter will increase rapidly.

There are four associations in this valley, and others are starting almost simultaneously. Crops and fruit are in fine condition now, but there is general fear of the season's being greatly shortened by lack of water.

There is less irrigation water available than for four years, though, due to new Granite Reef diversion works, the growers get better service out of the meager water supply.

The beginning of storage next winter will assure the future, but present summer crops may suffer severely, though grain and much hay are already harvested.

EXPLOSION ACCIDENTAL.

Such Is Conclusion of San Francisco Police Concerning Diamond Street Disaster.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, June 30.—The mystery surrounding the explosion on Diamond street yesterday, which caused the death of five persons and the injury of four others, has not yet been solved.

The police favor the theory that the disaster was the result of an accident, while others believe a dastardly crime has been committed. Gov. Gillett has taken an interest in the matter, and today sent a letter to Chief of Police Biggy, asking for a detailed statement of all the circumstances connected with the explosion.

In response to Gov. Gillett's request Chief of Police Biggy has forwarded the report of Detective Fitzgerald, which says that the explosion was caused by gasoline or coal oil.

The report also contains the statement of Anton Jacobs, who says that he saw the fire burning several minutes before the explosion. Jacobs told Fitzgerald that he noticed the flames, and had started toward a fire box, when he heard the detonation and saw the flames shoot into the air.

Mrs. Mary Dissmeyer, who was seriously injured, died early today, making the fifth victim.

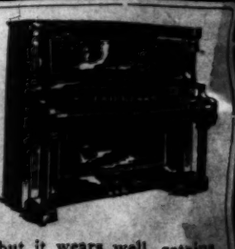
There is Music In Every Note



The Fairbanks Tone is a Musical Tone, a tone that pleases the listener, that attracts and holds the attention of those who are able to distinguish a real musical tone from the commonplace and ordinary tone to be found in so many pianos; and not only is the Fairbanks Tone pleasing at first, but it wears well, retains after years of usage that same sweet singing quality which is so much admired in a piano.

LIFE'S SEAMY SIDE.

BANDITS STEAL YOUNG WOMAN.

Demand Ransom of Five Thousand Dollars.

Posses Pursue and Finally Rescue Her.

One Is Captured, but Confederate Escapes.

[ASSOCIATED PRESS NIGHT REPORT.]

FRESNO, June 30.—Using the body of the girl he had kidnaped from her father's house as a shield for his own body, Cleve Rodgers held the posse that had run him down at bay for half an hour this afternoon before finally surrendering himself and the girl.

The girl, Edna Domengine, 16 years old, the daughter of a wealthy stockman and oil man of Coalinga, has been returned to her parents. She had just graduated from the Holy Cross college in Santa Cruz.

Waked from a sound sleep by the sound of firing of a dozen rifle shots in the yard of her ranch home in the foothills of the Coast Range, she stumbled out into the night to find herself staring into the muzzles of two threatening rifles held in the hands of a pair of desperadoes. Her father and mother had preceded her, and they stood with hands up. The whole scene was lighted by the glare of a burning barn, which the bandits had fired.

Clad only in her night dress, the young girl stood terrified, staring at the grotesque scene that met her eyes. As she watched, before she had time to realize what was happening, two of her father's ranch hands came running to the spot. Instantly one of the bandits ordered them to throw up their hands.

Toney Loveall, the leader of the pair of hold-up men, broke in on the maze of the party. In the name of his pal and himself he demanded $5000 from Domengine. Domengine declared there was no money in the house. Rodgers thereupon forced the young girl to guide him through her home, pointing out the places where the family kept their plate and other valuable. In vain the girl pleaded that "there was only 10 cents in my bureau drawer."

When the search revealed nothing the ruffians dragged the girl into the yard once more, and harnessing one of the rigs belonging to Domengine, bundled Edna and her father into the buggy and drove off into the night.

It was daybreak when Domengine, who had been released, after promising to produce the ransom, made his way to Coalinga and spread the alarm. Immediately several posses started, and at 4:30 this afternoon Rodgers was overtaken at Jacks Springs. He fired two shots, but seeing the armed oil men and officers swarming in, he gave up. He and the girl were brought to town in an automobile. A big crowd gathered, and would have lynched Rodgers had not Sheriff Chittenden pleaded with them not to take the law into their own hands.

Loveall managed to escape, and he is still being pursued.

Miss Domengine said the men offered no affront to her, and she said she was not greatly frightened, as she believed her father would quietly pay the ransom.

DEFENSE HAS NO FUNDS.

Counsel for Steve Adams Tells Court His Client Cannot Pay Expenses of Witnesses.

[ASSOCIATED PRESS NIGHT REPORT.]

GRAND JUNCTION (Colo.) June 30. A petition was presented today in the Steve Adams trial by counsel for the defense, asking the court to enter an order permitting the defense to subpoena witnesses in the case at the cost of the State, based on the plea that the defense was without money and unable to bear the burden of this cost.

The counsel stated that unless the State stood this expense the defense would be unable to produce the bulk of its witnesses.

The prosecution opposed the request and the court took it under consideration.

Blank subpoenaes have already been issued for the witnesses for the defense, but so far no record has been made of the number of witnesses, or their names.

When court adjourned today there were ten tentative jurors in the box, all subject to challenge for cause. The prosecution has exercised six of its sixteen peremptory challenges, and the defense four. Both sides expect to have the jury completed by tomorrow night.

POISON MYSTERY BAFFLING.

Police Hope to Find Clue Soon to Strange Murder of Philadelphia Physician.

[ASSOCIATED PRESS DAY REPORT.]

PHILADELPHIA, June 30.—The police hope to make an important move soon in the case of Dr. William H. Wilson, who died suddenly last Friday night after drinking a bottle of ale, and who is believed to have been poisoned.

Investigation by the Coroner resulted in an expressed opinion that Dr. Wilson was poisoned, and that he did not administer the poison himself.

The doctor was noted as a "good spender," and he had a summer home at Cornwells, a steam launch and an automobile.

The motive for the supposed murder is believed to be hidden in Dr. Wilson's medical practice. The theory of the police is that a male friend or relative of a woman who is believed to have died after receiving medical attention at the hands of Dr. Wilson sent the poisoned ale.

CASHIER ARRESTED.

CHARGED WITH LOOTING BANK.

[ASSOCIATED PRESS DAY REPORT.]

SALT LAKE CITY (Utah) June 30.—In the Federal court this morning United States Judge John Marshall received from the Federal grand jury a report containing an indictment against A. W. Nelson in connection with the alleged looting of the reserve vaults of the Utah National Bank.

Nelson is cashier of the Jordan State Bank, and was formally employed in the Utah National Bank, where his uncle, Joseph S. Nelson, was formerly cashier.

The elder Nelson tendered his resignation when President W. S. McCornick, after receiving the report of experts, issued a signed statement acknowledging the loss of $106,250 from the reserve chests of the Utah National Bank.

Immediately following the report of the grand jury, United States Marshal William Epry, bearing a warrant for the arrest of the indicted banker, left the city in an automobile for Bingham Junction. Nelson was at his office in the Jordan State Bank when the officer arrived, and upon learning of the action against him, volunteered to return with the marshal to the latter's office.

Arriving here this afternoon, Nelson was met by a number of his attorneys, who were on hand to offer their services in arranging for satisfactory bonds.

HAS HIGH CONFEDERATES.

Commission Men of East With High Ratings Said to Be Involved With James T. Mulhall.

[BY DIRECT WIRE TO THE TIMES.]

MILWAUKEE (Wis.) June 30.—[Exclusive Dispatch.] That some commission men rated high in the East will be involved in the dealings of James T. Mulhall, called "the King of Confidence Men," whose recent arrest at Los Angeles was brought about by Postal Inspector Ralph Bird, and that other arrests will follow is now charged.

The men involved are said to have purchased produce from Mulhall at a bid cut on the market, sharing his profit. Some of them, it is believed, must have known the character of his operations.

The arrest of Mulhall is said to have been brought about largely through a confession which Inspector Bird obtained from G. B. Carter, an understudy of Mulhall's.

FIENDISH.

SAYS FATHER IS MURDERER.

WOMAN MAKES AFFIDAVIT TO SERIOUS CHARGE.

Alleges Her Father and Hired Man Killed Neighbor for His Money and Then Placed His Body in His Cabin and Burned It to Conceal Their Crime.

[ASSOCIATED PRESS NIGHT REPORT.]

WOODLAND, June 30.—Mrs. George Babcock of Winters, in an affidavit made to Dist.-Atty. Anderson, has accused her father of complicity in the murder of John Woodapple, a former rancher in Markle Cañon in the Napa mountains, ten miles west of Winters, whose charred body was found in the ashes of his cabin last February.

With her father, A. Shroyer, Mrs. Babcock implicates Lawrence Lund, an employé of Shroyer.

In her affidavit, Mrs. Babcock alleges that Shroyer attracted Woodapple's attention while Lund felled him to the ground with a neckyoke, and that the two men placed Woodapple's dead body in his cabin, which they set on fire.

Avarice is the motive assigned by Mrs. Babcock for the crime. She said that Shroyer and Lund had obtained much money from Woodapple, and mentioned a mysterious cigar box which Shroyer and Lund unearthed near Woodapple's barn.

She further said that she had kept silent through fear, but that a guilty conscience and the dread that she herself might be murdered impelled her to act at this time. She was afraid to go to Napa county and came to Dist.-Atty. Anderson to break her silence of five months.

When the District Attorney had prepared the affidavit from the story she related, Mrs. Babcock signed it in a firm hand.

Dist.-Atty. Silva and Sheriff Dunlap of Napa county are here investigating the matter.

NEW TRIAL DENIED BARTNETT.

WILL BE SENTENCED TODAY.

[ASSOCIATED PRESS DAY REPORT.]

SAN FRANCISCO, June 30.—Walter J. Bartnett, vice-president and counsel for the California Safe Deposit and Trust Company, which failed last November for over $8,000,000, and who was found guilty of embezzlement in connection with his hypothecation of securities to the amount of $205,000 belonging to the Colton estate, of which he was special administrator, was today refused a new trial by Superior Judge Conley.

Bartnett's counsel, ex-Congressman Thomas J. Geary, moved for a new trial on the ground that Bartnett deposited the securities with the California Safe Deposit and Trust Company in obedience to an order made by the Superior Court of Santa Cruz county, and contended that this terminated Bartnett's responsibility for them. A new trial being refused, Geary moved an arrest of judgment, which was also denied.

Sentence will be passed upon Bartnett tomorrow morning.

RESISTS ARREST.

SHOT BY CONSTABLE.

[ASSOCIATED PRESS NIGHT REPORT.]

RENO, June 30.—A special from Winnemucca says that Constable Wolf of Lovelock went to that city to arrest C. R. Webster, a saloon keeper, for a small offense, but as he entered the saloon, Webster leveled a gun at the constable.

The officer backed out, but returning soon, opened fire on Webster, shooting him twice in the back and once in the arm. With the assistance of the day bartender, Wolf was driven from the place after a fusillade of shots.

Sheriff Lamb and a posse have gone for Webster, and another fight is expected.

HEINOUS CRIME CHARGED.

Charged with having brutally treated six-year-old Helen Baum of No. 1074 Grattan street yesterday afternoon, H. Suyama, who was employed as a cleaner at the Baum home, was arrested. Frank Seki, another employé, was also arrested.

SHOT IN LEG.

In a drunken brawl at Shorb station about midnight, Macio Rilles, a Mexican, was shot in the leg by Juan Meleton. Meleton boarded a Covina street car, and detectives were sent out to apprehend him. They met the car near the city limits, but Meleton had got off at a stop about five miles out of Los Angeles.

CRIME BRIEFS.

"Divine Healer" in Toils.

SALT LAKE CITY (Utah) June 30.—The law against manslaughter has been invoked to punish Charles H. Titus, a "divine healer," who, it is alleged, permitted two of his small children to die from diphtheria without medical attention. A third child is very ill with the disease. A warrant for Titus has been issued. Attention was first called to the case by an undertaker from whom Titus attempted to buy a coffin for his 2-year-old baby. He admitted he had no burial permit, and said he intended to bury the child in his back yard.

A Simple Test Which Any Reader of This Paper May Try

Do you know whether you are inclined to, or have kidney trouble?

Have you ever tried the simple test of setting aside your urine in a bottle or vessel for twenty-four hours.

A sediment or settling in the urine indicates a diseased condition.

Science has today furnished proofs that all the purifying that your blood needs; in fact, all that can be done, must be done by your kidneys.

They are the most important organs, because they filter and purify the blood.

The kidneys strain or filter out the impurities in the blood—that is their work.

When your blood is impure, nothing can purify it but your kidneys.

To overcome these troubles take Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that has yet been discovered.

If you mention this paper and write Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle, they will send it free by mail—it will convince any one. You will also receive a booklet of valuable information, telling all about the kidneys.

RAILROAD RECORD.

GOING AHEAD WITH PLANS.

Roads Resuming Those Abandoned Last Fall.

Harriman Lines Putting on Many Men.

Other Roads Expected to Do Likewise Soon.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 30.—[Exclusive Dispatch.] Were it not for the present situation, financiers are agreed that within a comparatively short time the money supply would put the United States in the prosperous condition which prevailed before the panic.

The railroads, it is quite certain, will be able to make the improvements and extensions outlined before the panic, when they were unable to finance their needs, and several trunk lines are prepared to go into the market and negotiate loans all the way from $10,000,000 to $50,000,000.

Railroad managers believe a turn has come, and that prosperity will be in full swing from now on. The Harriman lines lead with the announcement that suspended work is to be resumed tomorrow on all divisions, which means the reemployment of 25,000 men laid off when the panic hit the country last fall. Other roads are expected to follow shortly with orders for rails and equipment.

The railroad shops are reopening in full force everywhere, the Illinois Central putting on 5000 additional men today. A noticeable feature is the reemployment of large track gangs.

The number of idle cars diminished by 15,000 during the last two weeks.

SYNDICATE TO BE EXTENDED.

TOOK WESTERN PACIFIC BONDS.

[ASSOCIATED PRESS DAY REPORT.]

NEW YORK, June 30.—The syndicate which in 1905, purchased $50,000,000 first mortgage 5 per cent. bonds of the Western Pacific Railway Company, expired by limitation today. The syndicate managers were Blair & Co., W. A. Reid & Co., and William Solomon & Co.

According to Blair & Co. the syndicate will be extended for one year.

A representative of that firm is authority for the statement that two-thirds of the entire amount of the issue has been withdrawn leaving a comparatively small amount for public sale.

GOOD TIMES RETURNING.

MILWAUKEE FEELS THRILL.

[ASSOCIATED PRESS DAY REPORT.]

DUBUQUE (Iowa) June 30.—Following on the heels of the announcement a few days ago of the Illinois Central Railroad that 8000 men on the various divisions would be put back to work, 400 employés of the Milwaukee road, particularly men laid off in the shops, were yesterday put back to work.

They returned to the shops on a ten-hour schedule and six days a week. These changes are looked upon here as a real evidence of the return of prosperity. They mean that the crop outlook over the country despite the storm areas is first class.

Railway Buffets to Be Closed.

CHICAGO, June 30.—On account of the local option law in so many counties in Illinois, the buffets in nearly all railroad cars will be closed. An order has been issued by the Pullman company closing the buffet in the parlor car of the Alton limited between Chicago and St. Louis and abandoning entirely the sale of intoxicating liquors. The order will affect the buffets on all roads in Illinois.

Cannot Reduce Charges.

ST. PAUL (Minn.) June 30.—Judges Sanborn, Hook and Adams, in the United States court today, rendered an interlocutory decree whereby they temporarily suspend and enjoin the enforcement of the order of the Interstate Commerce Commission which reduced the charge of certain railroads for the transfer of livestock from their terminal in Chicago to the Union stock yards from $2 to $1 per car. Judge Adams delivered the opinion of the court.

PANAMA BEING IMPROVED.

WASHINGTON, June 30.—After a trial of eleven weeks, the employment of convicts and local prisoners at highway building in the canal zone is said by the division of municipal engineering to have passed the experimental stage, according to the current issue of the Canal Record, which has just reached Washington.

Three distinct ends were in view in the programme submitted by the special committee on the employment of prisoners, which was approved last February. The first of these was the improvement of the prisoners' condition; the second, the opening up of fertile valleys in the canal zone to improvement, and the third, the reimbursing of the government for the expense of maintaining its penal system. This is said to be the first systematic effort made to develop the Istimus of Panama by building good roads. It is the idea of the originators of the plan that Panama can be made as garden-like as Hawaii and by the same means—prison labor.

vision of municipal engineers credits the department of civil administration with eighty cents gold a day for each prisoner employed. The division that employs the men holds that such labor could not be purchased on the isthmus for that price, and the department of civil administration finds that the revenue from its prisoners is greater than the expense of keeping them.

EUROPEAN LABORERS LEAVING.

WASHINGTON, June 30.—The total labor force actually at work on the last day of May on Isthmian Canal operations was 21,036, according to the monthly report of the chairman.

The departure of European laborers continued during the month, 250 taking passage for Brazil on May 26.

Considering the fact that many European laborers have been on the work a sufficient time to acquire a small competence and that others are impelled by the spirit of adventure to seek new fields of work, it is said the departure of a large number from the isthmus without special grounds of complaint as to their work, pay or treatment, cannot be considered as abnormal, and this condition may be expected to continue from year to year, especially during the early part of the season.

OLD SYSTEM TO GO.

WASHINGTON, June 30.—The antiquated methods of keeping records relating to public lands, many of which have been in vogue since the General Land Office was first organized, nearly 100 years ago, are to be superseded by the most approved modern business system.

When the changes go into effect the district land office and the General Land Office in Washington will be able to identify any application or entry more readily than under the old system. All persons tendering money to the receivers at the land office will in the future be given a receipt for such money.

Each district land office is to be furnished with modern office supplies.

GUARD KILLS PRISONER.

KIEV, June 30.—Mlle. Shertsova, who was confined in the political prison here, was today shot and killed by one of the prison sentinels, who caught her signalling with a mirror with some of her co-prisoners. She was standing at a window at the time, and the first shot killed her.

MILLIONAIRE'S SON ELOPES.

Bride Surprises Father-in-Law Pilson by Dangling Certificate Before Him; Both Under 20.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, June 30.—[Exclusive Dispatch.] Dangling a marriage certificate before her millionaire father-in-law's eyes, 17-year-old Mrs. Edwin Pilson took this means of informing her husband's family that she had been made one of its members.

Mrs. Pilson was formerly Miss Marjory J. Savin, and lived with her uncle and aunt, Mr. and Mrs. J. B. Alexander, at the Rochambeau, one of the most exclusive apartment-houses in Washington.

Yesterday afternoon the young people procured a license, and, without taking anybody into their confidence, slipped away to a minister's and were married. Young Pilson is 19 years old and is a son of Benjamin F. Pilson, head of the Pilson firm, which deals in railway supplies. With his brothers and sisters, he will one day come into a great fortune.

OBITUARY.

Col. Daniel Searls.

BUTTE (Mont.) June 30.—Col. Daniel Searls, for forty years a resident of Montana, died in Anaconda yesterday at the age of nearly 79 years. Following his career as editorial writer on the Butte Miner, which brought him distinction, he was associated at different times with the Helena Independent, Helena Live Stock Journal, Fort Benton River Press, Great Falls Tribune, Missoula Missoulian, Butte Inter-Mountain, Tribune-Review and Whitehall Zephyr.

Sir Edwin Baldwin Mallett.

LONDON, June 30.—Sir Edwin Baldwin Mallett, formerly Ambassador to Germany, died here yesterday, aged 71 years.

Albert Gallaher.

CHICAGO, June 30.—Albert Gallaher, for many years in the secret service of the United States, and one of those detailed as the personal bodyguard of the late President McKinley at the time of his assassination, died here today. It was Gallaher who seized the wrist of Czolgosz after the fatal shot was fired and wrenched the weapon from him. An affection of the liver developed from injuries which he received at the time. Gallaher was mistaken by the crowd for the assassin, and was set upon and beaten, and to this fact, according to the attending physician, Gallaher's death was indirectly due.

Laurence Archer, Jr.

NEW YORK, June 30.—Laurence Archer, Jr., a prominent Brooklyn member of the Order of Elks, was found dead yesterday morning by his wife who reached the house after a day's outing with her children shortly after midnight. Gas was escaping from a tube connected with a gas stove. Mrs. Archer says she was certain her husband had met his death by accident. He was a son of a former judge of the Superior Court of California, and an ex-Mayor of the city of San José, who died recently. Since coming here from the West several years ago, Archer had been employed by the New York and New Jersey Telephone Company.

GLASS FACTORIES SHUT DOWN.

ST. LOUIS, June 30.—The plant of the St. Louis Plate Glass Company at Valley Park, Mo., employing 600 men, yesterday suspended operations for two weeks, and the local plant of the Pittsburgh Plate Glass Company at Crystal City, Mo., employing 1000 men, closed for thirty days.

According to local glass company officials, about twenty large glass manufacturies throughout the United States will close for periods of thirty and sixty days because of a falling off in demand and a large supply of product on hand.

POLITICAL.

YOUNGSTOWN SEEKS HONOR.

Wants to Have Opening of Republican Campaign.

Taft Consulted and Found to Be Agreeable.

District Has Record for Such Proceedings.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, June 30.—[Exclusive Dispatch.] Unless the plan is vetoed by the National Committee, the campaign of the Republican party will be opened at Youngstown, O.

Secretary Taft has agreed that the fight shall be begun at that place and it is probable that his wishes will be respected.

Representative James Kennedy of Youngstown was here today to confer with Mr. Taft and gain his consent to the selection of Youngstown as the place where the opening gun is to be fired. Mr. Taft expressed his willingness that this should be done, and Kennedy will return to the scene of the first skirmish.

The Eighteenth Congressional District of Ohio has a record in this respect. In 1880 Conkling opened Garfield's campaign at Warren, only thirteen miles from Youngstown. The McKinley campaign in 1896 was opened at Youngstown, and four years later it was opened at Canton.

One of the Harrison campaigns was opened at Akron, which is in the adjoining Congressional district. Youngstown is well located for a big political meeting. It is a great railroad center, easy of access and capable of accommodating a big crowd.

The Secretary himself will not address the meeting, which it is expected will be held there about September 1, but other speakers of national reputation will be secured, and every effort will be made to make the event a conspicuous one.

NO POLITICS.

SECRETARY TAFT HAS BUSY DAY.

WORKS HARD WINDING UP HIS OFFICIAL BUSINESS.

Refuses to Give Any Time to Politics, but Makes Exception When Congressman Burton of Ohio Calls, and Holds Extended Conference With Him.

[ASSOCIATED PRESS NIGHT REPORT.]

WASHINGTON, June 30.—"I'm in process of sloughing off my official robes."

This was the laconic description of his condition given by Secretary William H. Taft this evening as he sat at his big flat topped desk in his private office at the War Department.

He had been working like an East Indian slave during the day in the disposition of more or less important departmental business. He gave notice early in the day that he did not propose to discuss politics in the last hours of his administration as Secretary of War, because of the enormous amount of routine matter which he necessarily had on hand. Throughout the day he was in consultation with Gov. Wright, who is to be his successor as executive head of the War Department, and with bureau chiefs of the department.

The only real political conference he had during the day was with Representative Theodore E. Burton, of Cleveland. The conference was prolonged. Mr. Burton discussed with the Secretary the details of the convention and the practical situation as it has developed since the convention adjourned. They devoted particular attention to the political conditions in Ohio, Mr. Taft's native State, concerning which he is especially solicitous. At the conclusion of the conference, Mr. Burtan said a number of questions were considered by Mr. Taft and himself concerning which he could not talk. Mr. Burton continued:

"Mr. Vorys, who has been mentioned in connection with the national chairmanship of the National Committee, will be identified probably with the approaching national campaign in an important capacity, but as the situation is today he will not be the chairman of the committee. I have no information at this time on the national chairmanship question beyond that. I am quite certain, however, that all of the wrinkles which now seem to exist will be smoothed out in a few days."

Commenting upon his interview with Mr. Burton, Secretary Taft said diplomatically:

"We considered the state of the whole Union, but a little political touch was given to the interview I will admit."

It developed with the talk with Secretary Taft that Mr. Burton may go to the Hot Springs about the time Secretary Taft and his family arrive there. The Secretary said he and Mrs. Taft and their son, Charles, would leave Washington next Friday afternoon for Hot Springs, Va. He also announced that he had sent out notices today to the members of the subcommittee of the National Committee requesting them to meet him in Hot Springs, Va., on July 5—one week from tomorrow—to determine the matter of the Republican national chairmanship.

Concerning the chairmanship, the Secretary said that he was absolutely without information that he could communicate to the public. Apparently it is as much in the air as it has been since the meeting of the subcommittee in Cincinati on the 20th inst.

Mr. Taft said that he expected to have a talk with Arthur I. Vorys tomorrow, but that he did not expect to see F. H. Hitchcock until Thursday. He understands that Mr. Hitchcock intends to leave the city this evening not to return until Thursday.

A question which gave the Secretary some thought today was that relating to the ordering of United States troops to the Mexican border to insure preservation of the neutrality laws. He explained that two troops of cavalry from Fort Clark and two other troops from the maneuver camp at Leon Springs had been ordered to Del Rio, Texas, a few miles below Eagle Pass. He expressed the hope that their services might not be needed in a serious way.

AT LINCOLN.

BRYAN HAS NO WORRIES.

PERFECTLY RECONCILED TO THE PROSPECT OF DEFEAT.

Is Rich Now and Realizes That Another Campaign Insures Him an Enormous Income for Life—Receives Delegate of Plumber's and Gasfitters' Union.

BY HARRY C. CARR.

[BY DIRECT WIRE TO THE TIMES.]

LINCOLN (Neb.) June 30.—[Exclusive Dispatch.] I made my last call on the Peerless One this morning before leaving for Denver. After yesterday's avalanche of visitors he was having a quiet day. He seemed absolutely unruffled and full of cheer.

Either Bryan feels sure is going to be elected or is sure he isn't, for he doesn't seem to worry in the least.

When I saw him this morning he was showing the view to a little, bobbing, excited French newspaper writer. The Frenchman was trying to wind himself into a four-in-hand necktie, to show his appreciation of the courtesy. Bryan's eyes looked as though he had been at work late the night before. He was perfectly calm and at ease. Bryan's friends in Lincoln say that he shows no such concern as during the former campaigns. They think that he is perfectly reconciled to being beaten. He believes that his fame would be forever established. He is a rich man, and another national campaign will practically assure him a big income for life through the revival of the Bryan vogue.

Lincoln people say that he suffered most from his second defeat, which he imagined had ruined him forever; by this time he probably realizes that he never can be President and will be content with being a lasting national figure. Being a millionaire martyr looks pretty good to the orator of the Platte.

Among his callers this morning was Walter Wellman, the famous Washington correspondent, who predicts that Hearst is about to knife Bryan. Another was J. M. Abbott, the official press agent of the Bryan boom. Easily the most distinguished one was John M. Love, the illustrious general organizer of the Plumbers' and Gas Fitters' Union.

Before any one asked him, Mr. Love, who realizes that the movements of the great should be dwelt upon, addressed the correspondents and remarked out of the starboard corner of his face. "My visit here's o' no special significance in the platform's right. The union's going to vote for Bryan. I'm here merely to pass my respects."

One of the Indiana delegation also called:

"I love Kern," he said soulfully, "but I'm not for him for Vice-President. "We've already got all the Democratic votes in Indiana, we should strengthen the ticket by a Vice-Presidential nominee from some other State."

TAFT OUT OF A JOB.

Today for First Time in Twenty-two Years He Ceases Work for Short Time.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, June 30.—[Exclusive Dispatch.] When Mr. Taft retires tomorrow noon as Secretary, he will find himself off the pay roll for the first time in twenty-two years.

During that period he has held eight different appointive offices. He was never elected to any office.

His first work was that of court reporter on the old Cincinnati Commercial Gazette. Then he became reporter on the Cincinnati Times, which is now the Times-Star, owned by his brother.

He was appointed assistant prosecuting attorney of Hamilton county, Ohio. He was then appointed assistant county solicitor. He was then appointed judge of the Supreme Court by Gov. Foraker. His next position was Solicitor-General of the United States.

He was next appointed Governor-General of the Philippines, the first civil Governor. Afterwards he was appointed a member of the Philippines Commission and became the head of the commission, which he resigned to become Secretary of War.

MAY BE BRYAN'S RUNNING MATE.

Judge George Gray of Delaware, who can have nomination for Vice-Presidency on Democratic ticket if he wants it.

DISCUSSES SECOND PLACE.

FAVORS M'NEIL.

[ASSOCIATED PRESS DAY REPORT.]

NEW HAVEN (Ct.) June 30.—On the eve of his departure for the West as delegate to the convention at Denver, Alexander Troup, one of Mr. Bryan's closest friends in the East, today made a statement concerning the part Connecticut and New England will play at the convention. He said:

"New England will have two candidates for the Vice-Presidential nomination—former Gov. Douglas of Massachusetts and Archibald McNeil of Bridgeport, this State. The Connecticut delegation will be united for McNeil.

"My position is that the Vice-Presidential nominee should be a man who can be of most service to Mr. Bryan, and Mr. McNeil is one of the men of means who was loyal to the ticket in 1896. Mr. McNeil has had assurances of support from representative men in the New England States. His business interests outside of Connecticut are largely in Pennsylvania, New Jersey and New York, and many of his business acquaintances in those States have assured him of support in his ambitions. Assurances also come from friends of Lieut.-Gov. Chanler that if Mr. Chanler should drop out much influence would be diverted to Mr. McNeil.

"On the Presidential question, my poll of the New England States is as follows:

"Massachusetts—Bryan, 32.

"Rhode Island—Bryan, 4; Johnson, 2; non-committal, 2.

"Vermont—Bryan, 8.

"Maine—Bryan, 4; Johnson, 4.

"Connecticut—Bryan, 10; Johnson, 2; noncommittal, 2."

CLAYTON OFF FOR DENVER.

AT SEA ABOUT CHAIRMAN.

[ASSOCIATED PRESS DAY REPORT.]

MONTGOMERY (Ala.) June 30.—Henry D. Clayton, said to have been selected by William J. Bryan as permanent chairman of the Denver convention, departed from Montgomery last night for Birmingham, thence he will leave for Lincoln on his way to Denver.

Mr. Clayton declared that he had no information about the chairmanship of the convention.

"Beyond the information in the press dispatches," he said, "that Mr. Bell has been named for temporary chairman, and myself for permanent chairman, I know nothing. I have not received anything about the matter. The fact is, the men selected for chairmen will hardly know of it until they reach Denver."

HAS STATEHOOD PLANK.

ARIZONAN TO LEAD FIGHT.

[ASSOCIATED PRESS NIGHT REPORT.]

NOGALES (Ariz.) June 30.—B. A. Packard of this city, head of the Arizona delegation to the Democratic National Convention at Denver, announced today that he will introduce a resolution favoring Statehood, as follows:

"We recognize that Arizona and New Mexico each possess ample population, wealth and intelligence to maintain and successfully carry on State government; therefore, we urge that the bills now pending in Congress to enable them separately to form State governments be immediately enacted into law."

The Arizona delegation will also favor strong planks in the platform approving of government continuation of reclamation projects for the arid districts of the West, and also the policy of the government in protecting western forests, so that water supply may be conserved.

Kern to Visit Bryan.

INDIANAPOLIS, June 30.—John W. Kern, whose name has been mentioned in connection with the Vice-Presidential nomination on the Democratic ticket, accompanied by Stokes Jackson of Greenfield, chairman of the State Committee, and John E. Lamb and Claude Bowers of Terre Haute, left today for Denver. They will stop at Lincoln to see Mr. Bryan. The subject of the presentation of Mr. Kern's name to the national convention will be discussed.

POLITICAL BRIEFS.

Fernald Is Nominated.

BANGOR (Me.) June 30.—Bert M. Fernald of Portland was nominated for Governor by acclamation at the Republican State convention here today.

SHERMAN GOING HOME SOON.

Republican Candidate for Vice-President Has Almost Entirely Recovered Strength.

[ASSOCIATED PRESS NIGHT REPORT.]

CLEVELAND, June 30.—It has been definitely decided that Congressman Sherman, Republican candidate for Vice-President, who is recovering from a ten days' illness here, will leave for his home in Utica, N. Y., Thursday morning next. Mr. Sherman has almost entirely recovered his strength and expresses himself as feeling in good health again.

GRAY CAN HAVE JOB.

(Continued From First Page.)

statement of the sentiment on the Pacific Coast against the proposed anti-injunction plank, and the announcement in the East that Martin W. Littleton of New York will come here to make a fight against the insertion of such a plank in the platform, easily makes this question the most important under discussion. New England is said to be opposed to the plank and New Jersey and Pennsylvania also are accredited with pronounced antagonism to such a resolution.

If the New York delegation and the Pacific Coast delegations should take a determined stand against it, the fight would assume formidable proportions. It is not believed here that the opposition of Sullivan of Illinois and Taggart of Indiana means that the entire delegations from these States would oppose Mr. Bryan's wishes. Most of the Central and Western and Southern States, it is said, will be lined up to support whatever programme Bryan's friends present.

The question of tickets continues to divide the members of the Committee on Convention Arrangements and the committee of Denver citizens which is looking after the Denver end of the convention. As is usually the case, the local people would like to receive a greater number of tickets than the committee feels that it can spare.

The hospital here will be patterned after the temporary hospital at the Chicago Coliseum. The contracts for equipment and supplies and the matter of securing the attendance of competent physicians and nurses will be disposed of tomorrow.

THE POLITICAL WATCH TOWER

Russ Avery was selected last night as the candidate of the Lincoln-Roosevelt League for the Assembly from the Seventy-second Assembly District. The district league nominated Avery, according to his own statement, as a last resort. The place was offered to a dozen other Republicans, and all declined the doubtful honor of representing the league in the August primaries.

The Seventy-second District League met in a small lodge hall on West Pico street; the representation was about one for each 300 electors in the district. The enthusiasm which prevailed was of the consistency of a wet blanket.

R. D. Wade placed Avery in nomination, with a regulation calamity speech, which began by explaining "what caused Rome to fall," and ended by declaring that if California goes on for the next twenty-five years as it has during the last twenty-five we will all end in the freight yards of the Southern Pacific Company or be swept off the map by a deluge.

In accepting the nomination, Avery said that he cares less for the doubtful honor of representing the district in the Senate than he cares for the perfume of the carnation which he wears on his coat front. He doesn't consider it an honor to go to the State Legislature, but he is willing to endure the pain and the torture in order to prevent the deluge. Avery predicts victory for the Lincoln-Roosevelt League, or domination of the State politics by the Democrats; he believes that the regular Republican party is doomed.

Avery's selection as the league candidate appears to come in the nature of a compromise. In the beginning it was intended that Lee C. Gates should receive the league indorsement, but during the last week the Lincoln-Roosevelt slate has been shifted so that Avery is to make the fight for the Assembly, and Gates is expected to go into the ring against McLachlan for Congress.

About all those present last evening are precinct committeemen, or hold some other Campaign Committee office under the Lincoln-Roosevelt machine. Plainly the workers of the league have not yet recovered from the effects of the walloping they received from the regular Republicans at Sacramento.

Avery expects to make the race against Assemblyman Fred Pierce, who will probably be a candidate for reelection. The members of the league discussed whether they should indorse Gates for Congress, but took no official action. As Gates lives in the Seventy-second Assembly District, it is now assured that he will not attempt to become a part of the next State Legislature; he is bound by promises to Avery.

The dollar-a-plate dinner to the Southern California delegates to the National Democratic Convention at Denver brought out a sprinkling of the Old Guard of the Democracy last night. About fifty Democrats met about the banquet board at the Democratic Club to speed the parting delegates.

Isidore Dockweiler created a mild sensation by reading a communication from Gavin McNab to the effect that he has retired from all active participation in Democratic politics, leaving the field open to Boss Tedore and his followers.

That breakers are ahead for the new boss was evidenced when the San Diego delegation announced that the Eighth Congress District is solid for Nathan Cole for national committeeman. Bell has said that Cole will not do.

Milton Young declared that the delegates are especially interested in the platform; he thinks that the Democracy can win if it can get from the national convention a platform wide enough for all to stand on. He hopes to see the forces spread over the whole platform this time in place of all huddling together on a single plank.

From the sentiments expressed at the banquet, it would appear that McNab in retirement is more popular with the local Democracy than Bell in action. The members of the Democratic League were conspicuous chiefly by their absence. It seems that Bell came down from the North to pour oil on the troubled Democratic waters, and finished by carelessly setting the oil on fire. The gulf between the local factions is wider than it was before the harmonizing commenced.

The national delegates will leave for the North tonight on their way to Denver. Young carries in his grip a couple of planks, said to have been prepared by Joseph H. Call.

POPE HAS THE GOUT.

ROME (Italy) June 30.—[Exclusive Dispatch.] The Pope is suffering from an attack of gout, due to the summer heat. Dr. Petacci says the disease has a tendency to become chronic, as the only cure for it is to take a course of mineral baths, which is impossible in the Vatican, or to adopt a strict diet, which the Pope refuses to follow.

FRENCH SEEKING WRIGHT AIRSHIP.

BROTHERS OFFERED $100,000 FOR THEIR PATENTS.

Aeroplane, With Two Persons on Board, Must Fly Thirty-one Miles in Enclosed Circuit and Repeat Performance Within Eight Days in Presence of Committee.

[ASSOCIATED PRESS NIGHT REPORT.]

PARIS, June 30.—The Journal des Debates this afternoon says the Wright Brothers, of Dayton, Ohio, have signed a contract with Lazre Weiller, who is acting for a syndicate which offers the Wrights $100,000 for their patents, provided, first, that their aëroplane, with two persons on board, flies thirty-one miles in an enclosed circuit; and second, that it repeats this performance within eight days in the presence of a committee.

If another aëroplanist accomplishes this same feat within four months of the time that the Wrights make their successful flight, the contract is void.

ASCENSION IS SENSATIONAL.

Balloon in Sight Only Three Minutes After Leaving Earth at North Adams, Mass.

[ASSOCIATED PRESS NIGHT REPORT.]

NORTH ADAMS (Mass.) June 30.—A sensational balloon ascension was made here today, when A. W. Borse and W. R. Kimball, members of the New York Aëro Club, with N. H. Arnold of this city as pilot, made a flight in the balloon North Adams No. 1. A strong westerly wind was blowing and the balloon was buffeted before the aëronauts could make a good rise.

After leaving the earth the balloon was in sight only three minutes, disappearing over the mountains to the east of the city, heading in the direction of Greenfield.

It was believed here weather conditions were propitious for a long flight.

DE LA GRANGE SETS DATE.

TO VISIT AMERICA IN AUGUST.

[ASSOCIATED PRESS DAY REPORT.]

NEW YORK, June 30.—Leon de la Grange, the famous French aëronaut, whose long-distance aëroplane flights have attracted world-wide attention during the last few weeks, will come to American about August 20.

A cablegram has been received from M. De la Grange by A. C. Triaca, who is making arrangements for the visit of the French aëronaut on behalf of the recently-organized Aëronautic Society, and stated that he would come about that time, and would be willing to give exhibition flights for three days near New York. He stated he was sending details by letter, and as soon as these arrive the final preparations will be concluded.

It is more than probable that a series of international flying contests will be held between De la Grange and G. H. Curtiss of Hammondsport, N. Y., owner of the "June Bug." Mr. Curtiss has informed Mr. Triaca that he will be perfectly willing to meet the Frenchman in such contests.

The Wright brothers have also been asked to meet De la Grange.

TO COMPETE FOR AERO CUP.

WILL MAKE OFFICIAL FLIGHT.

[ASSOCIATED PRESS DAY REPORT.]

NEW YORK, June 30.—Arrangements were completed here last night for what is said will be the first public officially tested flight ever made in America, for a prize offered for the successful navigation of air by a heavier-than-air machine.

The test will be made next Saturday at Hammondsport, N. Y., by Glenn H. Curtiss in his new machine, the "June Bug," which made its notable flight of nearly 1400 yards last Saturday. It was the success of this flight that led Mr. Curtiss, a member of the Aëronautic Experiment Society, to challenge for the Scientific American Cup offered last year for competition for all types of heavier-than-air machines.

A meeting of the governors of the Aëro Club and members of the Contest Committee was held at which Mr. Curtiss was present. The conditions stipulated that the first flight be a distance of one kilometer—about 1320 feet—in a straight line. This was altered so that at the wish of the operator the distance may be covered in a curved line, which is really much more difficult.

Mr. Curtiss's flight last week was slightly over the required kilometer distance, it having been 3420 feet. He expressed confidence last night that he could win the cup.

WINS RACE.

PAUL REVERE IN PETTICOATS.

WOMAN SAVES TOWN FROM FIRE BY HARD RIDE.

Firemen of Adjoining Town Cannot Respond to Appeal for Assistance, So She Volunteers to Deliver Apparatus—Arrives on Scene When Hope Is Almost Dead.

[BY DIRECT WIRE TO THE TIMES.]

MULLICA HILL (N. J.) June 30.—[Exclusive Dispatch.] Paul Revere had no more exciting race than that of Mrs. William Ewan yesterday when she saved the town of Ewan from flames when a fire, started by the three-year-old son of Elwood Kier, had burned his father's barn and Rachor's large icehouse, and was fast eating its way to the schoolhouse on one side and the hotel on the other. A telephone message was sent to Mullica Hill asking for aid. There was not a man about the firehouse who could leave, and Mrs. Ewan volunteered to take the extinguishers to the town that bears her name.

With her horse in a foam, Mrs. Ewan rode in when hopes of getting the fire under control were fast diminishing.

The fire was soon under control. Mrs. Ewan modestly received the praises from everybody, as it is believed that the town was saved by her heroic ride.

Phoenix Sends Her First Car of Cantaloupes Eastward—Two More Go Today.

[ASSOCIATED PRESS NIGHT REPORT.]

PHOENIX (Ariz.) June 30.—The first car of cantaloupes from the Phoenix Cantaloupe Growers' Association was billed East tonight. Two cars go tomorrow, and numbers thereafter will increase rapidly.

There are four associations in this valley, and others are starting almost simultaneously. Crops and fruit are in fine condition now, but there is general fear of the season's being greatly shortened by lack of water.

There is less irrigation water available than for four years, though, due to new Granite Reef diversion works, the growers get better service out of the meager water supply.

The beginning of storage next winter will assure the future, but present summer crops may suffer severely, though grain and much hay are already harvested.

EXPLOSION ACCIDENTAL.

Such Is Conclusion of San Francisco Police Concerning Diamond Street Disaster.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN FRANCISCO, June 30.—The mystery surrounding the explosion on Diamond street yesterday, which caused the death of five persons and the injury of four others, has not yet been solved.

The police favor the theory that the disaster was the result of an accident, while others believe a dastardly crime has been committed. Gov. Gillett has taken an interest in the matter, and today sent a letter to Chief of Police Biggy, asking for a detailed statement of all the circumstances connected with the explosion.

In response to Gov. Gillett's request, Chief of Police Biggy has forwarded the report of Detective Fitzgerald, which says that the explosion was caused by gasoline or coal oil.

The report also contains the statement of Anton Jacobs, who says that he saw the fire burning several minutes before the explosion. Jacobs told Fitzgerald that he noticed the flames, and had started toward a fire box, when he heard the detonation and saw the flames shoot into the air.

Mrs. Mary Dissmeyer, who was seriously injured, died early today, making the fifth victim.

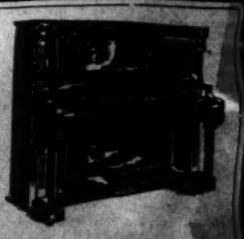
There is Music In Every Note



The Fairbanks Tone is a Musical Tone, a tone that pleases the listener, that attracts and holds the attention of those who are able to distinguish a real musical tone from the commonplace and ordinary tone to be found in so many pianos; and not only is the Fairbanks Tone pleasing at first, but it wears well, retains after years of usage that same sweet singing quality which is so much admired in a piano.

LIFE'S SEAMY SIDE.

BANDITS STEAL YOUNG WOMAN.

Demand Ransom of Five Thousand Dollars.

Posses Pursue and Finally Rescue Her.

One Is Captured, but Confederate Escapes.

[ASSOCIATED PRESS NIGHT REPORT.]

FRESNO, June 30.—Using the body of the girl he had kidnaped from her father's house as a shield for his own body, Cleve Rodgers held the posse that had run him down at bay for half an hour this afternoon before finally surrendering himself and the girl.

The girl, Edna Domengine, 16 years old, the daughter of a wealthy stockman and oil man of Coalinga, has been returned to her parents, she had just graduated from the Holy Cross college in Santa Cruz.

Waked from a sound sleep by the sound of firing of a dozen rifle shots in the yard of her ranch home in the foothills of the Coast Range, she stumbled out into the night to find herself staring into the muzzles of two threatening rifles held in the hands of a pair of desperadoes. Her father and mother had preceded her, and they stood with hands up. The whole scene was lighted by the glare of a burning barn, which the bandits had fired.

Clad only in her night dress, the young girl stood terrified, staring at the grotesque scene that met her eyes. As she watched, before she had time to realise what was happening, two of her father's ranch hands come running to the spot. Instantly one of the bandits ordered them to throw up their hands.

Toney Loveall, the leader of the pair of hold-up men, broke in on the mass of the party. In the name of his pal and himself he demanded $5000 from Domengine. Domengine declared there was no money in the house. Rodgers thereupon forced the young girl to guide him through her home, pointing out the places where the family kept their plate and other valuable. In vain the girl pleaded that "there was only 10 cents in my bureau drawer."

When the search revealed nothing the ruffians dragged the girl into the yard once more, and harnessing one of the rigs belonging to Domengine, bundled Edna and her father into the buggy and drove off into the night.

It was daybreak when Domengine, who had been released, after promising to produce the ransom, made his way to Coalinga and spread the alarm. Immediately several posses started, and at 4:30 this afternoon Rodgers was overtaken at Jacks Springs. He fired two shots, but seeing the armed oil men and officers swarming in, he gave up. He and the girl were brought to town in an automobile. A big crowd gathered, and would have lynched Rodgers had not Sheriff Chittenden pleaded with them not to take the law into their own hands.

Loveall managed to escape, and he is still being pursued.

Miss Domengine said the men offered no affront to her, and she said she was not greatly frightened, as she believed her father would quietly pay the ransom.

DEFENSE HAS NO FUNDS.

Counsel for Steve Adams Tells Court His Client Cannot Pay Expenses of Witnesses.

[ASSOCIATED PRESS NIGHT REPORT.]

GRAND JUNCTION (Colo.) June 30. A petition was presented today in the Steve Adams trial by counsel for the defense, asking the court to enter an order permitting the defense to subpoena witnesses in the case at the cost of the State, based on the plea that the defense was without money and unable to bear the burden of this cost.

The counsel stated that unless the State stood this expense the defense would be unable to produce the bulk of its witnesses.

The prosecution opposed the request and the court took it under consideration.

Blank subpoenas have already been issued for the witnesses for the defense, but so far no record has been made of the number of witnesses, or their names.

When court adjourned today there were ten tentative jurors in the box, all subject to challenge for cause. The prosecution has exercised six of its sixteen peremptory challenges, and the defense four. Both sides expect to have the jury completed by tomorrow night.

POISON MYSTERY BAFFLING.

Police Hope to Find Clue Soon to Strange Murder of Philadelphia Physician.

[ASSOCIATED PRESS DAY REPORT.]

PHILADELPHIA, June 30.—The police hope to make an important move soon in the case of Dr. William H. Wilson, who died suddenly last Friday night after drinking a bottle of ale, and who is believed to have been poisoned.

Investigation by the Coroner resulted in an expressed opinion that Dr. Wilson was poisoned, and that he did not administer the poison himself.

The doctor was noted as a "good spender," and he had a summer home at Cornwells, a steam launch and an automobile.

The motive for the supposed murder is believed to be hidden in Dr. Wilson's medical practice. The theory of the police is that a male friend or relative of a woman who is believed to have died after receiving medical attention at the hands of Dr. Wilson was the poisoned ale.

CASHIER ARRESTED.

CHARGED WITH LOOTING BANK.

[ASSOCIATED PRESS DAY REPORT.]

SALT LAKE CITY (Utah) June 30.—In the Federal court this morning United States Judge John Marshall received from the Federal grand jury a report containing an indictment against A. W. Nelson in connection with the alleged looting of the reserve vaults of the Utah National Bank.

Nelson is cashier of the Jordan State Bank, and was formally employed in the Utah National Bank, where his uncle, Joseph S. Nelson, was formerly cashier.

The elder Nelson tendered his resignation when President W. S. McCornick, after receiving the report of experts, issued a signed statement acknowledging the loss of $106,250 from the reserve chests of the Utah National Bank.

Immediately following the report of the grand jury, United States Marshal William Spry, bearing a warrant for the arrest of the indicted banker, left the city in an automobile for Bingham Junction. Nelson was at his office in the Jordan State Bank when the officer arrived, and upon learning of the action against him, volunteered to return with the marshal to the latter's office.

Arriving here this afternoon, Nelson was met by a number of his attorneys, who were on hand to offer their services in arranging for satisfactory bonds.

HAS HIGH CONFEDERATES.

Commission Men of East With High Ratings Said to Be Involved With James T. Mulhall.

[BY DIRECT WIRE TO THE TIMES.]

MILWAUKEE (Wis.) June 30.—[Exclusive Dispatch.] That some commission men rated high in the East will be involved in the dealings of James T. Mulhall, called "the King of Confidence Men," whose recent arrest at Los Angeles was brought about by Postal Inspector Ralph Bird, and that other arrests will follow is now charged.

The men involved are said to have purchased produce from Mulhall at a bid cut on the market, sharing his profit. Some of them, it is believed, must have known the character of his operations.

The arrest of Mulhall is said to have been brought about largely through a confession which Inspector Bird obtained from G. B. Carter, an understudy of Mulhall's.

FIENDISH.

SAYS FATHER IS MURDERER.

WOMAN MAKES AFFIDAVIT TO SERIOUS CHARGE.

Alleges Her Father and Hired Man Killed Neighbor for His Money and Then Placed His Body in His Cabin and Burned It to Conceal Their Crime.

[ASSOCIATED PRESS NIGHT REPORT.]

WOODLAND, June 30.—Mrs. George Babcock of Winters, in an affidavit made to Dist.-Atty. Anderson, has accused her father of complicity in the murder of John Woodapple, a former rancher in Markle Cañon in the Napa mountains, ten miles west of Winters, whose charred body was found in the ashes of his cabin last February.

With her father, A. Shroyer, Mrs. Babcock implicates Lawrence Lund, an employé of Shroyer.

In her affidavit, Mrs. Babcock alleges that Shroyer attracted Woodapple's attention while Lund felled him to the ground with a neckyoke, and that the two men placed Woodapple's dead body in his cabin, which they set on fire.

Avarice is the motive assigned by Mrs. Babcock for the crime. She said that Shroyer and Lund had obtained much money from Woodapple, and mentioned a mysterious cigar box which Shroyer and Lund unearthed near Woodapple's barn.

She further said that she had kept silent through fear, but that a guilty conscience and the dread that she herself might be murdered impelled her to act at this time. She was afraid to go to Napa county and came to Dist.-Atty. Anderson to break her silence of five months.

When the District Attorney had prepared the affidavit from the story she related, Mrs. Babcock signed it in a firm hand.

Dist.-Atty. Silva and Sheriff Dunlap of Napa county are here investigating the matter.

NEW TRIAL DENIED BARTNETT.

WILL BE SENTENCED TODAY.

[ASSOCIATED PRESS DAY REPORT.]

SAN FRANCISCO, June 30.—Walter J. Bartnett, vice-president and counsel for the California Safe Deposit and Trust Company, which failed last November for over $8,000,000, and who was found guilty of embezzlement in connection with his hypothecation of securities to the amount of $205,000 belonging to the Colton estate, of which he was special administrator, was today refused a new trial by Superior Judge Conley.

Bartnett's counsel, ex-Congressman Thomas J. Geary, moved for a new trial on the ground that Bartnett deposited the securities with the California Safe Deposit and Trust Company in obedience to an order made by the Superior Court of Santa Cruz county, and contended that this terminated Bartnett's responsibility for them. A new trial being refused, Geary moved an arrest of judgment, which was also denied.

Sentence will be passed upon Bartnett tomorrow morning.

RESISTS ARREST.

SHOT BY CONSTABLE.

[ASSOCIATED PRESS NIGHT REPORT.]

RENO, June 30.—A special from Winnemucca says that Constable Wolf of Lovelock went to that city to arrest C. R. Webster, a saloon keeper, for a small offense, but as he entered the saloon, Webster leveled a gun at the constable.

The officer backed out, but returning soon, opened fire on Webster, shooting him twice in the back and once in the arm. With the assistance of the day bartender, Wolf was driven from the place after a fusillade of shots.

Sheriff Lamb and a posse have gone for Webster, and another fight is expected.

HEINOUS CRIME CHARGED.

Charged with having brutally treated six-year-old Helen Baum of No. 1074 Grattan street yesterday afternoon, H. Suyama, who was employed as a cleaner at the Baum home, was arrested. Frank Seki, another employé, was also arrested.

SHOT IN LEG.

In a drunken brawl at Shorb station about midnight, Macio Rilles, a Mexican, was shot in the leg by Juan Mileton. Meleton boarded a Covina street car, and detectives were sent out to apprehend him. They met the car near the city limits, but Meleton had got off at a stop about five miles out of Los Angeles.

CRIME BRIEFS.

"Divine Healer" in Toils.

SALT LAKE CITY (Utah) June 30.—The law against manslaughter has been invoked to punish Charles H. Titus, a "divine healer," who, it is alleged, permitted two of his small children to die from diphtheria without medical attention. A third child is very ill with the disease. A warrant for Titus has been issued. Attention was first called to the case by an undertaker from whom Titus attempted to buy a coffin for his 2-year-old baby. He admitted he had no burial permit, and said he intended to bury the child in his back yard.

A Simple Test Which Any Reader of This Paper May Try

Do you know whether you are inclined to, or have kidney trouble?

Have you ever tried the simple test of setting aside your urine in a bottle or vessel for twenty-four hours.

A sediment or settling in the urine indicates a diseased condition.

Science has today furnished proofs that all the purifying that your blood needs; in fact, all that can be done, must be done by your kidneys.

They are the most important organs, because they filter and purify the blood.

The kidneys strain or filter out the impurities in the blood—that is their work.

When your blood is impure, nothing can purify it but your kidneys.

To overcome these troubles take Dr. Kilmer's Swamp-Root, the world-famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that has yet been discovered.

If you mention this paper and write Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle, they will send it free by mail—it will convince any one. You will also receive a booklet of valuable information, telling all about the kidneys.

RAILROAD RECORD.

GOING AHEAD WITH PLANS.

Roads Resuming Those Abandoned Last Fall.

Harriman Lines Putting on Many Men.

Other Roads Expected to Do Likewise Soon.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 30.—[Exclusive Dispatch.] Were it not for the present situation, financiers are agreed that within a comparatively short time the money supply would put the United States in the prosperous condition which prevailed before the panic.

The railroads, it is quite certain, will be able to make the improvements and extensions outlined before the panic, when they were unable to finance their needs, and several trunk lines are prepared to go into the market and negotiate loans all the way from $10,000,000 to $50,000,000.

Railroad managers believe a turn has come, and that prosperity will be in full swing from now on. The Harriman lines lead with the announcement that suspended work is to be resumed tomorrow on all divisions, which means the reëmployment of 25,000 men laid off when the panic hit the country last fall. Other roads are expected to follow shortly with orders for rails and equipment.

The railroad shops are reopening in full force everywhere, the Illinois Central putting on 5000 additional men today. A noticeable feature is the reëmployment of large track gangs.

The number of idle cars diminished by 15,000 during the last two weeks.

SYNDICATE TO BE EXTENDED.

TOOK WESTERN PACIFIC BONDS.

[ASSOCIATED PRESS DAY REPORT.]

NEW YORK, June 30.—The syndicate which in 1905, purchased $50,000,000 first mortgage 5 per cent. bonds of the Western Pacific Railway Company, expired by limitation today. The syndicate managers were Blair & Co., W. A. Reid & Co., and William Solomon & Co.

According to Blair & Co. the syndicate will be extended for one year.

A representative of that firm is authority for the statement that two-thirds of the entire amount of the issue has been withdrawn leaving a comparatively small amount for public sale.

GOOD TIMES RETURNING.

MILWAUKEE FEELS THRILL.

[ASSOCIATED PRESS DAY REPORT.]

DUBUQUE (Iowa) June 30.—Following on the heels of the announcement a few days ago of the Illinois Central Railroad that 4000 men on the various divisions would be put back to work, 400 employés of the Milwaukee road, particularly men laid off in the shops, were yesterday put back to work.

They returned to the shops on a ten-hour schedule and six days a week. These changes are looked upon here as a real evidence of the return of prosperity. They mean that the crop outlook over the country despite the storm areas is first class.

Railway Buffets to Be Closed.

CHICAGO, June 29.—On account of the local option law in so many counties in Illinois, the buffets in nearly all railroad cars will be closed. An order has been issued by the Pullman company closing the buffet in the parlor car of the Alton limited between Chicago and St. Louis and abandoning entirely the sale of intoxicating liquors. The order will affect the buffets on all roads in Illinois.

Cannot Reduce Charges.

ST. PAUL (Minn.) June 30.—Judges Sanborn, Hook and Adams, in the United States court today, rendered an interlocutory decree whereby they temporarily suspend and enjoin the enforcement of the order of the Interstate Commerce Commission which reduced the charge of certain railroads for the transfer of livestock from their terminal in Chicago to the Union stock yards from $2 to $1 per car. Judge Adams delivered the opinion of the court.

PANAMA BEING IMPROVED.

WASHINGTON, June 30.—After a trial of eleven weeks, the employment of convicts and local prisoners at highway building in the canal zone is said by the division of municipal engineering to have passed the experimental stage, according to the current issue of the Canal Record, which has just reached Washington.

Three distinct ends were in view in the programme submitted by the special committee on the employment of prisoners, which was approved last February. The first of these was the improvement of the prisoners' condition; the second, the opening up of fertile valleys in the canal zone to improvement, and the third, the reimbursing of the government for the expense of maintaining its penal system. This is said to be the first systematic effort made to develop the Isthmus of Panama by building good roads. It is the idea of the originators of the plan that Panama can be made as garden-like as Hawaii and by the same means—prison labor.

For book-keeping purposes the division of municipal engineers credits the department of civil administration with eighty cents gold a day for each prisoner employed. The division that employs the men holds that such labor could not be purchased on the isthmus for that price, and the department of civil administration finds that the revenue from its prisoners is greater than the expense of keeping them.

EUROPEAN LABORERS LEAVING.

WASHINGTON, June 30.—The total labor force actually at work on the last day of May on Isthmian Canal operations was 21,036, according to the monthly report of the chairman.

The departure of European laborers continued during the month, 250 taking passage for Brazil on May 26.

Considering the fact that many European laborers have been on the work a sufficient time to acquire a small competence and that others are impelled by the spirit of adventure to seek new fields of work, it is said the departure of a large number from the isthmus without special grounds of complaint as to their work, pay or treatment, cannot be considered as abnormal, and this condition may be expected to continue from year to year, especially during the early part of the season.

OLD SYSTEM TO GO.

WASHINGTON, June 30.—The antiquated methods of keeping records relating to public lands, many of which have been in vogue since the General Land Office was first organized, nearly 100 years ago, are to be superseded by the most approved modern business system.

When the changes go into effect the district land office and the General Land Office in Washington will be able to identify any application or entry more readily than under the old system. All persons tendering money to the receivers at the land office will in the future be given a receipt for such money.

Each district land office is to be furnished with modern office supplies.

GUARD KILLS PRISONER.

KIEV, June 30.—Mlle. Shertsova, who was confined in the political prison here, was today shot and killed by one of the prison sentinels, who caught her signalling with a mirror with some of her co-prisoners. She was standing at a window at the time, and the first shot killed her.

MILLIONAIRE'S SON ELOPES.

Bride Surprises Father-in-Law Pilson by Dangling Certificate Before Him; Both Under 20.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, June 30.—[Exclusive Dispatch.] Dangling a marriage certificate before her millionaire father-in-law's eyes, 17-year-old Mrs. Edwin Pilson took this means of informing her husband's family that she had been made one of its members.

Mrs. Pilson was formerly Miss Marjory J. Savin, and lived with her uncle and aunt, Mr. and Mrs. J. B. Alexander, at the Rochambeau, one of the most exclusive apartment-houses in Washington.

Yesterday afternoon the young people procured a license, and, without taking anybody into their confidence, slipped away to a minister's and were married. Young Pilson is 19 years old and is a son of Benjamin F. Pilson, head of the Pilson firm, which deals in railway supplies. With his brothers and sisters, he will one day come into a great fortune.

OBITUARY.

Col. Daniel Searls.

BUTTE (Mont.) June 30.—Col. Daniel Searls, for forty years a resident of Montana, died in Anaconda yesterday at the age of nearly 79 years. Following his career as editorial writer on the Butte Miner, which brought him distinction, he was associated at different times with the Helena Independent, Helena Live Stock Journal, Fort Benton River Press, Great Falls Tribune, Missoula Missoulian, Butte Inter-Mountain, Tribune-Review and Whitehall Zephyr.

Sir Edwin Baldwin Mallett.

LONDON, June 30.—Sir Edwin Baldwin Mallett, formerly Ambassador to Germany, died here yesterday, aged 71 years.

Albert Gallaher.

CHICAGO, June 30.—Albert Gallaher, for many years in the secret service of the United States, and one of those detailed as the personal bodyguard of the late President McKinley at the time of his assassination, died here today. It was Gallaher who seized the wrist of Czolgosz after the fatal shot was fired and wrenched the weapon from him. An affection of the liver developed from injuries which he received at the time. Gallaher was mistaken by the crowd for the assassin, and was set upon and beaten, and to this fact, according to the attending physician, Gallaher's death was indirectly due.

Laurence Archer, Jr.

NEW YORK, June 30.—Laurence Archer, Jr., a prominent Brooklyn member of the Order of Elks, was found dead yesterday morning by his wife who reached the house after a day's outing with her children shortly after midnight. Gas was escaping from a tube connected with a gas stove. Mrs. Archer says she was certain her husband had met his death by accident. He was a son of a former judge of the Superior Court of California, and an ex-Mayor of the city of San José, who died recently. Since coming here from the West several years ago, Archer had been employed by the New York and New Jersey Telephone Company.

GLASS FACTORIES SHUT DOWN.

ST. LOUIS, June 30.—The plant of the St. Louis Plate Glass Company at Valley Park, Mo., employing 600 men, yesterday suspended operations for two weeks, and the local plant of the Pittsburgh Plate Glass Company at Crystal City, Mo., employing 1000 men, closed for thirty days.

According to local glass company officials, about twenty large glass manufacturies throughout the United States will close for periods of thirty and sixty days because of a falling off in demand and a large supply of product on hand.

HOODOO BUSY.

SIXTH DEFEAT FOR LOCALS.

Wheeler Pitches and Is Belted Hard in Eighth.

Angels Have Hard Time Trying to Hit Dellar.

Pretty Double Plays Are the Only Features.

Oakland, 6; Los Angeles, 2.

The fans are now beginning to yell that instead of signing new players the whole bunch should lay off one day and hunt the hoodoo, and after yesterday's defeat there is a well-grounded suspicion that there is a "jonah a-hangin' 'round." How any team in the Coast League could lose six games in a row is a shock to both knockers and boosters alike.

George Wheeler did it this time, for Dillon stuck him in to pitch in what is about his first real game of the season as a pitcher. To the surprise of the fans he did a fine business for seven innings, but in the eighth the Oaks fell on him for swats in chunks, and punched in more runs in that one inning than the locals could get in nine. While this was going on the Oaks piled up four errors, but these did no actual damage on account of what the visitors did to Wheeler.

This might not have been so disastrous, but Dellar pitched fine ball all the way, holding the locals to five hits distributed through four innings. Dillon was the only one who could locate him with any degree of accuracy, and he helped along the three Los Angeles runs with his biffs.

The game was close and exciting until that fearful eighth inning, for the score was tied twice, and the locals were one run ahead at the end of the seventh. The fans were beginning to think the Beavers had taken the hoodoo with them, and that Wheeler was a real pitcher after his many months of idleness in the box. Then the eighth inning opened, and after that the fans though things that would not look well in print.

Heitmuller started this with a single over Wheeler and Eagan followed with a double to left field. Slattery came next with a single that scored Heitmuller, and then W. Hogan brought in Eagan and Slattery with a double to center, after Slattery had reached second on a passed ball. Altman followed with a sacrifice that landed Hogan on third, and he scored on Cook's bounce in front of the plate that Wheeler tried to field to Easterly. There was but one out when all this happened, but the next two men up were easy outs.

Their first run resulted from Heitmuller's single to left and Delma's bad throw to second base of Eagan's grounder, followed by Slattery's hit. The second run came from Haley's double, Heitmuller's out, and Delmas's bad throw to the plate of Eagan's grounder.

For the locals Wheeler started off in the third with a grounder to Haley, which he juggled. Bernard sacrificed Wheeler to second, and he scored when Truck Eagan let Oakes's grounder get away from him. In the sixth Dillon doubled to left, went to third on Brashear's hit over short, and reached the plate on Ellis's out at first. The final tally for the locals was the result of Wheeler's pass, Bernard's out and Dillon's poke to right center. These runs were really lucky ones, for Dellar pitched a strong game all the way except in the seventh, when he gave two passes and was hit for a single.

Although the game was marred by many errors, there were a number of pretty plays that aroused enthusiasm, although the contest as a whole was a slow one. With Van Haltren on first base from a pass in the first inning, Haley drove a liner into Jud Smith's hands, and he easily doubled Van at first base. This was but one of the four double plays that kept the fans in good humor.

In the second, with Ellis on first base, Easterly shot a long fly to Cook, who made a fine throw to first, and doubled Ellis. In the sixth inning Eagan was on third base, and tried to score, after the catch of Altman's fly to left, but was easily caught at the plate by Ellis's throw. Another fine double was when Hogan forced Slattery at second, and Delmas shot the ball to the plate in time to catch Eagan in the fourth inning.

HOME RUN WINS.

WILLIAMS THE CANDY KID.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, June 30.—[Exclusive Dispatch.] Nick Williams was the real candy with the willow at Freeman's Park today, doing the home-run stunt in the eighth inning with two men on bases. The Portlanders had a lead of one run at the time and one man was out when Williams came to bat. He did not stand on ceremony long, but slammed out the first offering from Kinsella's wing and the ball went sailing over the left-field fence.

It was anybody's game until the last ball had been pitched. Both Kinsella and Willis received excellent support and but five men were walked.

Portland made the first run in the third, Ryan crossing the pan by means of a walk, stolen base and Raftery's single. In the fourth Casey lined out a single and was sacrificed by Danzig to second. Johnson lifted his shoulders to a high one and the ball made connections with the right-field fence, Casey in the meantime registering.

There was nothing doing after that until the Seals were up in the seventh and Danzig aided in the run getting by allowing Melchoir to reach first on a bad throw to Kinsella, who was covering first. Melchoir went to second on a passed ball and came home on Curtis's single.

In the next and deciding inning, Williams occupied the center of the stage by sending Mohler and Hildebrand home ahead of him as stated above. The score:

CUBS LOSE FORTUNE BY NERVOUSNESS.

[BY DIRECT WIRE TO THE TIMES.]

CINCINNATI, June 30.—[Exclusive Dispatch.] The Chicago Cubs, champions of the world, not only lost the game today, but because Pittsburgh did not play (and it would have been the same if the Pirates had played and won,) Chance's boss tossers lost $22,000.

Last fall, twenty-two Cubs wagered $1000 each that they would not be headed in the National League race this season. Yesterday's defeat left them only two points in the lead and almost gave them heart disease. They tried hard to win today, but were so nervous that they couldn't hit the ball, and the prize money they gathered in last fall went glimmering.

ENDURANCE TEST.

SCORE AND TEN READY FOR RUN.

RELIABILITY CONTEST ATTRACTS DEALERS AND OWNERS.

Los Angeles-San Diego Run Promises to Be Best Ever Arranged by Automobile Dealers' Association. Entertainment Along the Way Is Provided for.

More than thirty entries for the reliability run from Los Angeles to San Diego and return have been received, and many more are expected today. The entries will close at midnight. Arrangements are complete and the run is expected to be the best ever held by the Automobile Dealers' Association.

Every effort to insure a success has been made by the committee in charge. The route has been carefully inspected, and where necessary slight repairs have been made to the road. The cars will travel by way of the Coast route to San Diego. The schedule calls for a leisurely run down the seashore. The weather is usually cool and delightful at this time of the year.

At San Diego special arrangements have been made for spending the Fourth at Coronado. The committee has provided for the amusement of those who will enjoy the tour. Ample hotel accommodations are assured. There will be a grand ball at the Hotel Coronado Saturday evening.

After leaving San Diego the cars will traverse the inland route. The weather in the vicinity of Elsinore has not been excessively warm this year. There will be stops at Escondido, Elsinore and Temecula, after which the cars will proceed across the valley to Riverside, where entertainment has been arranged at the Glenwood.

The system of scoring is not to be iron-clad. Cars failing to reach controls within the time limit, however, will lose one credit. Everything possible has been done to avoid the discomfort of dust on the run. Cars will start five minutes apart.

Touring cars must carry four passengers each averaging 150 pounds. Runabouts and roadsters must carry passengers in acordance with the seating capacity. It will not be necessary to carry observers.

The condition of the cars at the finish will be considered by the judges in awarding the winning places.

The pilot car will leave early Friday morning and will mark the route with confetti. Cars failing to follow the route laid out by the pilot car will be penalized.

Almost every dealer in the city will be represented by one or more cars. Many private owners have already signified their intention of enjoying the run.

TENNIS AT VENICE.

Summer Tourney Which Opens Today Will Start With Singles Matches for Juniors and Ladies.

The four days tennis tournament at the Venice Country Club will begin this morning and with good luck it is hoped that the play may be finished by Saturday night. The programme for today will consist of the Junior singles and the Ladies' singles and the drawings last night resulted as follows:

Juniors—Cawson and Bader, Dawson and Blakeslee, Parker and Weid, Nebeker and Mace and Smith and Rogers. Six byes were drawn.

Ladies—Misses Parker, Rowan, Squire, Daniels, Shoemaker, Halsted, Mrs. Seymour, Miss West, Mrs. Daly, Miss Archer, Miss Dorothy Scott, Mrs. Martyn, Misses Seymour, Alice Early and York. One bye was drawn.

"SPECULATION."

BETTING BEGINS ON BIG FIGHTS.

McFarland the Favorite on General Showing.

Gans Is the Choice Over Bat Nelson Up North.

McCarey Has Arranged New Card for Friday Night.

Betting has commenced in earnest in the local resorts on the outcome of both the Gans-Nelson and the McFarland-Welsh fights that are set for next Saturday and as might be supposed, both Gans and McFarland are the favorites at 10 to 7. Several big bets have been made at 10 to 6, with McFarland the favorite. A number of bets have been made at 10 to 7 that McFarland knocks out Welsh in twenty-five rounds. Other wagers have have been laid at 5 to 4 that Welsh stays fifteen rounds.

While the betting is not brisk it is said that there has been more laid on Saturday's fights than on any four fights here during the past year. McFarland figures the favorite on his reputation for the fans that have seen him are not particularly impressed with his work, although he is doubtless under wraps. Both men have trained faithfully and each is confident of victory. They are taking life easily now for both are practically down to weight. A big crowd is assured at the fight for as the local sports cannot see the Gans-Nelson battle they want the next best.

The odds are 100 to 65 on Gans; even money that he stops Nelson in twenty rounds and 10 to 8 that he stops him in twenty-five. Many of the fight pugs do not think Nelson will stay ten rounds for they declare he will meet a different Gans that he did at Goldfield. The same fight bugs figure McFarland a cinch on pass performances, as the odds indicate. There is plenty of McFarland money in sight at the betting resorts.

Packey did but little work yesterday, his only exercise being a run on the road in the morning and some shadow work and rope skipping in the afternoon. He is only half a pound over the required weight and will easily take this off before Saturday. He is naturally confident that he will win and will bet some money on his chances.

WORK AT VENICE.

While he was resting, Welsh was getting in some hard work at Venice and this seemed hardly necessary, in view of the fact that he is under weight. He boxed two rounds with Baker and four each with Hennessey and Carsey and then had ten minutes each with the pulleys, dumb bells and the slanting table and followed these with twenty minutes at bag punching and a run of several miles on the beach. This was just the morning work and in the afternoon he spent the greater part of his time boxing with Carsey, Hennessey and Baker. He says he intends to go through about the same programme today and tomorrow and has no fear of going stale from too much work.

The measurements of the men are as follows:

Welsh.		McFarland.
5 ft. 6 in.	height	5 ft. 7¼ in.
69 in.	reach	69 in.
15½ in.	neck	15 in.
12½ in.	biceps	11½ in.
10¼ in.	forearm	10 in.
30½ in.	waist	28 in.
36¾ in.	chest normal	37 in.
39 in.	chest expanded	39 in.
20 in.	thigh	19¼ in.
14 in.	calf	13¼ in.

M'CAREY'S CARD.

Manager McCarey of the Pacific Athletic Club yesterday succeeded in arranging his card for Friday night by signing Young Jensen and Billy Morris, who weigh about 135 pounds each. Jensen is from Omaha and has fought a few bouts at San Pedro, which he won. Morris has done his work at San Diego and is well thought of by George Blake. He will probably outweigh Jensen by five pounds.

The card will be made up entirely of six-round bouts, the proposed ten-round go between Trimble and Cameron being cut out because Trimble wanted a little more time in which to train. It is not likely that many of the bouts will go the limit for six rounds gives the boys a chance to fight at top speed and they have promised to do this.

The card is as follows:

Danny Webster and Tommy Hennessey, 122 pounds.

Frank Picato and Jack Kennedy, 133 pounds.

Young Harlem Coffee-Cooler and Al Vogt, 133 pounds.

Young Jensen and Billy Morris, 135 pounds.

Tattooed Kid and Jack Stewart, 133 pounds.

Dick Winter and Kid Adams, 125 pounds.

FOXY ABE ATTELL.

CHANCE FOR ANOTHER GO.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, June 30.—[Exclusive Dispatch.] Abe Attell, world's champion featherweight, fought like a boiled lobster last night when he met Matty Baldwin at the Grand Athletic Union. Baldwin, so far as the bout showed, fairly whipped him. Baldwin both outfought and outboxed the Californian from the second to the last round, except for a flash in the fourth, when Attell suddenly jabbed Baldwin's head nearly off his shoulders and staggered him with a vicious right-handed clip on the chin.

During the last two rounds Attell appeared all in. He covered up, and stalled as if in distress.

Half an hour after the fight Attell got very busy on the telephone, and explained to the newspapers that he was a sick boy—that the heat and the smoke from all the "two-fers" around the ring were too much for him. Abe said that he nearly collapsed after the third round, and from that time on could hardly hold up his hands and stagger away. Abe added horrifying details of his illness in the dressing-room after the bout, and said his knees were still so weak that he could hardly stand up to talk into the telephone.

FERRETTI ANGRY.

KETCHEL-CAPONI BOUT OFF.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 30.—[Exclusive Dispatch.] The Ketchel-Caponi match at Grand Rapids has been called off, but Silvey Ferretti, who looks after Caponi, is not angry. He is only boiling, steaming, shrieking with rage.

"I had my forfeit up," says Silvey, "and was told Ketchel's was likewise posted. Then along comes O'Connor, Ketchel's manager, and gets the fight called off. Caponi has trained hard, wasted his time, spent his money. What redress have we?"

IGNORES ARTICLES.

INTENDS TO BREAK NELSON.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, June 30.—[Exclusive Dispatch.] Referee Jack Welch of the Gans-Nelson fight visited Battling Nelson's training camp today and had a talk with the Dane. In the agreement for the fight one article specifies that the referee is not to lay hands on the men, but must simply order them to break. Nelson thinks this agreement is to be carried out and he evidently counts on holding Gans and then soaking him with the other hand. He also will indulge in rough wrestling according to what he has let drop to friends. Welch, after leaving Nelson said:

"I don't care what the agreement says, I am going to referee this fight under Queensberry rules, and if the men hold on I shall separate them just as I always have, with my hands. This idea of calling to men to break in nonsense as they are frequently so excited they don't hear even the gong that marks the end of a round. I shall be absolutely fair, but I can't recognize any specific agreements made by fighters which are against "Queensberry rules."

WAITERS' SMOKER.

FIVE BOXING BOUTS CARDED.

Five three-round boxing bouts will be the feature of a "smoker" to be given under the auspices of the Southern California Waiters' Association this evening at No. 221½ West Second street.

The evening's card has been arranged as follows: James Konkel and Al Voigt, George Blake and Clarence English, Danny Webster and Young Austin, Frank Frayne and Jack Campbell, Kid Carsey and Young Oelson.

FLYNN AND KETCHEL.

MARISCH MAY GET BOUT.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, June 30.—[Exclusive Dispatch.] Promoter Luke Marisch tonight received this dispatch from Joe O'Connor, Ketchel's manager at Grand Rapids:

"Match us with Jim Flynn, lowest weight, July 24. We must know at once."

Marisch has wired to Flynn who is in Colorado and is hopeful of making the match tomorrow. It would be a great card here as Ketchel's successes have made him a fine attraction.

M'CAREY'S NEW CARD.

KAUFMAN AND JOHNSON.

[BY DIRECT WIRE TO THE TIMES.]

SAN FRANCISCO, June 30.—[Exclusive Dispatch.] Al Kaufman the local heavyweight, will leave for the mountains near Hopland. He stated he had, through Manager Billy Delaney, practically made arrangements to fight Battling Johnson in Los Angeles before Tom McCarey's Club next month and he wanted to get a change of scenery for a few days.

"Delaney was holding off for Marisch," said Kaufman, "but has made up his mind not to wait. I am feeling all right now and willing to fight anybody."

BURNS FADES AWAY.

AUSTRALIA LOOKS GOOD.

[BY DIRECT WIRE TO THE TIMES.]

LONDON, June 29.—[Exclusive Dispatch.] Tommy Burns is to sail from England Friday to keep his pugilistic engagements in Australia and pick up some more easy coin during the fight carnivals in Kangaroo land.

Burns will arrive in Australia on August 13 and five days later will meet Lang. The champion will be forced to do most of his training aboard the steamer Mongolia on which he will sail. Burns confides that he expects to pick up considerable money around Sydney and other big sporting centers of Australia.

"There's no use passing up this," says Tommy, "and I don't intend to take on Johnson until the promoters see their way clear to make a big offer."

Wise Talks By the "Office Boy"

Great minds run in the same channel—especially if they are sea captains; and that Yacht Race to Honolulu is going to attract an awful lot of people to Long Beach and San Pedro to see the start. A fellow don't have to be from Missouri to go to see—a yacht race—but, it might be a good thing if he was from there when he goes to buy a suit of clothes. Did any of you people, who have charge accounts at the discount stores, ever find the 25 per cent. figured off the footing of your bill? Some of those chaps are awfully careless about that. A man who had traded in one of those stores for years said: "I saw 25 to 50 per cent. in the windows, but their bookkeeper was so careless he never figured it off my statement, and I won't trade with stores that are so careless in their business methods." Why bother about all that two or three-price business? The Silverwood Stores are one-price stores. Your money is as good as anybody else's. We can't possibly give new customers goods cheaper than old ones. We have one price to all.

Thursday is firecracker day. Every boy or girl who writes an "Office Boy" ad. and takes it to our Broadway and 6th Street Store, gets a big package of big firecrackers, and the ten who write the best ad. get a big box of assorted fireworks. Don't scribble off any old thing. Dig down in and show your originality. Remember, it's the fellows who "think" who get there.

Wise Talks By the "Office Boy"

Great minds run in the same channel—especially if they are sea captains; and that Yacht Race to Honolulu is going to attract an awful lot of people to Long Beach and San Pedro to see the start. A fellow don't have to be from Missouri to go to see—a yacht race—but, it might be a good thing if he was from there when he goes to buy a suit of clothes. Did any of you people, who have charge accounts at the discount stores, ever find the 25 per cent. figured off the footing of your bill? Some of those chaps are awfully careless about that. A man who had traded in one of those stores for years said: "I saw 25 to 50 per cent. in the windows, but their bookkeeper was so careless he never figured it off my statement, and I won't trade with stores that are so careless in their business methods." Why bother about all that two or three-price business? The Silverwood Stores are one-price stores. Your money is as good as anybody else's. We can't possibly give new customers goods cheaper than old ones. We have one price to all.

Thursday is firecracker day. Every boy or girl who writes an "Office Boy" ad. and takes it to our Broadway and 6th Street Store, gets a big package of big firecrackers, and the ten who write the best ad. get a big box of assorted fireworks. Don't scribble off any old thing. Dig down in and show your originality. Remember, it's the fellows who "think" who get there.

THE CLEAN-UP.

LOUISIANA RACES WILL SOON END.

TWENTY-ONE DAYS' MEETING TO CLOSE SPORT.

New Anti-Gambling Law to Take Effect in Less Than a Month. Archbishop Blenk Credited With Causing Senator to Act Without Fear of Political Vengeance.

[BY DIRECT WIRE TO THE TIMES.]

NEW ORLEANS, June 30.—[Exclusive Dispatch.] Racing will begin at the City Park track Wednesday and continue for twenty-one days, when the Locke bill for the abolition of race-track gambling in Louisiana will go into effect. This announcement was made today and it is said that bookmakers and horsemen will be brought here from Cincinnati, that the betting ring will be open and that no syndicate bookmaking will be allowed.

R. J. Levy, who will be recording secretary, said all the entries will be strictly local people. No outsiders will be employed. He said the regular purses will be $125 and handicaps $200 and $250. The day the Locke bill goes into effect the track will close. The price of admission will be fifty cents.

This arrangement probably will put a damper on the Louisiana track, as the horsemen there are running for $100 regular purses and $125 handicaps.

Archbishop Blenk is given the credit of securing the passage of the anti-race gambling bill in the Louisiana Assembly. He persuaded Senator James O'Connor to vote for the Locke bill when the latter said all along he would oppose it.

The archbishop made several trips to Baton Rouge to see the Senator. O'Connor was emphatic in his refusal to vote for the bill. He told the archbishop it would mean political annihilation for him. The bosses would throw him down and his political career would be ruined. At the last moment he yielded, the vote standing 21 for and 19 against. O'Connor could have made a tie vote of it.

EXPENSE MONEY.

JOCKEY CLUBS EXTRAVAGANT.

[ASSOCIATED PRESS DAY REPORT.]

ALBANY (N. Y.) June 30.—Five more racing associations in this State filed statements with the Secretary of State, showing their expenditures in opposing at the sessions of the last Legislature the passage of the Agnew-Hart anti-race-track gambling bills, the total aggregating about $30,000.

Seven of these reports have been filed to date, showing expenses of about $43,000. Of the total amount $29,576 is charged for legal services, the five items under this head being $13,493, $12,066, $7757, $3493, and $947.

Quill Beats Erne.

BOSTON, June 30.—In the twelve-round go at the Armory Athletic Association, tonight, Tommy Quill got the decision over Young Erne of Philadelphia. It was a jabbing match from the start, Quill having clearly the best of it for eight rounds. Erne outjabbed him toward the end.

GORE WINS IN SINGLES.

May Sutton's Title Taken from Her by Default, Mrs. Sterry Beating All Comers.

[ASSOCIATED PRESS DAY REPORT.]

WIMBLEDON (England) June 30.—A. W. Gore won the all-England lawn tennis championship here today by defeating H. B. Barrett, 3 to 2. Score: 6-3, 6-2, 4-6, 3-6, 6-4.

Mr. Brooks, the Australian player, will not defend his title this year.

Mrs. Sterry vanquished all comers in the ladies' singles, and in the absence of May Sutton of California, the present holder of the British title, she becomes champion.

ON THE MAT.

WRESTLING GAME IS PROSPERING.

ROBERTS AND ANDERSON TAKE ON GOLDFIELD MATCHES.

Vander Griem and Pensa May Be Matched Today for Next Bout at Chutes Park—When Baseball Team Goes on Northern Trip Matches May Be Conducted Saturdays.

Starr Roberts and Emil Anderson, the wrestlers, who have been making such a good showing in the contests at Chutes Park, left last night for Goldfield to take part in several contests being arranged by Manager Victor Ajax and others. Roberts probably will meet Charles Fengler, who styles himself Roeber II, and has challenged Roberts for $500 a side. Anderson will meet any one who will be put up against him at 135 to 140 pounds.

Roberts expects to return to Los Angeles in two or three weeks and get a whack at the Indian, Chief Middlesky, who took two out of three hard falls from him two weeks ago, when Roberts claims he had a sore shoulder. Anderson is to return for another bout with Billy West, whom he beat last Sunday. West wants three weeks to get into first-class trim.

Next Sunday's bout at the Chutes probably will be between Vander Griem, who refereed last Sunday, and Joseph Pensa, a protege of Treloar of the Los Angeles Athletic Club. They can do 155 pounds nicely, and are in fair condition, with the exception that Pensa has a sore side, injured some time ago. They probably will sign up today.

Pensa is still an amateur, but Treloar thinks so well of him that he has advised him to turn professional. These two boys are both husky athletes of the German stocky build type. The winner may be matched with A. Fisher of San Bernardino.

It is probable that while the baseball team is away matches will be held Saturday afternoon at the ball park, when two joint main events are to be put on. If Roberts gets back from Goldfield he will be put on with Middlesky again, with another bout, probably between Swede Johnson and George Smith, a local groceryman, who has a reputation as a strong man and all-around athlete.

SIMPSON'S FINE SPORT.

Englishman at Last Lands Jewfish. Potter to Go After Three-Six Record of Barron.

[SPECIAL CORRESPONDENCE OF THE TIMES.]

AVALON, June 30.—W. W. Simpson, the patient and persistent English angler, who has been trying for three months to land a jewfish, was rewarded this morning when he pulled in, after a strenuous fight lasting fifty minutes, a 137-pound specimen.

When Mr. Simpson and his wife came to Catalina three months ago he declared he would not leave till he had caught one of these monsters of the deep. Every day since, in sunshine or fog, by early dawn and late twilight, he has patiently pursued his prey. All sorts of fish—the gamey yellowtail, the albicore, the rock bass and the barracuda have, in turn, yielded themselves again and again to the lure of his bait—but the particular jewfish for which he longed was shy.

This morning Simpson arose at 5:30 and started for the fishing banks round about Church Rock, where the jewfish are said to lurk in swarms. He had not been fishing an hour when he made a strike—the line clicked merrily over the reel, the boatman tossed the buoy overboard and presently the whole outfit was rapidly going seaward in tow of Mr. Jewfish. After a fight of fifty minutes he was brought to gaff. Mrs. Simpson in another launch witnessed the battle from near by.

Thomas McD. Potter and E. L. Hedderly arrived this noon on a fishing trip. Potter brought over a lot of three-six tackle and proposes to measure prowess with S. A. Barron who, up to date, holds the world's record for light-tackle catches.

G. W. McCausland of Chihuahua, Mex., and T. H. Ellis of Los Angeles are the latest candidates for bronze buttons. Floyd Hitt, a Los Angeles lad in knee trousers, landed a yellowtail this morning that was almost as large as himself. If he had taken it on light tackle he would have won a silver button—an honor coveted by experienced sportsmen. Floyd is but 14 years old and this is his first experience with yellowtail.

PLAYGROUNDS CELEBRATION.

Youngsters to Contest in Old-Fashioned Games, but Cut Out the Greased Pig.

Both city playgrounds have prepared an interesting programme for the Fourth. There will be speaking, music by bands and refreshments, and fireworks in the evening. In the afternoon the boys will be given a chance to show their agility and fleetness in the old style foot races, sack, obstacle and potato races.

One of the most amusing and difficult contests will be the greased-pole climbing, but there will be no greased pig to capture, as it was decided by the Programme Committee that it would be cruelty to animals.

Bicycle Rider Hurt.

SALT LAKE CITY (Utah) June 30.—It is doubtful if Norman C. Hopper, a well-known professional bicycle rider from Minneapolis, will survive an injury which he sustained yesterday at the Salt Palace saucer track. While training he had a fall and a foot-long splinter from the track entered his abdomen. At the Holy Cross Hospital it was found that his intestines had been punctured in nine places. Hopper is the holder of a number of sprint records. An operation was performed at midnight. As a result of this and a number of similar accidents, professional and amateur riders have united in a demand that the track be resurfaced or they will no longer ride.

Bicycle Champion.

NEW YORK, June 30.—Frank L. Kramer of East Orange, N. J. last night won the grand cycle national championship, defeating Joseph Fogler in the fast time of 2:58 for the half mile. W. A. Bordmett of Buffalo was third.

SHOCKING.

FOURTH'S TOLL IS APPALLING.

NUMBERS OVER ONE THOUSAND VICTIMS EACH YEAR.

Chicago Bureau of Statistics Finds There Have Been 7,759 Deaths from Fourth of July Celebrations in Seven Years—Great Increase in Child Victims.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 30.—[Exclusive Dispatch.] Seven thousand seven hundred and fifty-nine deaths in the United States in seven years, due principally to "insane" Fourth of July celebrations, is the shocking total obtained today through a tabulation compiled by the Chicago Bureau of Statistics.

It came as a timely and clinching argument on the eve of the great move for a "sane" Fourth, which will be launched under the auspices of Chicago's leading clubs at the big meeting to be held in the Hamilton Club tomorrow. Already the work of destruction and mutilation incidental to the advance celebrations has begun in Chicago and elsewhere.

A special tabulation, classified according to the ages of the victims, shows that they were found at all stages of life, from the infant in the cradle to the patriarch of 90. It also reveals an abnormal increase among the child victims of accidentally discharged firearms. There were nearly three times as many deaths in 1906 among those from five to nine years old as there were in 1900.

ZU EULENBERG COLLAPSES.

German Prince Overcome in Courtroom and Court Has to Suspend Trial.

[ASSOCIATED PRESS NIGHT REPORT.]

BERLIN, June 30.—The trial of Prince Zu Eulenberg on the charge of perjury and subornation of perjury in the scandal of last year was continued in this city today. The hearings are being held in private.

The Prince pleaded not guilty and declared that the Munich witnesses have either been bribed or were mad.

The court began today by taking the testimony of Baron Alphonse De Rothschild of Vienna, who was given precedence because he urged the necessity of his immediate return to the Austrian capital.

The Prince was attended in court by a physician.

During the afternoon session the Prince was suddenly overcome with weakness and restoratives had to be applied. The sitting was suspended until tomorrow, the Prince being removed in an automobile to the Charity Hospital where he is held a prisoner.

SOCIALISTS KICK UP MUSS.

Provoke Violent Scene Over Payment of Expenses of President Fallieres to Russia.

[ASSOCIATED PRESS DAY REPORT.]

PARIS, June 30.—The Socialists provoked a violent scene in the Chamber of Deputies today by opposing the appropriation for President Fallieres's visit to Russia.

M. Vaillant accused the Russian government of having committed innumerable murders and atrocities, while another Socialist deputy called the Emperor an assassin.

Both the president of the chamber and M. Pinchon, Minister of Foreign Affairs, protested against the disgraceful expressions, and amid a tremendous uproar the money finally was voted.

APPOINTED IN PHILIPPINES.

W. Cameron Forbes to Be Vice-Governor of Islands—Other Officials Named by Taft.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, June 30.—By direction of Secretary Taft, the Bureau of Insular Affairs today announced the following appointments made by the President:

Vice-Governor of the Philippines—W. Cameron Fortes of Massachusetts, now a member of the Philippine Commission.

To be member of the Philippine Commission as secretary of finance and justice of the Philippines—Gregorio Annetta of Manila.

To be members of the Philippine Commission—Newton W. Gilbert of Indiana and Rafael Palma, a native of the Philippine Islands.

WISH TO ENFORCE LAWS.

CRUSADE AGAINST SUNDAY BASEBALL.

[BY DIRECT WIRE TO THE TIMES.]

PORTLAND (Or.) June 30.—[Exclusive Dispatch.] George J. Cameron, who takes office tomorrow morning as District Attorney, may put the lid on Sunday baseball in this city. He is considering the question, but declines to state positively what he will do. That he is quite likely to stop the Sunday game, in view of the continued reforms being enforced here, is believed.

Dist.-Atty. Cameron takes the position that all State laws should be enforced. On the books is a statute prohibiting Sunday baseball games. He believes this law should be observed equally with the measure prohibiting saloons from remaining open on Sunday.

Mr. Cameron's predecessor, John Manning, put the lid on saloons on Sundays. It has been brought to Mr. Cameron's attention that a Sunday baseball law has as much weight as the saloon law.

Just what to do with the theaters on Sunday is a question that Mr. Cameron is considering in connection with the baseball problem. If they are to be closed as well, he has a big job on his hands. What he will do he declines to state, but he will think the problem out.

Nature the Best Doctor

After all is said, the most truly effective remedies are those derived from natural sources. It is a fact generally recognized that consumptives are greatly benefitted, and frequently entirely cured by living in the open air among the pines. The fresh, pine-laden atmosphere has a healing and strengthening effect upon the lungs and bronchial organs and is most invigorating.

Those who are unable to leave home and live in the pine forests will find in Virgin Oil of Pine all the medicinal properties of the tree itself. This preparation is a compound of the active principles of forest trees, great care being taken in its preparation to insure purity and freshness. A half ounce of Virgin Oil of Pine mixed with two ounces of glycerine and a half pint of good whisky, taken in teaspoonful doses every four hours, will break up a cold quickly and cure any cough that is curable.

Virgin Oil of Pine is put up only in half-ounce vials for druggists to dispense. Each vial is securely sealed in a round wooden case. Be sure to get the genuine—Virgin Oil of Pine compound pure, guaranteed under Serial No. 451, prepared only by Leach Chemical Co., Cincinnati, Ohio.

THE STURDIEST peoples of the earth drink beer—drink it from childhood to age. And those are the peoples who suffer least from nervousness and from dyspepsia.

When one needs more vitality, the Doctor says "drink beer."

The barley is food; the hops are a tonic. The trifle of alcohol is an aid to digestion.

The proper drinking of beer—but not the abuse of it—is good for the weak and the well. And not the least of the good comes through flushing the system; in getting rid of the waste.

But a beer to be healthful needs to be pure. And it must be well aged, else the after-result is biliousness.

That is why we are so careful with Schlitz. We double the necessary cost of our brewing to insure absolute purity. And we age the beer for months before marketing.

It gives you the good without the harm.

Ask for the Brewery Bottling.
Common beer is sometimes substituted for Schlitz.
To avoid being imposed upon, see that the cork or crown is branded Schlitz.

Classified Liners.

Times Classified Rates: The rate for inserting "Want" ads in The Daily Times is 1c per word for each insertion; in the Sunday issue 1½c per word, each insertion; minimum charge 25c; except under following classifications the rate for which is 10c per line, minimum charge 50 cents: "Society Meetings," "Personals," "Special Notices," and "Baths and Massage."

"Liner" (classified) advertisements for Sunday insertion received over the counter or by telephone after 11:30 o'clock Saturday nights will be inserted under heading "Too Late to Classify."

Sunday real estate advertisements, to be classified properly, must be in The Times office before 10:30 o'clock Saturday nights. Rate 1½ cents per word.

The Sunday circulation of The Times exceeds 47,000 copies, and more "liners" are regularly printed in its columns than in the five other Los Angeles newspapers combined.

Telephone your want advertisements. Ring up "The Times" any time of day or night, and secure prompt and careful attention.

The Times cannot guarantee accuracy or assume responsibility for errors of any kind occurring in telephoned advertisements.

THE TIMES will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one time.

Advertisers should retain receipts given by The Times in payment for "Liners," as no mistakes can be rectified without them.

SPECIAL NOTICES—

SUNDAY REAL ESTATE LINERS—Classified real estate advertisements for insertion in THE SUNDAY TIMES must be in the office not later than 10:30 o'clock Saturday nights. Other "want" advertisements for Sunday insertion will be taken over the counter until 11:30 p.m.

The great volume of liners printed in The Sunday Times, numbering regularly over 2000 separate announcements, makes this regulation absolutely necessary in order to get the big Sunday issue out on time.

James Monroe
Fifth President of the United States.

IT was in the Hall of Oratory, William and Mary College, 1776. Patrick Henry stood on the platform; eloquently, passionately, convincingly he spoke of human rights, constitutional guarantees, Personal Liberty.

A young student, tall and blonde, with eyes of blue and heart of fire, listened intently. Tossing aside cap and gown, he buckled on his sword, saying, "Words are good; deeds are better."

At Harlem, White Plains and Brandywine, he fought bravely; and on a bitter cold Christmas morning his blood splashed the frozen paving stones of old Trenton Town.

Step by step he rose to power; and today his name is inseparably associated with the most significant international Doctrine of modern times.

At three score and fourteen he died—a true Virginia gentleman—the descendant of an old family of Scottish Cavaliers—and at his hospitable home at Oak Hill, good ale was brewed and ever on his board.

CHAPTER VI.
MY CHANCE COMES.

The following day gave me another striking proof of Masita's feelings toward me.

When I went downstairs with Molta, the mid-day meal was in readiness, and Masita and Beltano were at the table. The instant she saw me she rose.

"I will not break bread with a murderer," she cried, her voice cold and cutting and instinct with loathing.

Molta fired on the instant. "Then you can sit with the other wenches," she retorted hotly.

Beltano found himself in an awkward dilemma between the two; unwilling to displease either, and yet at a loss with which to side. "Peace, Molta. Be careful what you say. Masita; remember that Beppo is affianced to Molta, and is my friend."

"I will take Molta at her word," she replied; and turned to leave the room.

"Stay. There is no need for this," I intervened. "I am not well enough to care for food just now," and I pushed to the door and went out.

Beltano gave me a glance of thanks, and Molta followed me.

"You must go back, Molta," I said as we stood together outside.

"Do you think I will sit with her again after this? Shall I join in putting this insult upon you?"

"For Beltano's sake you must go back. Is she not to be his wife? This quarrel is between her and myself. I will not have you two dragged into it. Do you suppose I cannot find means to deal with her myself? Am I a child to need a woman's protection?"

She continued to protest; but I insisted, and in the end I gained my way. She returned to the room.

I was glad to be thus left to myself. I wished to test my strength without being seen by the rest, and also to make a leisurely observation of my surroundings.

For the incident itself, I cared little. I knew that Masita hated the very sight of me, and one proof more or less didn't matter 20 cents. What did matter was that I should lose no time in forming some plan to help her out of her trouble. There would be no change in her distrust and hate until I did that.

As soon as I was well away from the little farmstead, I put my strength to the test, and was delighted to find that all was once again well with me. I could walk and run as swiftly as ever; and picking out a precipitous place in the cliffs which descended abruptly to the shore I climbed down and then scaled it with as steady a head as a man need care to have, and with little or no sign of fatigue.

Then I retraced my steps and walked down to the landing stage. It lay in a narrow gully between the limestone rocks and a couple of boats were moored to it; sails and oars being stored in a hut close by.

I made the closest observation of the place, noting every point of rock on the path of the beach, passing and repassing several times to familiarize myself with the way; so that at need I could traverse it in the dark.

Already the crude idea had formed in my thoughts that I should help Masita to escape to the mainland, stealing one of the boats for the purpose. For such a plan I must know every inch of the path; as we should have to leave at night, and be able to get the boat out with the least possible loss of time.

I had spent several years in Italy in my younger days, and fortunately had had constant practice in sailing the boats which were used in those southern waters. The distance from the island to the nearest point of the mainland was not more than some seven miles; and I should have no difficulty in crossing if only the chance could be found or made.

From a hill not far from the gully in which the boats were moored I could see the mainland; and as I gazed across the stretch of water between I began to think out my plans.

Before I attempted the venture I must of course know where to land and learn something of the country beyond. This would not be difficult. I was still supposed to be a convalescent; and it would be natural enough for me to wish to go sailing and fish

declared that the place must be go ready for me; and when she had given the orders to Pepita, we all three went to the hut. This was fortunate, as I of course did not know even where I was.

Breva called us soon, saying the boat was ready; and we started for the sail. We made for the mainland; and I was thus able to make a careful ob servation of the place. We landed and I noticed the position of the farm, Se ferino's, where Breva had told me the horses were kept; and as Molta and I strolled about, I succeeded in drawing a good deal of information from her as to the locality, the posi tion of Masita's estate, the road to and other matters.

On the return I sailed the boat my self, saying that I wished to test my strength, so that Molta and I might sail alone together the next time; and was gratified to find that I could manage quite well.

I did not see Masita again that day nor the next; I passed most of my time on the sea, perfecting myself in the management of the felucca. A my old skill came back to me; and on the third day, assured that I needed no more practice, I was ready to face the other and more difficult part of my problem—how to overcome Masita's distrust and dislike.

I took possession of my hut and had my meals there alone, for Masita adhered to her refusal to suffer me in her presence.

Pepita brought me my meals, and on the third evening she lingered as wishful to chat.

"You are much stronger, Beppo," she said.

WISPS CAUGHT IN POLITICAL BREEZES.

Few realize that Secretary Taft is yet a comparatively young man, says the Baltimore American. He was born on the 15th of September, 1857, and has barely rounded past 50—about the age at which many public careers begin. Mr. Taft's record of public service began twenty-seven years ago, however, when he was elected Assistant Prosecuting Attorney for Hamilton county, Ohio—the city of Cincinnati—in 1881. He was then only 24 years of age, but even at that juvenile period, according to the traditions, he was generally known as "Old Bill Taft." It was a title which he acquired during the academic years, which he passed at Yale, and as every American will understand, it is the sort of sobriquet that is only bestowed upon men who have established a strong hold upon popular regard. Lincoln was always "Old Abe" to the people of Sangamon county, Illinois.

In essential traits Taft is much like Lincoln. He is simple and unostentatious in his tastes, manners and habits. The man, who, in all likelihood, is to be the next President, loves the joke as dearly as did the first in the line of Republican Presidents; but, like Lincoln, he never lets his joking humor sidetrack the serious business upon which he is intent. The big Ohio man easily breaks into a sunny smile, but those who have had dealings with him have quickly realized that he can smile and smile and yet be in deadly earnest. Mr. Taft observes the conventions of diplomatic and social life, but he has more than once demonstrated that merely outward forms and usages are not esteemed as sacred by him. The story of how he kept an engagement with the Czar of All the Russias in an only pair of black trousers that had been suddenly split across the knee and hastily mended is now known all over the world, and is characteristically illustrative. Mr. Taft doesn't haggle at small things.

Charles P. Taft was asked a few days ago by the representative of a Chicago Democratic paper "How much money have you spent on W. H. Taft's campaign? Where did you get it to spend? Have there been any contributions except your own? What did J. P. Morgan mean when he said in London that Secretary Taft would surely be the next President, and that then America's financial troubles would be ended? Will you show the checks with which you have paid brother Bill's campaign expenses? What is the extent of your fortune? How did you make it and in what is it invested?"

"Let me see now," he said. "Where did I get the money to spend on W. H. Taft's campaign?"

"I made it out of the Cincinnati Times-Star.

"'How much have I spent on the campaign?' That is my business alone. William H. Taft is my brother, and I am determined that he shall have a fair show. I have paid the bills, and they have all been for legitimate and honest expenses.

"Nobody has contributed one cent to this campaign, except myself.

"As to the question relative to J. Pierpont Morgan, I do not know Mr. Morgan, nor have I ever had any financial dealings with him.

"'What is the extent of my fortune?' You can size it up in the Cincinnati Times-Star. It is enough to pay all 'Brother Bill's expenses' and then leave a comfortable surplus.

"You ask 'How did I make my fortune?' and the answer to that is, 'With the Cincinnati Times-Star.'

"William H. Taft is under no financial obligation to any man in the United States or out of it, except to me, and that obligation doesn't count.

The political enemies of Senator Allison, evidently at their wit's end, secured the publication of a fake portrait of the Senator, which purported to show the ravages wrought by time and disease upon the venerable Senator's features. The actual appearance of Senator Allison were so well known that the roarback had no effect except to provoke criticism upon its inventors.

The character of speeches made in filibustering attempts to prevent the passage of bills by Congress, is so well known that other members pay little if any attention to what the speaker is saying. This inattention enabled Senator Stone to read a pamphlet about Persian money through from cover to cover no less than five times. It was a question of killing time. That was all. The bill was sure to be enacted and its friends hardly objected to its filibustering opponents talking themselves to death.

The proposal of the labor unions to go into politics is to result in the manufacturers of the country doing the same thing. The manufacturers include more than 3000 employers, representing a capital of $15,000,000,000, and they are, besides, identified with the National Council of Industrial Defence, in which are numbered 136 similar organizations. What the percentage of Democrats and Republicans among these 30,000 or 40,000 individuals is, is of small consequence. It is proposed to ally all forces in one great movement that will efface party lines, the keynote being a mighty protest against politics interfering with legitimate business.

Strenuous times prevailed in the Democratic convention at Brownstown, Ind., that nominated a candidate for the State Senate; 2088 ballots were cast before George W. Long of Nashville was declared the nominee over the other two candidates.

After spending thirty years in the national Congress, mostly as Senator from Colorado, Henry Moore Teller announces that he will retire to his home in Colorado next March and there spend the remainder of his days. Senator Teller was born in Allegany county, New York, in 1830.

Gov. John A. Johnson has some wonderful mathematicians on his staff of boomers. Twenty-two delegates—those from Minnesota—have been instructed for him. But his pad-and-pencil experts figure out that he has 289 delegates in sight and a chance to get 152 more. This is equal to the best work of those historic forecasters—ex-Chairman "Jim" Griggs and James K. Jones. —[New York Tribune.

On account of the clamor made by the rabid unionists against government by injunction, Congressman Littlefield has made public figures which demonstrate that there has been a good deal of exaggeration about the matter. During the past five years only 17 injunctions have been issued, many of these being in labor cases and five of the latter were issued after notice of hearing. In no instance is there any showing that the courts improperly exercised the right, and the conclusion necessarily follows that no good reason exists for depriving them of the power to interpose the process to prevent the injury of persons or the destruction of life and property.

Remarkable Long Vision.

The best eyesight is possessed by those people whose lands are vast and barren, and whose obstacles tending to shorten the sight are few. Eskimos will detect a white fox in the snow at a great distance. The Arabs of the deserts of Africa have such extreme powers of vision that on the vast plains of the desert they will pick out objects invisible to the ordinary eye at ranges of from one to ten miles. Among civilized peoples the Norwegians have the best eyesight.—[Chicago Journal.

Dynamite was discovered under the residence of the Mayor of Juarez today, and the Mayor and his family have removed to El Paso temporarily.

REVOLUTION LOOKED ON AS JOKE IN MEXICO.

[ASSOCIATED PRESS NIGHT REPORT.]

CITY OF MEXICO, June 30.—A special dispatch from Torreon says that the residents of that city are laughing shamefacedly at the preparations taken to resist a supposed attack.

It is admitted that first reports did frighten the inhabitants, but the following day when it was learned that the alleged revolutionary army consisted of a few score of unorganized persons, those citizens who had armed themselves, put away their guns and for the past three days the life of the place has been tranquil as at any time in its history.

The report emanating from St. Louis that the republic is to be swept with a whirlwind of revolution tomorrow is not causing the slightest alarm in this capital.

Senorita Andrea Villacal Gonzales is known to the secret police here and the utterances attributed to her today are commented on by the officials to the extent that they maintain her prediction is too absurd for intelligent consideration.

A dispatch just received by a local newspaper which sent a representative to Coahuila after the Visca affair, says the correspondent accompanied by a friend rode over the district supposed to be infested with insurrectionists and for two days saw no bandits or rebels, and declared work in the factories and plantations had not ceased at any time since the raid was reported.

TROOPS ARE OFF TO INTERNATIONAL LINE.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN ANTONIO (Tex.) June 30.—In compliance with orders from the War Department, two troops of the Third Cavalry, formerly stationed at Fort Clark, left San Antonio by rail for Del Rio at 6 o'clock tonight.

The troops were under command of First Lieut. D. Cullen and Second Lieut. A. Boone. In all, there were six officers and eighty-nine enlisted men. They carried rations for ten days.

In all probability, the abandoned battalion posts along the Mexican border, which are in a good state of preservation, will be garrisoned by troops during the summer.

ARCH-AGITATOR TALKS OF TROUBLE.

[ASSOCIATED PRESS DAY REPORT.]

TUCSON (Ariz.) June 30.—Manuel Sarabia, one of the three individuals charged by Vice-President Ramon Corral with instigating the present uprising in Mexico, and who has been held months on a conspiracy charge, expected to furnish a bond of $1000 and secure his release from the County Jail here today. When seen by a reporter Sarabia said:

"My plans upon securing liberty are to obtain work in Arizona at my trade as a printer. I do not expect to return to Mexico. The charge made by Corral that the revolutionary movement is due to seed sown by us is true in part. We published a newspaper at San Antonio called Regeneracion. Later we published a paper and sent out literature from St. Louis telling of conditions in Mexico as they really are. We set forth truths.

"The people of Mexico are awakening to realization of these truths, and the result is the present armed resistence to the Diaz government. If the present outbreak continues long enough the Yaqui and other Indian tribes will side with our people.

"Vice-President Corral and Governors Torres and Ysabel are responsible for the Yaqui troubles. They took the Indians' lands, and when the Indians protested, they were driven to the mountains by soldiers."

Sarabia's trial is set before Judge Doan at Tombstone for the fall session. His bail was reduced at the request of his attorney from $1500.

The belief is expressed by well-informed parties just from the affected districts in Mexico that the Torreon trouble is intended to draw the troops northward and permit a blow to be struck at the City of Mexico. This view is expressed by a representative of a prominent mining syndicate just returned from a tour of the affected section.

EXILED POETESS TALKS OF MEXICO.

[ASSOCIATED PRESS DAY REPORT.]

ST. LOUIS, June 30.—Living in the attic of a ramshackle building at No. 1014 North Tenth street, in a district mostly populated by negroes, Senorita Villareal Gonzales, poetess, and one of the leading spirits of the Mexican junta, is impatiently watching the disturbances in Mexico. With her family, she was exiled from Mexico. Her brother, Antonio, spent four years in a Mexican prison, and is now in jail at Los Angeles because of his revolutionary tendencies.

With shining eyes and clenched hands, and with intense feeling, she declared today:

"Tomorrow the real revolution will envelop Mexico in a whirlwind. We have thirty thousand Liberals armed. Forty thousand more will join us as soon as the money seized from a bank is used to procure arms for them."

"They call us bandits," she exclaimed bitterly, "merely because we robbed a bank. Where else would the poor revolutionists get money for ammunition and guns with which to win liberty and to buy food for themselves and their wives and children."

"I am a woman," she said, her mood softening, "and I hate bloodshed and violence, but if it became necessary, I could subdue my weak nature and myself use a dagger or the torch.

"Oh, the hunger of the people of Mexico! I receive letters from them every day which make me cry.

"Five generals will rally with us with their commands, for the army is disaffected. The rich are aiding us more than the dictator would believe. All the laborers are with us."

She declared she secured $200 from a wealthy sympachizer, and has dispatched to the insurgents a leader whose name she declined to reveal.

The Corn Products Refining Company, with an authorized capital of $80,000,000 was incorporated at Trenton, N. J., Monday. The new company is a consolidation of a former company of the same name and the Corn Products Company, each with an authorized capital of $80,000,000

SCIENTIFIC TRIUMPH.

SPOTTED FEVER GERM CAUGHT.

TRIUMPH OF SCIENTISTS AT THE ROCKEFELLER INSTITUTE.

Valuable Researches for Man's Benefit Made Possible by the Munificence of the King of Standard Oil. Researches Into Causes of Kidney Diseases.

[Philadelphia Press:] In explanation of John D. Rockefeller's additional endowment, $500,000 in all, to the Institute of Research, it was said that Mr. Rockefeller has been greatly impressed by the value of the work of investigation and research done in the institute with respect to the cause of cerebro spinal meningitis. That, in a way, is a semi-official announcement of a triumph of the institute, of which there have been vague and unsatisfactory reports. For it was reported, and it was observed that a majority of the physicians of this city who had opportunity to be familiar with the work of the institute believed the report to be true, that some of the men of science employed in the institute had discovered what they believed to be the germ of spinal meningitis. And having identified that germ, isolated it, and then cultivated it, they had made such experimental tests with the serum as persuaded them that at last, as with diphtheria, they would be able by inoculation to triumph over this deadly disease, or by inoculation, as in the case of smallpox, to make any person immune.

This disease has been one of the most mysterious, baffling and dreaded of all which physicians are compelled to meet with. Insidious and sporadic in its attacks, it seemed to strike down of a sudden those who had been in good health and to afflict them in unexpected and mysterious ways and places. The physicians dreaded it as they did smallpox, even more. For the deadly contamination of it was so well known that in caring for patients afflicted with it, physicians and nurses were compelled to protect their clothing and to make thorough use of antiseptics or asceptic preparations.

THE ROCKEFELER GIFT.

Now, announcement is made in behalf of Mr. Rockefeller, that he is so well pleased with the institute which he endowed and which bears his name should in all probability have solved the mystery of the cause and have perfected the means of cure of spinal meningitis, that he gives $500,000 for the enlarging and better equipping of this institute. And there are reasons for suspecting that this endowment is not the only one Mr. Rockefeller has in mind, but that he contemplates in case the institute goes on securing great results, much larger endowments and possibly so great an endowment and equipment it will make this institute unsurpassed by any in Europe and able to call to its faculty and service the ablest men of that particular science in the world.

But the apparent discovery of the germ of spinal meningitis and the presumptive triumphant use of serum for inoculation are not the only ones of the recent triumphs of the Rockefeller Institute of Medical Research. But it is only informally and not authoritatively to be reported that another very important discovery was recently made by some of the men of science of the institute. It may have very great influence in determining the nature of various diseases of the kidneys and the manner in which these can be met and overcome. The men of science have pursued this investigation with all the zeal of those who are devoted to science. They believe that they are on the way to a momentous discovery.

A GREAT DISCOVERY.

The name of the man of science, highly trained in this department of medicine, who made this discovery is known to many of his professional brethren. It was communicated to the physician who brought from Berlin to the United States the first package of serum for use in inoculation in diphtheria cases. That serum has practically destroyed the terrors of diphtheria. It is rarely now that a case is lost. But until there can be official announcement of the discovery there would be a breach of confidence if the name were now reported.

What this man of research did may be somewhat vaguely reported. By skillful surgery he took from a live sheep that had been subjected to ether one of the kidneys. That organ was then adjusted or brought in direct communication with the arteries or veins of the leg, and when that was done then the results were watched with intense eagerness. At first the organ seemed inert, without vitality, but in a few moments it was found to have accepted this communication with the veins of the leg and to be performing its functions, acting normally and actively upon the circulation of the blood, so that these vital functions could be closely observed with the naked eye, with the microscope and

A letter from Mulai Hafid, the insurgent Sultan of Morocco, was read in the mosque at Tangier yesterday. It thanks the people for preferring him to Abd-El-Aziz, whom he describes as having sold himself to the Christians. Hafid asks the inhabitants of Tangier to make him a gift of $100,000.

That Louisiana shall be a high-license State for the next two years has been finally decided by the Legislature, as the Senate passed the Shattuck-Gray liquor bill by a vote of 39 to 4.

If Ivory Soap sold for a dollar, instead of less than a cent, an ounce, it would be no better, no purer than it is.

There is no "free" alkali in Ivory Soap; no harmful ingredient of any kind.

It is pure soap—nothing else.

THE MARKETS.

LOCAL PRODUCE MARKET.

Loganberries were so plentiful yesterday morning that dealers were forced to give them away. The price dropped to 75, and later to 50 cents a crate. The reason for the big surplus on hand was that the canneries refused to take the berries. The institutions have been preserving only a small amount of fruit, and yesterday would not take berries at 3 cents a pound. Strawberries also struggled to less than 2 cents a box, but raspberries were firm and brought from 4 to 5 cents a pound. Blackberries sold at 2½ cents.

The arrival of so much fruit and green vegetables at bottom prices decreased the demand for eggs, and as a result, despite the comparatively low receipts and the high prices in the East, the market was forced a cent lower. Sales were 4 cases of candied stock and 15 cases of case-counts. Receipts were 227 cases.

Butter arrivals were 24,768 pounds. Offerings were small and chiefly of creamery firsts and cooking grades. Five thousand pounds of cheese comprised one of the largest days' receipts for some time, but offerings were limited to a very few varieties and there were no sales.

Potato arrivals were 411 sacks, from the north. The new varieties were the dominating stock in trade of the street.

Bermudas and Silverskin onions were both well offered and there were arrivals of 47 sacks of the former. Bean receipts were 16 sacks. Pinks and small whites were the only offerings.

There was an attempt to clean up the dried fruits of last season, and as an inducement prices were cut in jobbing offers. As the result, 20 boxes of dried apples and 30 of apricots were traded on 'change. The outlook for the dried fruit crop of this year is excellent and it is expected to be very large.

Apple receipts were 720 boxes. They are all still the white and red Astrakhans. Of the former 15 boxes of packed stock were sold on 'change. Prices declined to 75 cents a lug box. McKevitt peaches were cleaned up rapidly at $1.25 a lug box. White plums and yellow clings averaged 25 cents less. Peach plums of the red variety sold for $1. Tragedy plums were firm. Pears were scarce.

On beans the price was as low as 50 cents a sack. Peas were worth 4 cents a pound. Sweet corn sold at 40 cents a box. Rhubarb was weak, owing to the very light demand for it. Cucumbers moved well, but tomatoes slowly, because of continued high prices.

LARGE TOTAL IN CLEARINGS.

Nearly Quarter Billion Passes Through Local Banks in the First Six Months of the Year.

A total of $242,623,770 was cleared by the associated banks of Los Angeles in the six months ending yesterday, June 30. This great sum is compared with $325,863,184 for last year and $286,254,140 in 1906. There is a decrease of $83,234,414 apparent between the figures for this year and those for the same period a year ago.

June clearings totaled $41,939,967, and are compared with $48,536,167 for last June, a decrease of $6,596,000. Clearings for June, 1906, amounted to $45,599,050.

Last month shows a slight decline compared with May, but this is always the case, although the difference is not so noticable this year as in previous periods.

The total for the quarter just ended is $127,693,591, compared with $153,795,179 for the first quarter of this year, an encouraging gain being apparent for the second quarter over the first three months of the current year, furnishing ample evidence of the revival of business in all lines locally.

The showing by months, with comparisons for the same one in 1907 and 1906, is as follows:

	1908.	1907.	1906.
January	$ 38,183,996	$ 52,341,009	$ 46,833,869
February	36,677,215	53,195,280	43,283,829
March	52,832,360	68,326,895	53,136,776
April	45,411,500	54,386,217	50,028,940
May	42,286,824	52,825,835	47,320,065
June	41,939,967	48,536,027	45,599,050
Totals	$242,533,770	$325,863,184	$286,254,140

The quarterly statement, and comparisons with the two preceding years, follows:

	1908.	1907.
First quarter	$115,895,179	$167,820,055
Second quarter	127,698,591	158,043,129
Totals	$243,633,770	$325,863,184

JOHNNIE DUMPED FREELY.

Owners of Shares Seek Buyers on Los Angeles-Nevada Mining Exchange.

There was no feature of especial interest on the Los Angeles-Nevada Mining Exchange yesterday, unless the free dumping of Johnnie Consolidated could be considered as one. The supposed possibility of a receivership seemed to act as a sort of scarecrow. Sales were made at 1¼, cash, seller ten and seller thirty. The close was at 1¼@1½, with plenty of certificates in sight.

Combination Fraction was sold at 52 to the extent of 100 shares, and the close was at the same figure, with none in the market. Five hundred shares of Jumbo Extension went at 33½, and the final quotations were 31@32. Of Florence Extension 1000 shares were traded at 15. These were the only transactions in the higher grade of Goldfield stocks.

Consolidated was in demand at 5.30, but was not bid for, and Florence was wanted at 1.16, a bid 5 points higher than the preceding one.

There were sales of Dixie at 1½, Baby Florence at 2¾ and Mohawk Ledge at 2½.

THE CITY IN BRIEF

The best way to elude a policeman!

NEWS AND BUSINESS.

Farewell Reception.

A farewell reception will be tendered Rev Burt Estes Howard in the First Unitarian Church tonight, prior to his departure to again take up work in Stanford University.

Handsome Bust Presented.

Max Reinhardt, local sculptor, yesterday presented to the Chamber of Commerce an imposing, life-sized bust of the late Stephen M. White, done in a bronze composition, and mounted on a handsome pedestal.

Mexicans Arraigned.

Francisco Chavez, Ignaccio Barrios and Salvador Armentes, the Mexicans charged with the recent smuggling of six Chinese across the border, were arraigned before United States Commissioner Williams yesterday morning, and bail was fixed at $1500 in each case. The three are in the County Jail, awaiting examination on July 16.

Rests in Evergreen.

The body of Alexander Craw, former deputy State horticultural commissioner, who died at Ahwahnee, Madera county, last Sunday, was brought to this city yesterday and the funeral and burial was at Evergreen Cemetery late yesterday afternoon. A widow and four sons survive the distinguished entomologist who did so much to suppress the scale in the orange groves of the State.

One More Pull.

One more pull, and a strong one, is needed to complete the sale of Chamber of Commerce Fourth-of-July bonds. "We need to sell a hundred more," said Frank Wiggins yesterday afternoon. "Let it be generally understood that we are not running a yacht race, per se, but are taking the first steps in the promotion of trans-Pacific trade with our port. This move, which is set in a guise of pleasure, is of inestimable importance to our business interests."

New England Celebration.

The New England Society will hold its annual Fourth of July celebration at Eastlake Park Saturday morning at 10 o'clock. Interperred with music, the following programme has been arranged: Invocation, Rev. Lewis G. Morris; address, "The New England Society," Dr. W. A. Lamb; reading of the Declaration of Independence, Hugh W. Adams; address, "The New Patriotism," Rev. Arthur S. Phelps. The orator of the day will be Dr. Burt Estes Howard, who will speak on "Democracy and Education."

Sues Santa Fe.

Andrew J. Frederickson, a former yard brakeman for the Santa Fe railway, has brought suit against the corporation in the United States Circuit Court for $20,000. On the night of August 17, last year, he was switching cars in the yards at San Bernardino, and, running alongside in the dark to catch one of the cars in his string, fell into a deep hole and then stumbled over a pile of dirt, which he alleges was left there by the carelessness of the section crew. As a result one of his feet went under the wheels, and was badly mangled.

Widney Bankrupt.

R. J. Widney, well-known man-about-town, whose family has been prominent here for many years, filed a bankruptcy petition in the United States District Court yesterday, and his case was passed along to the referee for adjudication. Widney fixes his debts at $5126.90, and avers that the only assets he possesses are the clothes he is wearing. The largest part of his indebtedness is to his father, to whom he owes more than $2000. He also owes advertising bills to the daily newspapers, an account for medical services, and a small dressmaking bill for his wife.

DIES BEFORE SIGNING WILL.

Victim of Tuberculosis Succumbs to Disease While Instrument Is Being Typewritten.

(BY DIRECT WIRE TO THE TIMES.)

PRESCOTT, June 30.—[Exclusive Dispatch.] A few hours after being admitted to the Mercy Hospital, Maurice Kavanaugh succumbed to tuberculosis without signing his will, which had already been drafted by Asst. Dist.-Atty. J. C. Forest, who reached Kavanaugh's bedside a few minutes after he expired.

Kavanaugh arrived here today from Camp Verde, where he had been camping the last month in hopes that the bracing air of the valley would bring relief. He gradually sank. Conscious that he had only a few hours to live, he sent for Attorney Forest to draw his will.

After drafting the document in accordance with the dying man's wishes Forest left the hospital at 4:30 o'clock to have it typewritten. When he called a few minutes after 6 o'clock his client was dead.

Kavanaugh was 30 years of age, surviving he leaves six brothers, and one sister in New Zealand and three sisters in San Francisco.

His estate consists of over $2900 in cash, besides personal property, which he wished to bequeath in his will to his brothers and sisters.

TRUSTEES ALLEGATION.

President of Ocean Park Board Tells of Attempted Bribery—Saloon Licenses Issued.

OCEAN PARK, June 30.—The Trustees, last night, decided to abandon the announced purpose to make the town a strictly high license one and renewed the existing permits. As adopted, the ordinance places the saloon license at $200 a month, instead of $250.

When the question came to a vote, President Eakins announced that a sum of money had been offered him for his vote in favor of certain licenses. He moved that all existing licenses, except that of St. Mark's Café, be renewed. Included in the list of applications was one for a saloon on Windward avenue, in the name of Shaw and Horgan. This was allowed. Later in the evening the St. Mark's was granted a permit for one month.

The Chamber of Commerce labored for two years to get all open drinking places off Windward avenue, and the granting of the new licenses is not looked upon with favor.

There is a prospect that the reopening of the question may result in the reconsideration of the entire license question at the next session of the Trustees. In that event there may be afforded an opportunity for the prohibition element to have its inning. Should the matter come up on a protest, based on the supposed irregularity of the Shaw license, the deciding vote may be cast by Mr. Griffith, who is strongly of the "dry faith."

Important Notice

To Buyers of Interior Player Pianos and Cabinet Players

Free Exchange of Music Rolls

Our player Piano Music Department has paid such little profit on the 10c per roll exchange plan, that we have decided to do away with any charge whatever on such exchange. In future our whole player music stock will be at the disposal of our patrons and this department will act as a depot for the interchange of rolls between customers. In this manner the exchange will be simplified—merely bring in what music you wish to exchange. We will give you roll for roll and make no charge. This is a most liberal offer and is made to every user of Player Pianos and Cabinet Piano Players who purchased instruments from us.

CONDITIONS

No charge for exchange.
Will exchange $1.50 rolls only for $1.50 rolls—all other values give and take, no attention paid to cost.
All music must be in good condition, no old or worn out music accepted. (You would not accept same from us.)
Cecilian music will be exchanged for Cecilian music only. Standard Gauge music exchanged for Standard only.
All music must be delivered and called for at our store.
Any additional music wanted may be purchased at the new reduced rates and such new music will again be exchanged free of charge.
This offer does away with all existing arrangements and is to remain in effect until further notice.

To Prospective Buyers

This free exchange proposition is one which should be seriously considered when you buy your Player Piano or Cabinet Player. We give you free use of our entire library, which includes thousands upon thousands of classical and popular selections. We invite you to inspect the fine line of instruments that we carry and to have one of our salesmen explain more fully about this free music exchange offer.

OVERTAKEN.

RECOVERS HER LOST JEWELS.

But Woman Surrenders Lover to Get Them.

Former Army Officer Tries to Kill Himself.

Bites Fingers of Physician Attending Him.

Douglas M. Montgomery, who claims to be a former second lieutenant in the Sixth United States Cavalry, and the scion of a wealthy New York family, attempted to commit suicide about 6 o'clock last night in his apartments at No. 464 East Ninth street, when he was arrested for the alleged theft of $1300 worth of diamonds and money. Mrs. Caroline Odea of San Francisco, with whom he eloped five months ago, caused his arrest. Her gems, which she accuses him of having taken, were recovered in a pawnshop on South Main street.

Since the two arrived here they have lived under the name of Mr. and Mrs. George H. Miller. When Montgomery entered their apartments last evening two officers were waiting for him. He was accused of stealing Mrs. Odea's diamonds and pawning them. Without a word he picked up a silver-mounted clock which stood on the center table and hurled it at the woman, striking her on the arm, the officers say. He was overpowered by Patrolman Glenn.

Before he was taken from the apartment he asked to go into the bathroom. Opening the medicine chest he seized a bottle containing bichloride of mercury, and swallowed about ten grains before the vial could be wrenched from his hands.

Glenn threw him on the floor while Mrs. Odea summoned Dr. Mary Alma Cook, who lives near by. While she was attempting to force the white of eggs down his throat, Montgomery clenched his teeth on Mrs. Cook's fingers. It was necessary to pry his jaws apart to release her hand, which was lacerated.

THREATENS SUICIDE.

Montgomery was taken to the Receiving Hospital and after the physicians had worked over him for an hour he was pronounced out of danger. Montgomery declared last night that he intends to kill himself as soon as he is released.

The young man claims he was the son of George M. Montgomery, who died in New York about five years ago, leaving him a small fortune. This he squandered, it is stated, while he was in the army. He secured an honorable discharge in San Francisco in 1905, he says, and since that time has been living off the remnants of his fortune. About a year ago he became acquainted with Mrs. Odea, whose husband is the proprietor of a hotel and café in San Francisco. Five months ago, the police say, he induced Mrs. Odea to elope with him. They came directly to Los Angeles.

A short time ago Montgomery found himself without funds. According to Mrs. Odea's statement to the police she missed her diamonds, and Montgomery denied knowing anything about them. When she refused to sell two beautiful sealskin coats Monday in order to provide him with money, Mrs. Odea told the police, Montgomery beat her. He threatened her, and after he had left the apartments she telephoned the authorities and asked that he be arrested. Officers were detailed and before they arrested Montgomery $1000 worth of diamonds were found in a pawnshop where he is alleged to have placed them. An opera cloak and two bracelets and a necklace which Mrs. Odea say are her property were also recovered.

When they eloped Mrs. Odea had $300. She says Montgomery spent about $200 of it, and the remainder was used for their living. Mrs. Odea has three children, who are with her husband in San Francisco. She said last night that she intends to remain in Los Angeles and appear against Montgomery.

SQUANDERS INHERITANCE.

According to Montgomery's story, his father was a surgeon in the United States Army for thirty-two years. When he died, a few years ago, he says, he left him a portion of his estate, which he admits he spent in high living.

When the Spanish-American War broke out, he says, he enlisted in the Eleventh Nebraska Volunteers at Omaha.

"I saw active service in the Philippines," he said, "and before I was mustered out had been promoted to the position of sergeant. I remained in the Philippines for several months after my discharge. Then, when the Boxer insurrection broke out in China, I went there. In a skirmish in Pekin I was wounded in the leg, and went to a hospital for several months.

"When I came back to the United States I was commissioned second lieutenant in the Sixth United States Cavalry. While serving in the cavalry my father died, and I secured a furlough to visit my family in New York. I sold my part of the estate which my father left me, and in 1905 secured an honorable discharge. Since that time I have been living in San Francisco.

"When I left San Francisco with Mrs. Odea five months ago we both had money. I spent what I had and she spent her money, and then pawned her jewels. I intended to go back to New York shortly to see my folks, and she objected. This, I know, is why she had me arrested."

Mrs. Odea declined to talk last night. She told the police, however, that she will prosecute Montgomery, and will swear to a complaint today.

DIES FAR AWAY.

Angeleno, About to Start Home from South Africa, Is Suddenly and Fatally Stricken.

Upon the eve of his departure for his home in Los Angeles, John Grant, a builder and contractor, was taken suddenly ill with pneumonia in Johannesburg, South Africa, and died within twenty-four hours.

The news of the sudden death of his brother was received by Alexander Grant of West Fortieth street yesterday afternoon.

The glad homecoming prepared by the relatives and friends has been set aside, and in its place is deep sorrow. For weeks the relatives of the faraway Angeleño had planned for his return. Several years he had spent in the Transvaal, braving death in the Boer War, fighting the hardship of climate and earth in his work in the mines, making and saving so that he might come back to spend the rest of his days with his son. The young man, Garnet, a student in the University of California, reached Los Angeles two weeks ago, and all arrangements for a family reunion had been made.

Mr. Grant was born in Scotland, forty-five years ago. He came to this city at the age of 20, and at the time of the erection of the Courthouse, superintended the carpenter work of the entire building.

Later he was senior partner in the contracting firm of Grant & Smith. Upon the death of his wife he decided to go to South Africa. He arrived there at the opening of the Boer War and enlisted in the engineer corps of the British army. He served throughout the campaign, and then entered the service of a big mining syndicate near Johannesburg. He was superintendent of the Robinson Ranfonteon, Ferriara Deep, French Rand and the Village Deep mines.

He leaves a son, two sisters and a brother, all living in Los Angeles.

WOMAN RUN DOWN.

Miss Pauline Worth, collector for the Home Telephone Company, was run down by an automobile at Fifth and San Pedro streets yesterday morning, while waiting for a car. The young women escaped injury. The driver of the machine put on the high-speed and escaped.

UNPLEASANT ODOR.

CLEAN SWEEP THREATENED.

Whittier School Officials Face Hot Fire.

Superintendent Refuses to Hand in Resignation.

Plenty of Evidence, Says Trustee Desmond.

As a result of the investigation at the Whittier State School, eleven other members of the official staff are in danger of dismissal. Nothing but a clean sweep will satisfy Trustee C. C. Desmond.

Superintendent J. P. Greeley must go, says the trustee, as there is alleged positive proof that he has winked at flagrant violations of the rules of the institution.

When the matter is presented to Gov. Gillett, the charges of immorality made against members of the staff by Desmond will be backed up with what is declared to be incontrovertible evidence. Others, besides those already discharged, are declared to be implicated in the scandal.

Superintendent Greeley is ready to fight. He was given a hint yesterday that he would be allowed to resign if he would do so at once, but he indignantly refused, declaring his intention to face any charges which may be pressed.

The assistant superintendent, Dr. W. D. Coffin, is declared by Trustee Desmond to be unfit for the position.

"This matter is to be forced to a conclusion," said Mr. Desmond yesterday. "There is plenty of evidence that the superintendent and his assistant are guilty of more than incompetency. I will not be satisfied until all the facts are out and the charges I have made are brought to the attention of Gov. Gillett.

"With the facts now in my possession, it is possible to prove that one of the officials, Eugene Willes, the discharged bandmaster, has compounded a felony by sending obscene letters through the mails to girls of the school.

SCORES DOCTOR.

"We are paying Coffin a salary of $200 a month, and yet when any of the boys in the school need medical attention we are obliged to telephone to Los Angeles for a doctor. When I was first appointed trustee, I found Coffin and his family occupying apartments in the administration building. He was living at the State's expense and was keeping a pony and cart at the school. The pony was fed on hay which the State paid for.

"When the State Board of Examiners came, it was necessary for the members to find quarters in town because all the rooms were occupied by the assistant superintendent, his family and his friends. He is not living at the school now, but the State is still paying him a large salary to do almost nothing."

There is a ray of hope in the situation for Superintendent Greeley, and his assistant, as Trustee Desmond's term of office will expire in four days. Unless Gov. Gillett reappoints the Los Angeles man, the moving spirit in the investigation will be withdrawn.

That he had claimed to have inside information that Desmond will not be reappointed, was denied by the superintendent yesterday. He said:

"Though it has been claimed that I am fighting him, I have done nothing to influence any one to have him removed from the board of trustees. I have no idea whom the Governor intends to appoint."

WON'T RETIRE UNDER FIRE.

"Until June 7 last Mr. Desmond was my friend. He has changed since that time, for some reason unknown to me, and now he is doing everything in his power to have me removed. I will stay and see this thing out. I don't intend to retire under fire. My turn will come by and by. I don't know what the Governor will do in regard to the charges. He may refer them to the State Board of Examiners."

The trustee's friends say that politics do not figure in the investigation. Desmond is a Democrat, and expects to be reappointed because, as he declares, his work has only just begun. He asserts that, though a Democrat, he is not a politician. He is a strong Taft man, and was one of the organizers of the Business Men's Taft-Sherman Club.

COLLECTING EVIDENCE.

Between now and the time charges are to be formally made to Gov. Gillett, all possible evidence will be collected, it is said. That the accusations of cruelty may be fully substantiated, depositions of boys who have been paroled from the State school, and of inmates of the institution are being taken.

Among other things that will be brought to the Governor's attention is the allegation that one of the attendants, in a fury, jumped upon the stomach of a lad, after brutally knocking him down, causing a serious rupture, and making the boy a permanent invalid. It is to be charged that the superintendent repeatedly gave orders to those under him to "knock the rascals down," meaning the boys in the school.

The charge of disgusting immorality in the boys' department, with the alleged full knowledge of the superintendent, will be considered by the Chief Executive.

It is further averred that the boys and girls are allowed to absent themselves from their rooms at almost any hour of the day or night.

Mrs. C. H. Thompson, matron of the girls' department, will take no part in the present investigation unless she is called upon to testify. She declares she has no complaint to make against the superintendent.

MANY ON ANXIOUS SEAT.

Fifty-six candidates, doctors of dental surgery, seeking the legal right to practice under State license, are now on the uneasy bench; but it will be Saturday before the list of successful men is announced. The State Board of Dental Examiners finds that this examination, now in progress at the dental department of the University of Southern California, is the first in years at which one or more women did not present themselves. Six of the candidates are from the East, the others are from California. The examination goes forward until Saturday, covering carefully both theory and practice.

DESERTS BABIES.

LURE OF AUTO RIDE LEADS WIFE ASTRAY

Mrs. W. F. W. Stock,
missing over a week, and her husband, who is here seeking her. She disappeared from their Long Beach home. He traces all his trouble to an automobile ride.

FASCINATED by her first ride in an automobile, Mrs. Fannie May Stock, 22 years old, the pretty young wife of Walter F. W. Stock, a grading contractor of Long Beach, has deserted her home, her two babies and her husband and has been swallowed up in the great city and left no trace.

The nearly frantic husband has left a big contract at Lancaster to run itself while he searches for the little wife and mother, anxious to find and forgive her, for he says he loves her yet and that he and the babies need her very much.

Mr. Stock says they were happy until one day last year when she took an automobile ride with Edward Abril, a prepossessing young Mexican, who was employed in the Stock grading camp. This one little taste of life seemed to sow seeds of discontent in the mind of the little wife and mother. Theretofore love in a cottage meant happiness; but after the fateful automobile ride Abril accompanied her on occasions to this city and to the theater.

Mr. Stock says she one day told some Long Beach friends that she would leave home. In fact, she told her husband that she had ceased to love him and would leave him some day. But he didn't believe her. He was happy in his way and prosperity was smiling on them; but he admits he was too busy chasing the dollars to think as much, perhaps, as he should have thought about throwing a few diversions and pleasures into her young life. She pined for society, but worked hand in hand with him.

DISAPPEARS UTTERLY.

Then one day last week—it was Monday—she left her home and babies at Long Beach and walked out into the world. Stock was up at Lancaster, working on a grading contract, and he expected her to join him there. He wrote to her every day at Long Beach, but received no reply. Then there came to him from Mr. and Mrs. Wallace Twing a note stating that Mrs. Stock had departed for Palmdale and left the babies in their charge.

But no wife arrived at Palmdale and Stock hurried to Long Beach, only to discover that his girl wife had faded out of sight, after having paid some of the household furniture and telephoning to acquaintances by the sea that it would be a long time before they would see her again.

Aided by the officers and detectives, Stock discovered that his wife had come to Los Angeles on Monday of last week, engaging a room at the Golden State Hotel, Fifth street and Central avenue. The room she engaged for the night was not occupied and Stock learned that his wife had spent her first night in the city with a woman friend of other days.

LEAVES NO CLEW.

The missing wife left the house of their friend the next morning and there the clew ends. She has not been seen or heard of since. If she has eloped, she must have eloped alone, for Stock says Abril is still in Los Angeles and so far as he has been able to discover is not secreting the missing wife.

However, Stock says Abril admits that he gave Mrs. Stock $5, and declares emphatically that he has no knowledge of her present whereabouts. Stock is inclined to believe she is still in Los Angeles, and he is anxious to have her come back. He says he loves her still and is willing to forgive and forget everything on account of the children. The baby is ill and needs a mother's care.

The couple were married seven years ago. Stock says she has been a good wife and mother, always cheerful and never complaining. She was known as a little girl at Hynes and Clearwater as Fannie May Lent, and since being married the young couple have lived at Pasadena and Long Beach, their home there being on the Orange and Anaheim road.

PUSH IT ALONG.

CAMPAIGN IS ON FOR GOOD ROADS.

EXECUTIVE COMMITTEE IS PLACED IN CHARGE.

Headquarters Will Be Determined at Today's Session and an Early Start of Campaign Work Will Be Arranged — New Subcommittees Are Provided for.

As a result of three hours' work by the Campaign Committee of the Good Roads' Association yesterday afternoon, the campaign for the bond election July 30 will be largely in the hands of an executive committee of three. This committee, as decided by the full membership of the Campaign Committee yesterday, is composed of Chairman C. D. Daggett, Sidney A. Butler, president of the Good Roads Association, and F. W. Blanchard. The Campaign Committee will also be enlarged.

Accordingly the new Executive Committee will hold its first meeting this morning in the directors' room of the Chamber of Commerce and determine a number of things that were not determined by the full committee. One of these will be the place for opening a permanent campaign headquarters. This probably will be in the Chamber of Commerce building, though this is not certain.

The Executive Committee will also determine the extent of the speaking campaign in which the best speakers in the county will be enlisted. The general plan of campaign will be mapped out and the start arranged without delay.

The Campaign Committee arranged for a number of subcommittees at yesterday's session. Among those filled were the following:

Organization of voters—Martin C. Marsh, Sidney A. Butler and A. P. Fleming.

Organization of voters in other cities—P. J. Beveridge, Thomas Earley, Harry Barndollar, C. D. Manning, T. J. Walker.

APPETITES LOST.

FORMER SOLDIER RUNS AMUCK.

EXCITING INCIDENT IN GRILL OF FASHIONABLE HOTEL.

Head Waiter Forgets Dignity When Pursued by Apparently Crazy Man With Gun—Patrolman Arrives in Time to Engage in Fierce Struggle—Canadian in Hospital.

Waving a revolver and shouting that he would kill all who opposed him, William A. Small of Toronto, Can., a guest at the Hotel Van Nuys, terrorized the patrons of its grill, yesterday afternoon, while chasing the head waiter.

Small is now at the Receiving Hospital, charged with insanity. He will probably be removed to the County Hospital today.

Early yesterday morning he appeared at the hotel, where his refined appearance created a favorable impression, and engaged a room. Then he went to the Harper-Reynolds Hardware Company, on Main street, and, failing to get a revolver on credit, stole one, the clerks allege.

About noon the new guest sauntered into the hotel dining-room, and was given a table at one of the big windows. As he seated himself, he drew the revolver and placed it on the sill within easy reach. The head waiter noticed this, and sent for a policeman.

Small, after giving his order, called the head waiter to him, and shouted that there was too much noise, and that he did not intend to put up with it. The waiter attempted to argue, and the guest grabbed the gun and jumped up. The waiter ran. Around tables and through narrow aisles he went, pursued by Small. Other guests looked on astonished or scrambled for a place of safety.

The head waiter finally made his escape through the kitchen, and Small, still flourishing the revolver, returned to the dining-room, but that moment a patrolman arrived, and a fierce struggle ensued. The officer conquered.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.

The offer of the New York brokers to take the entire issue of Los Angeles aqueduct bonds is not looked on with favor by the members of the City Council, and no decision was reached in their conference with the Board of Public Works yesterday.

Judge Conrey yesterday gave judgment for Mrs. Lydia E. Gray, who was sued by E. P. Wilbourn for $20, alleged due on a transaction in mining stock.

Evidence was presented to Justice Stephens, yesterday, in the suit of J. D. S. Chalmers against John McCool and eighteen other alleged stockholders of the Palms Land, Light and Water Company, to collect their asserted proportionate indebtedness on $5175 of the corporation's liability.

H. T. and A. D. Rutan yesterday filed in the Superior Court a suit against Occidental College, and others, to declare a trust in the Mrs. Jane Rutan estate.

A new term trial jury was drawn yesterday in the Superior Court.

AT THE CITY HALL.

DO NOT FAVOR BARGAIN SALE.

OFFER FOR AQUEDUCT BONDS STILL UNDER DEBATE.

President of the City Council Thinks Not Fair to Municipality, and Calls Attention to Some of the Requirements — Another Conferences to Be Held Today.

The conference between the Board of Public Works, Attorney W. B. Mathews and the members of the City Council yesterday, to talk over the offer of Kountze Bros. and A. B. Leach & Co. of New York, for the entire issue of Los Angeles aqueduct bonds, resulted in adjournment to further discuss the matter today.

As stated yesterday, the brokers offered to take the present issue of $2,640,000 aqueduct bonds, at 4½ per cent., provided they be given an option on the entire balance of about $20,000,000 at the same rate and it is said the Board of Public Works wished to accept the offer.

The members of the City Council were against the proposal, and their sentiment was probably reflected in what President Pease said after the conference:

"I don't think it would be the right thing to do," he said. "I think it would be all right to let them have the $2,640,000 at 4½, for it seems bonds cannot now be sold at 4 per cent., but I do not think there will be any trouble in selling these bonds whenever we want to, and at a more advantageous price than is here offered.

"One thing I don't like at all, is that while the city is to be bound to let them have the bonds at the rate of more than $800,000 every sixty days, whether we need the money that fast or not, there is nothing whatever providing a penalty on the brokers, in case they do not come through with the money as fast as we need it. Furthermore, as I understand it, there is a clause permitting the brokers to call for the bonds even faster than provided, and they could crowd the whole amount on us within five years if they see fit. It's all one way."

The local representatives of M. W. Halsey & Co., the well-known brokers of New York, is said to have come forward yesterday with an expressed desire that his firm be given a chance at the same kind of a proposition, intimating that he had reason to believe that the city could get a better offer than that under consideration through Mr. Mathews.

POLICE COMMISSION.
MOTORISTS WANT STARS.

The Automobile Club of Southern California renewed its request before the Police Commission yesterday that its directors be appointed special police officers, to aid in the detection and arrest of habitual violators of the speed law.

In a personal letter to Mayor Harper, Secretary C. B. Hopper called attention to the fact that since the motorcycle policemen wear uniforms, adopted at the instance of the automobilists, there have been fewer arrests than formerly. Hopper makes the claim that this is favorable to the idea of wearing uniforms, as it has an influence in making drivers more careful, and hence there are fewer violations of the law and naturally fewer arrests. Action on the request was postponed for one week.

Mayor Harper was not present at yesterday's meeting of the board and after cleaning up the routine business an adjournment was taken until this morning, when several liquor-license complaints will be taken up.

MAYOR CALLS MEETING.
WATERWAYS ASSOCIATION.

Mayor Harper, chairman pro tem. of the meeting previously held in the interest of the formation of a Municipal Waterways Association, yesterday, on behalf of himself and the committee, issued an invitation to those who have taken an interest in the movement. A meeting is called for the Council chamber, tomorrow evening at 8 o'clock, for perfecting a permanent organization and the election of a board of directors.

Fourth of July Excursion to Corcoran.

Spend the Fourth at Corcoran. Inspect the new million-dollar sugar plant, now ready for beets; see the extensive fields of alfalfa, sugar beets, vines, asparagus and other crops, the flowing water and natural gas wells, the new $30,000 railroad depot, the thriving and rapidly growing new town of Corcoran. Special Pullman excursion leaves Friday afternoon; return either Sunday or Monday morning. About one-half regular fare.

Some Exceptional Verse.

Poets with and without national reputations, contribute some excellent verse to the July Sunset. "The Maker of Magnificence," by Herman Scheffauer; "Lines on a Loving Cup," by Charles Warren Stoddard; "The Irreconcilable," by Jacob Brown; "To a Sequoia Forest," by Clarence Urmy; "Invitation," by Mabel Potter Pitts; "As Through a Glass Darkly," by Clara Abbott Maslay; and "Poco Tiempo," by Grant Springer, are some of the poets and their offerings that tend to make the July Sunset an exceptional number.

Lin McLean.

This story of the cow-puncher appearing in the July Sunset, by Owen Wister, author of "The Virginian," is notable among western stories. The cow man is a fast-passing type as the great West becomes fenced and civilized. The novel, which began in the April number of Sunset, appears in installments, each practically complete in itself.

Defense of the American Navy.

The third broadside from the pen of Rear-Admiral W. L. Capps, in reply to the criticism of Henry Hectendahl, appears in the July Sunset. The author deals in this, his third article, on the much-discussed direct ammunition

AT THE COURTHOUSE.

WOMAN BROKER WINS AT LAST.

LOWER TRIBUNAL'S DECISION IS REVERSED.

Buys "Anti-Friction" Stock, But It Makes Trouble—Claims Not to Have Received What She Asked for—Suit Follows Stopping of Payment on Check.

"I told him that I wanted to buy Anti-Friction Journal Box stock, and he sold me Anti-Friction Roller-Bearing stock instead." Mrs. Lydia D. Gray, secretary of the Woman's Mining and Stock Exchange, told Judge Conrey yesterday, in explaining a $20 transaction that has caused trouble between herself and E. P. Wilbourn, a broker.

It was stated that, last November, Mrs. Gray bought of Wilbourn, fifty shares of "Anti-Friction" stock and then stopped payment on the $20 check she gave. The broker said that he did not know that the plaintiff did not want roller-bearing certificates.

"I asked him by 'phone if he could let me have 200 shares of Anti-Friction Journal Box stock and he said he could let me have fifty shares," Mrs. Gray testified. "He brought the certificates around and I gave him the check and then, when I turned the stock over to U. S. G. Todd, for whom I bought it, he discovered that it was not the stock wanted, although the certificates were so nearly like the stock certificates ordered that close inspection was necessary to show the difference. One stock was worth forty cents and the other fifteen cents. I bought the better stock and got the poorer. When I stopped payment on my check, Wilbourn told me he would show me what he would do and he attached my bank account and filed suit against me in the justice court."

Wilbourn swore that Mrs. Gray had simply told him that she wanted "Anti-Friction" stock. He admitted that she gave him a written order for 200 shares of stock, but said that he had destroyed it. He got judgment in the lower court for $20, and Mrs. Gray appealed.

Judge Conrey decided in favor of the defendant.

GOLD PEN FOR JUDGE.
RETIRING JURORS PRESENT IT.

A trial jury, to serve from July 6 during the summer term in Department No. 8 of the Superior Court, was drawn yesterday shortly after Judge Wilbur discharged the retiring jury, which has served since February.

In thanking the court for his consideration, the retiring jurors, through B. F. Groves, presented Judge Wilbur with a gold mounted fountain pen, suitably inscribed. In accepting the gift, His Honor stated that he would promise never to use it signing a death warrant.

The names of the talesmen drawn for the ensuing term of court are: Thomas Sherman, Pasadena; L. H. Case, Santa Monica; George A. Lutz, O. S. Buckley, Lancaster; Henry Ketzle, Colegrove; Winifred C. NOVEL TRUST CHARGE.
INSTITUTIONS INTERESTED.

Alleging that John A. Gallup has distributed to Occidental College, the First Presbyterian Church of Pomona, and the Children's Home Aid Society the bulk of Mrs. Jane Rutan's $46,841 estate, by virtue of a secret trust, H. T. and A. D. Rutan yesterday filed in the Superior Court a suit against him and the institutions named. The plaintiffs ask for all the estate in excess of the third that, according to statutes, can be willed to benevolent and charitable institutions, and that amounts paid to the defendants be declared to be held in trust for the heirs.

The plaintiffs are brothers of Lawrence D. Rutan, who died in 1890, leaving his estate to his wife, Jane, who died in May, 1906. By the terms of her will, made in August, 1903, and probated in July, 1906, she bequeathed to Mrs. May Lorbeer her Pomona residence, and $1000 each to L. A. Rutan, Mrs. R. Wilcox, Mrs. Z. Tuttle and Mrs. Anna Fruich. The remainder of the property was turned over to her counsel, John A. Gallup.

It is asserted that Gallup has given to Occidental College about $25,000 worth of real estate, to the First Presbyterian Church of Pomona about $7500 worth of real estate, and to the Children's Home Aid Society about $5000 in cash.

DISCLAIM LIABILITY.
WATER COMPANY HISTORY.

John McCool and eighteen other alleged stockholders of the Palms Land, Light and Water Company, who are represented by nine attorneys, appeared in Justice Stephens's court, yesterday, as defendants in a suit instituted by J. D. S. Chalmers, as assignee of the First National Bank of Los Angeles. He seeks to collect amounts ranging from $8 to $600, as proportionate liability on $5175 of unpaid indebtedness of the corporation.

The plaintiff asserts that in March, 1907, C. N. Gary, president, and F. E. Clarke, Jr., secretary of the company, gave the corporation's note to the First National Bank for an $8000 loan, $4000 of which is still unpaid, and to H. J. Wollacott a note for $575, still unpaid, for services rendered.

The defendants contend that the court has no jurisdiction, and add that they cannot in equity be held to be stockholders in the corporation, as the transfers of stock to them are not of record in the concern's books.

It is said that when Gary and Clarke promoted the corporation, they got options on properties now controlled by it, and later traded them to the company for stock, which was sold to the defendants in this suit. These sales, or transfers, are asserted to be legally incomplete.

A motion for a nonsuit was taken under advisement.

COURTHOUSE NOTES.
BREVITIES MISCELLANEOUS.

WIDOW'S CONTEST. Mrs. Garnett Arnold, widow of William Arnold, who died in Oakland, March 28, 1908, yesterday filed in the Superior Court a suit for an accounting against Ray H. Arnold and the Alta Planing Mill Company. She asserts that before her marriage to Arnold, in San Bernardino, on February 22, 1907, he promised that he would bequeath her one-half of his estate, alleged to be worth over $200,000. By his will, probated in April, 1908, the estate is left to the testator's son, Ray Arnold, except $10,000 to the widow. The plaintiff also states that Ray Arnold is concealing a portion of the estate. She asks an accounting and that the court decree that one-half of the estate be considered a trust for her benefit.

WOMAN'S CHARGE. Mrs. Roberta B. Smith yesterday filed in the Superior Court a $10,000 damage suit against George B. Puller, whom she charges with having assaulted her on June 11, when, she says, he choked her and tore her clothes off.

DISMISSED. Owing to the failure of witnesses to appear, Judge Wilbur yesterday dismissed a charge of selling liquor without a license, which had been lodged by Long Beach authorities against J. R. Buddock.

ADMIT GUILT. F. Marques, who pleaded guilty to the theft of W. E. Arcy's watch on June 13, will be sentenced by Judge Wilbur this morning. José Martinez will also be sentenced for burglarizing F. Miranda's home on June 8, and F. R. de Barues, who pleaded guilty to having set fire to T. P. Ferguson's building, will hear his punishment. Antonio Romero will also be sentenced for petty larceny, with a prior conviction.

CRUELTY. Calvin H. Thomas, a driver for the city garbage contractor, was fined $20 in Justice Selph's court yesterday for working sick mules.

DOCTOR JAILED. In default of $5000 bail, Dr. F. S. C. Saunders was committed to the County Jail yesterday by Justice Selph. The defendant is accused of having passed a worthless $200 check, drawn on the Ocean Park Bank, on April 21.

WIRE THIEF. A. Hernandes was sentenced to sixty days in the County Jail by Justice Selph yesterday for stealing $5 worth of copper wire from the Pacific Electric Railroad Company, on June 20.

COMMISSION. Judge Jamison yesterday heard evidence in J. T. Saunders's suit against J. E. Yokum for $600, alleged due on a contract said to have been made in August, 1907, by which the plaintiff was to receive the sum named as a commission on a sale of real estate. The defendant denies that a contract was made or that Saunders secured a purchaser for the property.

INCORPORATIONS. Articles of incorporation were filed yesterday with the County Clerk by the Gardena Water Supply Company, capital stock reduced from $200,000 to $10,000; the Greenwater-Victor Copper Company, capital stock $1,250,000; Ship Hotel Company of Venice, capital stock, $10,000; Crystal Mountain Mining and Improvement Company, capital stock, $100,000; Morgan and Wright, capital stock, $1,500,000.

STOLEN PROPERTY.

Alexander M. Draper, proprietor of a junk shop on East First street, was held for trial in the Superior Court under $1500 bonds yesterday, following a preliminary hearing before Justice Rose on a charge of receiving stolen property. Draper is alleged by the police to have conducted a "fence" and schooled boys to steal and turn the property over to him.

TELL OF CLEVELAND.

Speakers of Democratic League Honor Memory of Late Ex-President at Luncheon.

Members of the Democratic League yesterday made their weekly luncheon at the Westminster Hotel in honor of the memory of the late Grover Cleveland, both as a President and a man. Grant B. Bennett, who knew Mr. Cleveland when he was President, delivered the address of the day, and was followed by H. M. McDonald with reminiscences of Cleveland during his public life in New York.

Attorney Bennett told how Mr. Cleveland was a man who could never be swerved from doing that which he believed to be of the greatest number and that he considered his duty. He told of how he cut down the taxes and sent a message to Congress in full knowledge of the fact that it would endanger his chances of reelection. But though defeated in 1888, he was reelected triumphantly in 1892, and always considered that the people had thus indorsed his principle.

Mr. McDonald held that the three great achievements of President Cleveland's career were the establishment of civil service, the enactment of the Wilson Tariff Bill, and the practical foundation of the Monroe doctrine on a sound basis.

TIGER'S BITES FATAL.

Keeper of Eastlake Park Zoo Succumbs After Twelve Days of Agony.

After lingering twelve days in agony at the County Hospital, Herman Gerson, who was bitten by a tiger at the Eastlake Park zoo, died yesterday morning. He had been keeper of the "zoo" for three years. His predecessor was killed by the bite of a rattlesnake.

Gerson was cleaning the animals' cages when the tiger seized him and mangled both arms before the keeper's wife drove the beast off with a pitchfork.

To save the man's life part of one arm was amputated, but this failed to stop the spread of the infection.

WILL CELEBRATE.

Natives of Wales Arrange Varied Programme for Picnic on Independence Day.

Natives of Wales and those of Welsh descent in Los Angeles and their friends will have a picnic at Mineral Park at the city limits in Garvanza on July Fourth at which there will be music and athletic games. The musical programme includes a song by Miss Ella Powell, the singing of "My Country, 'Tis of Thee," led by Prof. Evans of Pasadena, and other selections. Daniel Jones will be the conductor and E. Evans, chairman. There will be an address of welcome by Maj. E. B. Powell and a response by J. A. St. D. Williams.

Among the athletic events the interest centers in the tug-o'-war, one team captained by Evan Peters and the other by Mr. Williams; the losing team will have to buy the ice cream for the winners. Prizes will be given the winners in the races for young men under 25 years, the young ladies' race, for children under 12 years, men's race and married women's race.

RAILROAD RECORD.

TROLLEY PUTS STEAM AWAY.

LOS ANGELES-PACIFIC CARS ON ESPEE TRACKS TODAY.

First Regular Electric Service from Los Angeles to Santa Monica Canyon and Long Wharf—South Pasadena Schedule Also Goes Into Effect—Record Time.

The Los Angeles-Pacific will inaugurate today a service of a train in each direction daily on the newly-acquired Southern Pacific track to Santa Monica and the cañon from the Hill-street depot. The city-bound car will leave the beach in the morning about 8 o'clock, and return in the evening. It will be practically the same as under the steam service. The cars will be transferred to the main line at Ivy, where a temporary connection has been built. This will probably continue until the main line's grade is raised at Ivy, a permanent connection made and double track laid. From Santa Monica to the cañon there will be a single car every thirty minutes.

The last steam freight train ran over the route yesterday, passenger service having been discontinued some time ago. Movable Southern Pacific property not transferred was being taken out yesterday, and the agent and clerk will withdraw today. The handsome passenger depot built about a year ago has been deserted, but will be reopened by the new owners. The freight depot opposite, and back of the North Beach hotel, will become the Los Angeles Pacific's freight headquarters. The present station, several blocks south and on the old Santa Fé line, will be abandoned.

Another good station at The Palms also becomes Los Angeles-Pacific property today. It is more centrally located than the present one on the Venice line that just skirts the edge of the town.

Beginning today, the Los Angeles-Pacific will have four incorporated cities, Santa Monica, Ocean Park, Sawtelle and Hollywood; three other towns, Sherman, Colegrove and The Palms, with all the beaches between Ocean Park and Redondo, the Soldiers' Home and the great oil fields west of the city, entirely dependent upon it, not only for passenger, but also for freight service. A good part of it had before, but the Espee's withdrawal leaves the electric line without a rival on the beach north of Redondo, and in all of the intervening territory.

At present there is no great tonnage originating in this section, except oil, which has only begun, and which should in the future furnish a very heavy traffic. In time, other tonnage may be developed, but for the present the business will be mostly the delivery of supplies at the beaches and towns.

Among minor improvements, the company has installed a portable power sub-station on West Sixteenth street, where the private right of way begins, to supply additional power for the heavier travel and faster service now in operation.

Under the present system the Venice Short Line cars do no city business. That is handled by the Del Rey, Redondo and local cars. City cars run from Fourth and Hill streets to Arlington Heights.

South Pasadena Cars.

The new Garvanza-South Pasadena service in the Pacific Electric takes effect today, and is expected to be a great improvement for Highland Park, Garvanza, Annandale and South Pasadena. All cars run to Mission and Fair Oaks avenues, South Pasadena, and every other car will run to Mateo and Ninth streets, others stopping at Sixth and Main.

From 6:30 to 8 a.m., cars will run every seven and a half minutes, from 8 a.m., to 3 p.m., every ten minutes; from 3 to 6:30 ever seven and a half minutes; from 6:30 to 7 every ten minutes; from 7 to 9 every fifteen minutes; from 9 to 11:40 every twenty minutes. The owl cars will leave Sixth and Main at 1 a.m., 2 a.m., and 4 a.m. The last is the newspaper car, and will run right through to Pasadena.

To the Church of the Angels there will be a car every thirty minutes from Annandale Junction, from 6:30 a.m., until 8 p.m.

New Motor for Orange.

In a few weeks the old steam dummy that has been running for years between Santa Ana and Orange will be relegated to the scrap pile and replaced by a forty-horse-power gasoline motor car now being built at the shops. It is an old coach of the open type used by the Los Angeles Railway on the Chutes line on holidays, with cross seats and running board along the sides. It was laid aside years ago, and would, but for this move, have been broken up or have fallen to pieces. The motor will be operated very cheaply, and furnish a better service. If it proves entirely satisfactory the same plan may be tried on other short lines of this kind whenever a cheap and infrequent service is needed.

Record Electric Train.

The first four-car electric train out of Los Angeles ran over the Los Angeles-Pacific tracks yesterday in charge of C. M. Pierce, manager of the Balloon route, carrying 250 members of the Vernon Congregational and Knox Presbyterian Sunday-schools to Playa del Rey. The trip was made in the record time of 29 minutes. Members of the Advent Christian, Asbury, Pico Heights Methodist Episcopal, and Peniel Hall Sunday-schools also went to Playa del Rey. Six cars were busy on the Balloon route.

SANTA FE SPRINGS SALE.

The Jones & Ryder Land Company reports the sale of the twenty-acre tract owned by Fred Humpler at Santa Fé Springs, well improved with an eight-room house, barns and outhouses. There are eleven acres set to walnuts, eight acres in a fine stand of alfalfa, and one acre in corn. This is a fine piece of property and was bought by Frank C. Farnell for a home. The consideration was $11,000.

IN BEHALF OF INDUSTRY.

GROWERS TO OPPOSE CHANGE OF TARIFF.

Citrus Protective League Names an Administrative Committee to Begin Cooperative Fight for Protection of Oranges and Lemons.

With the most representative attendance of any meeting in its history the Citrus Protective League yesterday prepared for a thorough campaign against a reduction of the tariff on citrus fruits in general and for an increase in the duty of lemons.

The meeting was held at the committee rooms in the Chamber of Commerce. The membership is made up of 146 associations of growers, packers and shippers and a number of individuals. Two-thirds or more of this membership was represented yesterday.

The fruit growers obtained the tariff of 1 cent a pound in 1897. This tariff has enabled the American growers to control the domestic market for oranges but has not had the same result with lemons. Consequently the league stands against a reduction of the tariff and favors an increase, particularly as to lemons. Of the several men present yesterday not one opposed this.

The meeting was called by the Executive Committee of which F. Q. Story, of Alhambra, is chairman. The first business was a report of the work of the Executive Committee since March 5, 1908, and this included the gaining of a reduction of ten cents a hundred pounds in freight tariff to the Atlantic seaboard, which alone made a difference in favor of the California growers of $600,000.

The report also discussed the discovery of the white fly at Marysville, Oroville and Bakersfield and the prompt and efficient course taken by Gov. Gillett to suppress the pest.

"If Gov. Gillett had been a grower himself," said Secretary Kendall, "he could not have done more to eradicate this pest."

COMMEND GOV. GILLETT.

The Governor caused the trees at all these places to be defoliated and paralyzed and had, by this rigid system, interrupted the fly at its start. In doing this the State funds became depleted and the league redeemed $1253 of State warrants, which will be reimbursed after the next assembly, as Gov. Gillett has declared a legal deficiency. The report reiterated its commendation of the Governor's proper action.

Chairman Story explained how a committee had met E. H. Harriman in New York, and, by the force of facts and statistics, secured the reduction of ten cents in freight tariff. In introducing the tariff subject Mr. Story said that it was a matter fundamental to the industry and that it required the most persistent work in 1897 to get the duty of one cent a pound included in the schedule. Without this duty he said the industry would have perished. Now he saw a grave danger to the citrus industry in the demand for tariff revision and he believed, unless the citrus growers are alert and united the duty which had given them control of the domestic market might be eliminated.

For the purpose of discussing the tariff question separately, C. C. Chapman of Fullerton, one of the largest growers in California, was called to the chair, A committee of five was authorized to choose an Administrative Committee of thirty during the recess.

Secretary A. G. Kendall of San Bernardino then presented the attitude of the league with reference to the tariff question and coöperation with other fruit-growing organizations. Through correspondence he had kept in touch with the orange growers and citrus producers of Florida, Texas and other States. This work has kept the interest of many members of Congress in the citrus industry and insures a reliable nucleus to resist any attempt to reduce the present tariff rate.

Mr. Kendall said the league also kept in touch with the conservative farming organizations of all parts of the country in order to have their moral support if any attempt to alter the tariff schedule was made. It was the plan to expand this work, and get in active coöperation all the organizations of the country that are included under the agricultural schedules, which includes fish and animals, and thus gain the support in Congress of regions that have no interest in the citrus industry.

B. A. Woodford spoke of the importance of the maintenance of the citrus tariff. "There is one hundred millions invested in this industry in California alone," said Mr. Woodford, "and the tariff is the greatest question affecting it."

M'LACHLAN SPEAKS.

Congressman McLachlan recalled the conditions in the citrus belt when the tariff of 1897 was obtained. The demand for the tariff was a contention for the very life of the citrus industry. He was not so sure, he said, that the appeals that were so forceful then in getting the tariff could be reiterated now because the industry had been prosperous. The fight then showed freight bills with the "red ink" charge to the grower for freight on consignments that had brought no money. It was by such showings of failure, and that many were employing available ground to other purposes that the tariff concessions had been gained.

"I am not one of those," said Mr. McLachlan, "who have been clamoring for a revision of the tariff. California industries, well protected as they have been, have been prosperous and peaceful. But we are now up against a tariff revision, and in this connection let me say that it is not going to inure to your benefit for the newspapers to be printing wonderful stories of $1000 profit to an acre, because such things are bound to come before the Ways and Means Committee when it meets to discuss the revision. We all know how few orchards are making any big money."

Mr. Woodford declared that the same foreign ships were bringing lemons and oranges to New York, and that the same red ink sales were abundant in California as when the tariff was asked, and that there was now just as much need for an increase in the tariff as there was then for the imposition of any duty. Without an increase the American grower would never control the domestic market.

ADMINISTRATIVE COMMITTEE.

In explaining the growers' profits, alluded to by Mr. McLachlan, Mr. Story said the committee that presented statistics to Mr. Harriman in order to secure a reduction of freight tariffs had shown that, of all the shippers in the exchange, "one-third did not get back new dollars for old ones, one-third did get new dollars for old ones, and one-third showed a profit—many of them just a little profit."

At the afternoon session, the following committee of thirty was reported and unanimously constituted the Administrative Committee: C. C. Chapman, Fullerton; S. J. Beals, Orange; B. A. Woodford, Claremont; C. M. Brown, Redlands; H. B. Chase, Riverside; C. C. Teague, Santa Paula; E. S Moulton, Riverside; R. C. Merryman, Exeter; Carl Smith, Highlands; H. F. Cail, Corona; E. M. Lyons, Redlands; J. L. Paul, Upland; W. G. Fraser, Riverside; W. E. Sprott, Porterville; E. F. Van Leman, Colton; P. J. Dreher, Pomona; H. G. Garston, Redlands; James Slauson, Azusa; F. Q. Story, Alhambra; W. H. Young, Duarte; R. C. Aller, Bonita; W. P. Harrimon, Oroville; J. S. Edwards, East Highlands; G. D. Whitcomb, Glendora; C. M. Crawford, Covina; E. W. Hart, San Dimas; A. Gregory, Redlands; George Frost, Riverside; C. E. Rumsey, Riverside; W. E. Pedley, Riverside.

This committee is to meet one week from today at the Chamber of Commerce committee room, and will permanently organize. C. C. Chapman will probably be chosen as chairman and A. G. Kendall as secretary. The work will probably be concentrated in an Executive Committee, which will conduct the campaign for sustaining the tariff and the increase of one-half a cent a pound on lemons. Mr. Kendall, by reason of his extensive correspondence with other interests, is regarded as being well prepared to direct the campaign which the league has begun. There were many speeches indorsing his official services by growers at yesterday's meeting.

Leaders of the California Citrus Fruit League, who began a campaign yesterday to sustain the tariff on citrus fruits, and who will ask the co-operation of all agricultural elements, East and West.

CURES ECZEMA QUICKLY

New Drug, Poslam, Now Obtainable in Small Quantities.

Since its discovery, one year ago, the new drug, poslam, has successfully cured thousands of chronic cases of eczema and other distressing skin afflictions. Heretofore, poslam has been dispensed solely for the benefit of eczema patients in large jars sufficient for a month's treatment. This was found to be an inconvenience to many thousands who use it for minor skin troubles, such as pimples, blackheads, herpes, acne, scaly scalp, complexion blemishes, itching feet, piles, etc., which require but a small quantity to cure. To overcome this, and in response to urgent appeals; the dispensers of poslam have been obliged to adopt, in addition to the regular two-dollar package, a special fifty-cent size, which in future may be found on sale at the Owl Drug Co. and other leading drug stores in Los Angeles, or may be ordered direct from the Emergency Laboratories, No. 32 West 25th street, New York City. In all eczema cases poslam stops itching with first application and proceeds to heal immediately; chronic cases being cured in two weeks. In less serious skin troubles, results are seen after an overnight application.

Samples for experimental purposes may still be had, free of charge, by writing to the laboratories for them.

There is a Vast Difference Between The LUDWIG PIANO and its nearest competitor—a difference which comparison proves wholly in favor of the Ludwig. The rich, sonorous tone of the Ludwig, its perfection of action, of design, of finish, and that indefinable character, which might be termed personality, make an appeal to the lover of a good piano well-nigh irresistible.

¶ Ludwig Pianos are built on honor of materials so carefully selected as to justify their makers in guaranteeing every Ludwig Piano for a lifetime. This guarantee stands for satisfaction, for perfection of workmanship, for scrupulous care in the most minute detail of construction and of finish.

¶ Ludwig prices are within your reach, and are founded on actual cost of building and musical worth. Lower-priced than any piano near its real value, the Ludwig is better in every detail than most pianos selling for $100 more. Easy payments if desired.

TAFT AND SHERMAN.

For President. For Vice-President.

Editorial Pen Points

The next number on the programme will consist of "the rocket's red glare."

Mr. Lane says the railroads are making money again. More results of Taft.

The Denver convention has already been held at Mr. Bryan's home in Lincoln, Neb.

John Hays Hammond appears to have been relegated to the obscurity of his salary of $500,000 a year.

Eastern industrial concerns are reemploying all their idle men. The Taft smile has already begun to work.

"What will Bryan do if elected?" asks a magazine writer. Why worry about something that will never happen?

It is now believed that Mr. Bryan will be forced to divide the honors of the Denver convention with Sam Gompers.

The smiling harvest fields of America are but the reflection of the smile of the next President of the United States.

We have no doubt that William Winter considers his experience in the Santa Fé Railway wreck sufficiently dramatic.

"There is no Democratic party left," said David B. Hill, as the ship which bore him to Europe left the docks. He took it with him.

Mr. Rockefeller is to write the story of his life. It will differ somewhat from the story written on the same subject by Ida Tarbell.

The East reports that the air in that section of our common country is now less heated. The Democratic politicians have left for Denver.

Imagine all the Fourth of July orators who will be practicing before mirrors throughout this broad land right along now till Saturday morning.

King Alfonso now having two heirs to the throne, he will expect the Spanish Cortes to arrange matters so that something will be thrown to the heirs.

Speaking of the Mexican "revolutionists," Vice-President Corral says, "The Rurales will catch them." Anybody will be sorry for them after that.

A dispatch says that German editors are excited over the movements of British warships. But it is not very difficult to excite a German editor.

"What the American workingman wants is good wages," says the Omaha Bee. That's what he has been getting and is getting, if anybody should ask you.

When Gen. Castro dies, his friends should do him the justice to place on his tomb this inscription: "He defied the whole world and made it stick."

It must have been by some strange oversight that the club women at Boston failed to direct the married men of America how to vote at the next election.

It might happen at Denver that the convention would frame a platform displeasing to Mr. Bryan, but they cannot frame one that he will refuse to stand on.

John W. Gates recently gave a farm to an old friend. We trust it was not the kind of a farm that a man sometimes thinks he would like to give to his enemy.

Seeing that it will make no difference, anyway, Mr. Bryan need not exercise any special judgment as to the geographical location of his candidate for Vice-President.

About this time, 132 years ago, there was a little bunch of Americans gathered in Independence Hall, Philadelphia, who had some very serious business on their hands.

The Filipino Assembly declares that the islands are ready for independence. Mr. Taft will doubtless look into the matter soon after he takes possession of the White House.

The institution known as the Parliament of Infinite Wisdom has gone out of business. Thus, once more, is the responsibility thrown back on the shoulders of the magazine writers.

A British admiral gives it as his opinion that the next war will take place in the Pacific. He might have added that everything else of any importance, from now on, will take place in the Pacific.

Between giant firecrackers, kegs of powder, cannons, automobiles and inadequately-built grand stands, the undertakers of this country expect the Fourth of July to turn them in a good deal of new business.

We give this as a pointer to the delegates who are instructed for Bryan, but who do not want him nominated: Build a platform that will be so safe and sane that no demagogue can consistently make use of it.

As though it were not already the city of architectural freaks and crimes, New York is to have a building more than 900 feet high. Probably it is being built with the idea of having an airship station on the roof.

GOVERNMENT BY PARTY—POSITION OF "THE TIMES."

One of the most important statements made two weeks ago at the Republican National Convention may be found in the address of the presiding officer, Hon. Henry Cabot Lodge, the scholarly Senator from the State of Massachusetts. No intelligent American citizen will attempt to belittle the patriotism or the good citizenship of this distinguished statesman. The statement referred to was couched in language like this: "I believe in govenment by parties. This country is governed by parties, always has been, and always must be." With the fact in mind that parliamentary governments everywhere, at all times, have been by parties, we subscribe out of a willing mind to the thought thus expressed by Senator Lodge.

There never was a time in the history of the United States when government by party was so important, so imperative, as at the present time. This is so because we are passing through a transition period in political thought which is crucial in its effect on the future history of our country. The voters are sharply divided into two great parties on a dozen fundamental issues. These go to the very roots of our system of government, and create an irrepressible conflict, not on matters of expediency, not on questions that are sectional, not on accidental facts. They are radical, and on their decision hinges the continuance of the government upon the basic principles on which it was founded.

We do not propose to argue now the pros and cons of these radical ideas, but to set them forth in outline, with the purpose of showing the lines of thought which separate the people, what we conceive to be the Republican faith, and therefore what each voter must stand for or against.

I. First, we conceive that this government was meant to be, and has been for 130 years, a representative republic. The people specifically relinquished their rights to themselves make, construe, or execute laws, and entrusted these functions to their own chosen representatives. The people did not directly make or adopt the Constitution. That was done by the States, acting indirectly for the people. The government set up and put in motion is one of many checks and counterchecks, with three branches, each independent of the others; one to make laws, one to construe laws, one to execute laws. It is our opinion that this system has worked more nearly perfectly for 130 years than any other system under which men ever lived. We see no reason now to change this system, or to impair by the strength of one hair the functions of any branch in order to enhance the power of any other branch, or for any other purpose.

This is the creed of the Republican party today. It is opposed by all Populists and Socialists, and by all citizens of similar views who clamor for direct legislation in one form or another, and who are insistent for checks in one direction or another by which this tripartite system of government would be materially impaired, in some cases strengthening one branch and weakening the other. Above all, citizens of such views are hostile to the judiciary, which they would make amenable to public impulse or to executive dictation. The former would be very dangerous; the thought in the latter is shallow, because while today we may have a brave, just, able Executive, tomorrow we may have one in all respects the opposite. Principles, not men, are the foundations of the government. Ample provision is made for replacing men who are not of the right type. To change principles requires a revolution.

II. Secondly, the great, wise, patriotic statesmen who planned our form of government held to the deeply-radical principle that the functions of government were broadly to stand between man and man, to the end that each should conduct his business honestly, providing for the punishment of the dishonest and vicious, and thus guaranteeing to all life and liberty, leaving each to pursue his happiness in his own way and according to his own judgment. This being accomplished by just laws, general in their effect and applying equally to all, the idea of government, as expressed by one of the founders, was that the "government which governs least governs best." The government was to leave the business of the people in the hands of the people so long as that business was lawful and lawfully conducted.

This, again, we conceive to be still the wisest and best form of government, shown to be so by the experience of all our history. Looking at the question so, and this being still the creed of the Republican party, we are unalterably opposed to the newly-conceived idea of Populists and Socialists that the government should become in any degree a great corporation to enter the fields of finance, industry and commerce, own railroads, in detail monopolize the banking business, pry unnecessarily into the pursuits of the people, or, in a word, put its fingers into purely personal and private affairs one line beyond what is necessary to protect the honest citizen from the dishonest.

We recognize, and have time and again expressed our views, that corporations, deriving, as they do, their existence from the people, and existing primarily for the people's benefit, are justly subject to direction and control by the government under equal and justly-executed laws. But we think there are two sides to this, and that the greatest care is necessary in doing this work, so that the just interests of the stockholders may be respected, and still more, that the activity of the industries of the country may not be interrupted, to the great loss and detriment of the vast body of wage-earners who depend on these industries for a living, and the vaster body of consumers who use the products of these industrial establishments, the prices of which products are always unfavorably affected by wrong industrial conditions.

III. Thirdly, a basic idea in the minds of those who planned our form of government was that all laws should be general, apply to all men alike, and be administered in all cases alike. No man is poor, none rich, no one weak, none strong, no one powerful, none weak, no one has influence, none is without it, in the eyes of the law. The law-breaker and the law-obeyer include all people at the bar of judgment. The law-obeyer shall be free, the law-breaker shall be punished. The Republican party still stands—and may it ever stand—for these principles, these high ideals. Standing with our party on these fundamental ideals, we are unalterably opposed to a law which shall put a business man in the penitentiary for an offense which shall be lawful if done by a laboring man out on strike.

IV. A trust in steel products or in food products shall be dealt with in the same way as a trust in labor, not otherwise. One body of men shall not be permitted to tie up the transportation business of the country and reduce the people to a condition where they must perish for food or fuel, while some other body of men are severely punished for partially restraining trade in a commodity which is, perhaps, not a necessity of daily life.

V. Remember, the Republican party has since its birth stood for tariff protection to American industries and for the wage-earners who live by these industries against the intolerable competition of low wages in other lands. The party has stood for ample protection, and its view has been, above all and before all, to make the protection high enough. The idea has not been that American labor shall stand on a plane but a little above that of Belgium, or Japan or of China. The Republican party has not been content that our working people shall have meat every day and be protected from the rigors of the climate. The aim of the party has been to secure for all toilers wages which, besides furnishing them a home, shall make that home a model of comfort, and then add to it something of art. The American laborer is to have comfortable garments for every-day wear, and then, if he is industrious, diligent and thrifty, he shall have a suit in which he may go to church and not feel ashamed. His wife shall wear silk if she desires to do so, and his daughter shall have a piano and learn to play it. His son is to have educational opportunities which shall fit him, if he has talent, to sit in the Senate, or become President, as many poor men's sons have done.

The tariff is no fetish with us, nor with any intelligent Republicans. We are committed to a revision of the schedules now in force for ten years. But come near home. We are for a Republican revision, not one by free-trade Populists. California has prospered as never before under the present tariff act. Oranges, lemons, raisins, wines, brandies, nuts, prunes, barley, hides, wool, almost all that grows in this State is well protected. With full knowledge, and thinking carefully of these things, The Times has been reluctant to have the tariff disturbed. We hope that if the revision is done by real Republicans, who understand the subject, our interests will not be put in jeopardy.

So we might go on through columns, setting forth the radical difference between the Republican party and the Populists and Socialists. There is no Democratic party any more. The Republican party stands for all that was ever good in the party of Jefferson, Jackson and Cleveland.

But what is said here will justify Senator Lodge in his stand for government by party, will show where The Times stands, and why it stands there. Our stand is for fundamental principles, and so long as we think these are wise and good, not to defend them would be unwise, cowardly and grossly wrong.

VI. We stand for the punishment of the guilty and the guilty only, after fair trial and due conviction upon the evidence adduced; and we are against the outrageous assumption that any man, high or low, is guilty until he shall first have been proven guilty before a competent court of law—not by popular clamor, political condemnation or trial by newspaper.

VII. We oppose graft and grafters, and especially condemn false-alarm prosecutors who fail to put into the penitentiary big criminals whose guilt, having been confessed, is notorious.

We are against the lawless and despotic labor trust, not against honest labor of any kind, whether organized or unorganized. We hold that the Gompers labor trust, operating under the title of the "American Federation of Labor" and other plausible names, is as unworthy, as lawless, as menacing, as unwarranted and dangerous as the mightiest trust ever created by law-defying capitalists—whom we oppose—anywhere or at any time.

No honest, candid and intelligent man mistakes the attitude of The Times on the great questions of the day.

"JULY DISBURSEMENTS."

ALEXANDER CRAW DEAD.

The headline is the simple declaration standing at the top of a short item in The Times of Tuesday morning. It is as modest as the character of the man who has passed away. Yet he merits more attention at the hands of Los Angeles and of California in general.

Thirty years ago Alexander Craw came here from his native Scotch heath and took a humble position on the great Wolfskill orange grove, standing then where the Arcade Depot is today. Occupying a position little superior to that of a ranch hand, the faithful servant was scarcely known outside of the family of his employer. Less than ten years later, when the cottony cushion scale attacked the orange groves of Southern California and threatened to exterminate all vegetable growth in the State unless means for checking the predaceous insect could be found, Alexander Craw was, perhaps, the most earnest student of the subject in all California. He devoted himself with energy and intelligence to the study of this predatory bug. He tried all kinds of experiments, all of which failed, until the vedalia ventralis was brought into the country, which in twelve months rid the State of this voracious insect. Craw's close study of predatory insects gave him such standing that he soon was put upon the State Horticultural Commission, and remained in the public service in that capacity until near, if not quite, the time of his death.

The place was more or less of a perquisite of the bosses in politics. All sorts of fakers attached themselves to the service for what there was in it. Commissioners were frequently appointed in different counties so utterly ignorant of the subject that it was remarked of some of them that they could not distinguish a vedalia from a bullfrog. Craw was not only a close student but a faithful servant of the public. His life remains a distinct asset to the fruit growers of the State of California, and they could scarcely spend money for a better purpose than in erecting a monument to the memory of Alexander Craw, who died at Ahwahnee, near the Yosemite Valley, last Sunday afternoon.

FINE DIGESTION.

How many read carefully the item of news in The Times Tuesday morning, which told of the work of one of the deaconesses in the Bethlehem Institution, by which the foreign children are digested into American citizens?

It is a great task we undertake. For several years over 1,000,000 immigrants a year have come into the country. In eighty years, 21,000,000 have arrived on our shores.

They come from all parts of the earth. A small percentage speak English. Not much more than half of them can read in any language. They are mostly very crude material. Much of it is poison to the body politic.

Only in late years have we undertaken any systematic effort to aid in the digestion and assimilation of this raw mass, so much of it tough, some unwholesome. The public schools have done most of the work. Lately so great numbers have come that it has been found expedient to provide aids to digestion, and this is a part of the work the Bethlehem Institution undertakes. With such aids, with the public schools, the opportunities to rise found here, the example of good citizens of foreign as well as of native birth, we do chew up and assimilate this heterogeneous material, and make good Americans out of most of it.

JULY DIVIDENDS.

July disbursements for dividends and interest in the United States will not fall much below last year's mark. The total to be released today is $190,349,911; last July, $194,279,326. Dividend disbursements for the two years are $77,206,295 this year, and $83,259,023 last. The interest payments are $113,143,616 for 1908, and $111,020,302 in 1907.

January and July are the great interest and dividend-paying periods, but such disbursements are made every month. For six months of this year the total interest paid is $452,251,823; dividends, $344,059,420. The grand total is $796,311,247.

If all bonds are taken, railroad, industrial, municipal, government, etc., the securities on which interest is paid in July amounts in the United States to $5,695,117,850.

HONEYMOON COTTAGE.

This little house a haven forms
Against life's troublous weather;
Where twain may ride out fiercest storms
In perfect peace together.

Though small appears the space thereof,
'Tis ample for contentment—
There's room enough for tons of love,
But no inch for resentment.

The light that from the windows streams,
A beacon 'midst the gloaming,
Shall shine with loyal, steady beams,
As signal set for homing.

For faith and cheer, for smile—and tear,
For charity ungilded,
For night and day and changing year
This little house is builded.
—[Edwin L. Sabin, in Smith's Magazine.

A Society Woman's Revenge.

One of our young society women has a very good-looking husband, of whom she is most proud. Having noticed that this gentleman was paying marked attention to a lady in her own set, she kept a careful watch, and was fortunate enough to discover among her husband's papers a number of letters written by the said lady.

She then reflected as to what course she should pursue. She thought long, and at last hit upon a strange plan.

From among the correspondence the lady selected four letters, pasted them on the back of her fan, and then accompanied her husband to a dinner where she knew she would meet her rival. It was not long before the fan attracted the attention of the guests, who asked to be allowed to look at it.

The fan then passed from hand to hand, and when it reached the rival she turned crimson, and, under the pretext of a sudden indisposition, withdrew hastily.—[The Gentlewoman.

No matter how much a woman loves her husband, she would not be happy if she thought he was having anything but a miserable time while she is away on a vacation.—[Syracuse Post.

MUSIC AND THE STAGE.

The Orpheus Club concluded its third season last night with a concert in Simpson Auditorium, a recital before an audience that filled the house.

This institution is the youngest but most persistent of the recognized choral bodies of the city, and in its marked progress from season to season, has shown great promise.

The club was organized to fill a want which the Ellis Club left unsupplied—namely, to occupy the talents and voices of a group of young men who liked concerted singing, but who had no place nor organization for the exercise of their talents. The club has shown faults which might have been expected, but it has proved its solid worth by its steady progress, and by the general recognition which it has forced from the music loving public. Mr. Dupuy has given unlimited energy and almost unlimited time to the fostering of this, his pet idea, and the result is a fine testimonial to his enthusiasm.

A variety of works was undertaken last night, varying from the ponderous chorus of Bishops and Priests, from Meyerbeer's "L'Africaine," to such a bright, nonsensical trifle as Abt's "Laughing Song."

This, however, was most delightfully given, and the "L'Africaine" number was voiced with tasteful expression, if not with demanded power.

Especially pleasing was Clarke's "Wandering Singer's Patrol," which demonstrated better than any other selection the blending of voices which the club is slowly achieving.

The only undertaking of doleful result was Sullivan's "Lost Chord," the last thing on the programme. They lost the chord, and that right early, one reason, perhaps, being the sudden strike of the antediluvian organ of Simpson's, which actually died under the hands of Mrs. Ada Marsh-Chick.

Among the soloists was Leroy Jepson, who sang "Salve Dimora," with expressive feeling, though not ascending to any of the heights of the excerpt; Robert McClure Granger, who delivered Schuman's "Ich Grolle Nicht" with splendid effect, and Miss Faith Nash, mezzo soprano of rich and promising voice, who was heard in three songs—Goring Thomas's "My Heart is Weary," Giordani's "Caro Mio Ben," and Lambert's "A Barque at Midnight"—with an additional list of encores.

Mrs. Ada Marsh-Chick was at the organ—when the organ was working—while William Edson Strobridge, as usual was the accompanist.

"Bob Jones of Yale," a typical romantic comedy of the "popular" type, is holding the Belasco stage this week, in the interim between the glory of "The Girl of the Golden West" and the bright prospect of "The Rose of the Rancho," which is in arduous preparation.

The hero is a Yale man, who is a leading figure in one of the overnight revolutions of South America. There are the industrial anarchial groups of populace, the patriotic excitement on tap for all hours, and, of course, the Princess, whose royal affections are at the mercy of the American.

"Admiral Paul Jones," with Maude Beatty and Olga Stech in the leading roles, is the principal attraction at the Unique this week. A rousing finale of national airs gives a Fourth of July atmosphere to the affair.

"The Professor's Dream," by the Unique Comedy Company, is a laughable matter, whose cast includes James Lee, Marie Barbier, Charles Perley, Maxie Mitchell, George Morrell, Rose Rehn and Lola Radcliffe.

Fischer's Chronophone Theater, on Spring street, has new films and records this week, which are European importations.

Herr Fischer's comedy at his little first-street house this week is "On the Sly," another of Richard Cummings's adaptations. The author, Herb Bell, Willis West, Evan Baldwin and the Misses Bessie Tannehill, Nellie Montgomery, Pearl Jardiniere, Hazel Salmon and Ethel Jones are congenially cast.

"The Swastika," a play by William Stoermer, of this city, will be produced at the Mason Operahouse next Monday night by a company recruited largely from the local stock companies. The story of "The Swastika" has to do with the incidents of the political campaign of four years ago, and the scene is laid in this State.

AERO CLUB PLANS.

Airship Flight Under Its Auspices at Venice—Colors Selected and Seal Under Consideration.

Time permitting, the first airship flight in Southern California, under the auspices of the Aëro Club of California, will be made by W. A. Hall in a dirigible balloon at Venice on Saturday. He has had some trouble obtaining his balloon and it will be necessary to make thorough tests of the material before flight is attempted. If possible, he will utilize his patented propeller shaft, which does away with all rudders, or planes on the dirigible balloon. Colors for the Aëro Club are blue and white. A suitable design for a seal, as well as emblem for the organization, will be selected from a number of models which have been presented. The meeting night will be the first Tuesday of every month.

SOCIALIST BEHIND BARS.

With a flag wrapped about his body, V. V. Halloway, a Socialist agitator from Seattle, was arrested last night for making an address without a permit at Winston and Main streets. He was locked up in the City Jail, in default of $300 bail.

Parasols At Half

and in many cases, less

(On Sale Thursday)

Close to four hundred of this season's latest productions—the ends of lots left at the close of the maker's selling season—came to us on Monday for a lump sum representing less than half their market value.

$1.25 and $1.50 Parasols at 75c.
$3.50 and $4.50 Parasols at $2.00
$5 to $6.50 Parasols at $3.50.
$8.50 to $12 Parasols at $5.

Included are handsomely embroidered linens.
Plain white and colored linens.
Striped and checked taffetas.
Plain taffetas in all colors.
Linen and unlined pongees.
And the immensely popular 16-ribbed La Belle Tokios in a variety of silks. (On sale Thursday, not today.)

Tomorrow's papers will tell of some very remarkable values in corsets and millinery.

$15 to $30 Dresses On Sale Tomorrow at $8.50

This season's most favored styles in washable dresses for girls of 6 to 18 years.

A collection of a hundred or more garments divided into four lots and marked at prices averaging less than half their actual value.

$2.50 to $3 Dresses $1.50.
$4.00 to $6 Dresses $2.75.
$7.50 to $10 Dresses $5.00.
$15 to $30 Dresses $8.50.

The assortment includes just about every style and fabric in favor this season; and when they can be bought at this rate, it makes home-sewing a useless waste of time and patience.

Then too, home-made garments lack that air of grace and individuality which characterize this maker's products. On sale Thursday.

Annual July Blanket Sale

This blanket sale will be a success, not only because prices are low, but because people know that we allow no misrepresentations as to quality or size of blankets. If we say a blanket is all wool, depend upon it, IT IS. If it's part cotton or all cotton, we'll tell you just as truly, and charge you a lower price accordingly.

And no bedding taken out of this house over night is subject to exchange or return—that's for your protection.

Pongees for Less

Pongees for coolness, likewise style. You'll doubly appreciate a saving on the most popular of these popular silks.

Plain colored pongee suitings, in a wide range of shades; none worth less than 85c, a number of values up to $1.25 a yard, on special sale at 75c.

24-inch silk glace suitings, pongee weave, with an especially lustrous finish; plain colors and stripes; some on display in a Broadway window, $1 yard.

Really excellent $1.25 values, as other stores reckon.

75c Ribbon Belting 50c Yd.

Narrow beltings of the styles that have been most favored this summer, at less than you'd expect to pay for them.

Gros grain ribbon beltings in stripes, zigzags and designs; practically all colors on white; good 75c values at 50c.

Combination Muslinwear Cut

We can offer you very attractive prices on three pretty styles of combination undergarments today, because we bought them away under value.

Skirt and corset cover combinations, made from fine Persian lawn, with Swiss embroidery and Valenciennes lace trimmings; $5.00 sorts for $4.15; $7 sorts for $5.25 and $7.50 sorts for $5.65 each. Early selection will be most satisfactory, before size ranges become broken.

Be a Porch Dweller

Porch too sunny, or draughty? Lots of people make up their minds that their porches are the wrong kind—wrong exposure—wrong shape—wrong something—and that nothing can be done to remedy them.

Of course that's all nonsense; bring us the measurements; tell us whether the porch is broad or narrow—whether it looks east or west, is high or low, then we can advise you what sort of a screen is necessary. We've sizes from 3 feet wide, 6-foot drop, at 60c, to 12 feet wide, 8-foot drop, at $10.75. Then there's the question of floor coverings. You want something easily shaken and kept clean; not too light, not too heavy; durable, and of suitable color. China, Japanese and fiber mattings may be had here from 15c to 60c a yard; reversible grass rugs, 18x36 inches, 40c, up to 9x12 feet, $9.75; imported reversible matting rugs, 4x6 feet, $1.90; up to 9x12 feet, $8.60; Colonial Pilgrim reversible rugs, 3x3 feet, $1.35; up to 9x12 feet, $11.85, and sanitary wool and fiber mixed rugs, 36x65 inches, $1.65, up to 9x16 feet, $13.75.

Wedding Postponed.

The wedding of Miss Bessie Austermell, daughter of Mr. and Mrs. W. T. Austermell of No. 1581 West Twenty-ninth street, to J. Arthur Kelly of Berkeley has been indefinitely postponed on account of the serious illness of the groom-elect.

—o—

To Entertain.

Thursday afternoon a theater party and luncheon will be given as a compliment to Miss Edna Chapin, whose engagement was recently announced. The hostess will be Miss Mabel Smith, Miss Gertrude Cohen, Miss Helen Tappe, Miss Helen Judson and Miss Helen Page. Guests will include members of the bridal party.

—o—

Card Party.

A most enjoyable birthday card party was tendered Mrs. Ellis H. Holmes, who is visiting in San Francisco, by her friends at Hotel Jefferson. Recitations and music were among the pleasant features of the afternoon. Among those present were Mrs. W. H. Stoenalt, Mrs. Charles Thoen, Mrs. Jennie Valentine, Mrs. Anna Cornwell, Mrs. A. J. Engles, Mrs. Henry Flood and Mrs. Louise Terry of Los Angeles.

—o—

Auditorium Wedding.

Miss F. Fern Andrews and L. Whitney Bray were married last evening at Berean Hall, Temple Auditorium.

—o—

At Christ Church.

Christ Church was the scene of a pretty wedding yesterday morning when Miss Edith Churchill Allison, formerly of this city, and Sidney McHarg of Calexico were united in the presence of relatives and a few intimate friends. The service was read by Rev. Baker P. Lee. At its conclusion a breakfast was served at Hotel Alexandria. After an extended tour through the North and East, Mr. and Mrs. McHarg will go to Europe for several months.

—o—

Afternoon Wedding.

The marriage of Miss Lola V. McYill of Bowen, Ill., to William I. McIntosh of this city was solemnized yesterday afternoon by Bishop McIntyre. After the wedding journey the popular young couple will make their home in this city.

—o—

Summer Outing.

Mrs. William P. Dickinson of Gramercy Place and her daughter, Miss Laurel, leave tomorrow for San Francisco and other northern points. Before returning they will visit Mrs. Dickinson's mother, Mrs. M. L. Marson, at her home on Puget Sound.

EXPERIENCE PROFITLESS.

Section Foreman Stands Too Near Tracks and Is Painfully Injured by Car.

J. H. Wilson, who is 60 years old, and a section foreman at Wickenburg, Ariz., was painfully injured yesterday afternoon at Fifth and Olive streets when hit by a car of the Belt line division.

He was standing too near the tracks, and when the car turned the corner, he was knocked down, and his cheek, neck and head were severe lacerated. He was taken to the Receiving Hospital and later to his room, at No. 555 South Grand avenue.

The Average Man

Meets temptation three-quarters of the way, according to a modern sermon I am reading. But what about the under-average and the over-average men? Does the former meet it half way and the latter all the way, and does the perfect man side-step? I guess there are no "perfect men." Mrs. Minister says not, but she often speaks of Christopher as a very superior man—in his line, of course. She and I meet temptation all the way when it comes to the dainty desserts and dinner fixings that Christopher produces. We are going to leave an order now for our Fourth of July and Sunday desserts, so as not to be disappointed in case of a rush.

THERE is a legitimate reason for the growing demand for *Puri-tan-ated Brand Coffee.*

Because, all the world loves a pure, wholesome and stimulating coffee, and must have it, as they do their daily bread.

And these are the reasons why

PURI-TAN-ATED BRAND COFFEE

is recommended:

Because it is made from the heart of the finest coffee berries grown, purified by the removal of the bitter, cellulose and herbal matter, highly impregnated with a form of tannic acid, the part we remove, which medical authority recognizes as the disturbing element in the use of coffee.

For which reason when you buy *Puri-tan-ated Brand Coffee* you get a purer, richer, more healthful, stimulating coffee, because of its having been freed from this harmful, tannin bearing, cellulose, herbal matter by our special process. Your own reason will tell you that *Puri-tan-ated Brand Coffee* must be better without this injurious by-product than a coffee with it.

Brilliant new stars came shooting across the scholarship sky yesterday. Highland made a startling entry with Miss Florence Jarman, who scored more than five thousand points at once, and dashed to the lucky seventh line. The Highland girl is a popular young lady of 18 who appears to comand the loyalty and chivalry of the entire section, and it is whispered that before long every man, woman and child in that chosen little city will be working to win a high place for Miss Florence.

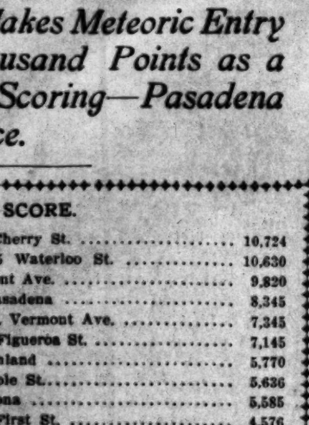
She certainly is among worthy compeers in her seventh position. The top liners are doing some spectacular chasing. The Blue-eyed Marguerite Jones almost caught the "Delta Chi girl" at the top. Hazel Franklin—almost, but not quite—for Hazel is keeping ahead with steady persistency. Marguerite scored nearly 3000 points yesterday to regain her place just below the top liner.

PASADENA'S GIRL.

Leo Domke and Alice Capron were hard at work yesterday to maintain their places at third and fourth lines. Little Miss Alice, as breezy and fine a lassie as ever rode a wheel after success, has been adopted by Pasadena. She lives right on the border and has gone in to take possession of a goodly land. The Pasadena girl made a great score yesterday, and is a winner wherever she goes, with her bright smile and sunny hair.

Pomona is to the fore today. Thomas McKinley made a leap upward, and like the cow that jumped over the moon, he jumped over many scholarship stars and landed at the eighth position. There must be something in a name for McKinley has a promising sound in the scholarship contest. The cadet, Wallie Swain, third generation of soldiers, made an even greater leap than McKinley and turned down seventeen other people for his place at the fifteenth line.

One of the new stars of yesterday is Arthur Green, a young law student who has started in to win the scholarship in the U.S.C. Law School. He is incidentally making a living and studying stenography and typewriting on the side. He certainly intends to be fully equipped for the modern legal profession which consists in more than the old-time spellbinding.



Arthur Green,
the young law student, who dashed into the race yesterday.

Arizona was welcomed into the race yesterday. Edith Wakefield sent in 1050 points just for a little starter. Excitement will attend the opening of the Arizona girl's envelope at headquarters each day, now that she has made an initial score.

Grace Tyler of Upland did a high vault yesterday and went from twenty-three to thirteen. She evidently believes that there is luck in odd numbers. Anna Ward of Hynes is another who likes odd numbers for her score reads, 333. Mae Simmons, the English girl, and Leah Aiken, are twins today, as far as numbers are concerned.

LIVELY BOYS.

Clifford Mitchell, the Y.M.C.A. cadet, has some interesting plans to develop. He is employed at the Los Angeles Abstract and Trust Company, and the head of the company, L. J. Selby, has been his sponsor for the race. There are good people behind this lad, and he may be a topliner in a little while.

Murray Royar is an interesting athletic boy, who intends going to Redlands soon to make his campaign. He lived in Redlands for several years, and judging by the way he is working at present he will doubtless be known as the "Redlands Rustler," by the time he has struck the city.

Among the promising entries for the contest is Charles Yglesias, who won a scholarship two years ago and has entered the race again to earn his tuition at the Los Angeles Conservatory of Music and Arts. He is a violinist, and has the distinction of being first violin in the orchestra of the Grand-avenue school.

Helen Harting of No. 3610 S. Hope street, Mabelle Wasell of Huntington Park, and Broxholm W. Johnson of Highland Park have entered their names. John Clemmons of No. 1011 Mignonette street in this city has written to enter young Johnson. He says: "It is with pleasure that I place before you the name of Broxholm Johnson as a contestant in this year's scholarship race. 'Brox' lives with his mother and three brothers in Highland Park, and is one of the breadwinners of the family. He is anxious for a course in a business college and although he has a late start he will receive plenty of help. I feel sure he will be found a rustler and in the very front rank."

OPEN TO ALL.

The contest is open to all worthy young people between the ages of twelve and twenty-one years. The finest school courses in the Southwest are offered to contestants for their work in securing subscribers to The Times. In addition to the scholarships cash prizes totalling $1200 are to be awarded, with $200 as the highest and $25 as the lowest cash award. The first prize of all is a source of pride. It is a Fairbanks piano, from the Southern California Music Company, valued at $400, a splendid and reliable instrument, with rare qualities of tone and construction.

Fourth of July Sale

Women's $13.50 Wash Suits $9.75

Anticipating the Fourth

We have put the powder under prices and blown them to pieces for an Independence Day celebration all our own. We're starting off on the second floor with a summer suit sale unequalled.

Prettiest jumper suits of imported rep, with wide pleated skirts, full net sleeves.

Long coat suits in hairline stripes, swell combinations. Fine $13.50 wash suits. Bullock styles and values at the ridiculously low price, $9.75 for today.

GIRLS' SUITS, WHITE SERGE. $3.65

The very styles for vacation wear; smart box coat effects. We have sold them as a special at $4.75. Away they go! Bang! today, $3.65, second floor, sizes 10, 12, 14 years.

GIRLS' JUMPER $3.00 DRESSES.. $1.65

Among the cleverest offerings we have ever been able to make. Swell dress of hairline stripe lawn, polka dot, printed border on bottom, around corners and neck; sizes 14, 16, 18, 20; swell colorings; special at $1.65.

$1.50 Lingerie Lace Trimmed Waists at 95c

Several fine styles; a remarkable offering of rare values. If you need a new waist for the Fourth don't miss sharing these at 95c. Open back, ¾ sleeves, but it is the clever designing and trimming that lends special magnetism to today's price, 2nd floor.

Hats For Seashore and Vacation Wear

Headquarters here—where style has reached its climax; where values are greater now than they have been before this season.

Banded sailors of Java straw, with smart wide brims, $3.00.

Mushroom banded sailors—the very newest styles, rough and Milan straws, $2.00.

Exquisite negligee straws—either beaded or draped, $8.50 and $10. But the most perfect styles of all are the **Ecuadorean Panamas** in 1908's most favored blocks—$7.50, $10, $12.50 and $15.00.

GOOD THING.

REAL DENTISTS WILL REJOICE.

UNSANITARY OFFICES WILL BE INVESTIGATED.

Tooth Pullers Without State Licenses Are Worst Offenders and Inspectors Are Preparing for a Crusade—One Victim Fined and Some Transformations Expected.

A sweeping investigation of the unsanitary conditions alleged to prevail in many of the Los Angeles dental offices will be made by the members of the State Board of Dental Examiners now in session.

The testimony of Inspector Nicholas Harris of the health department, in Justice Rose's Police Court yesterday, brought to light certain facts regarding the manner in which many Los Angeles dentists conduct their business, and as a result of this testimony the local offices will be visited by representatives of the board and warrants will probably be issued against dentists in whose rooms unsanitary conditions are discovered.

A general housecleaning has been promised by the tooth pullers. They have told the members of the board that they will sterilize their implements and keep housemaids at work for a week or more if the board will only be lenient and give them a little time.

Harris started the trouble early yesterday by appearing against E. L. Reed, proprietor of the Queen City Dental Company at No. 206 North Main street. Reed had been arrested on a charge of practicing dentistry without a license.

Harris stated that when he visited Reed's offices he found the conditions to be most unsanitary.

"The attention of the health department was called to this place several days ago," testified Harris. "Two women visited Reed's offices. One had a tooth filled. Following the operation she looked about the office and was dumfounded at the filth there. She reported the case to the board and they in turn called my attention to it. In company with Dr. J. Maurice Crow of Los Angeles, I visited Reed's offices and found conditions there very bad. I also found that Reed had no license to practice and filed charges against him.

Justice Rose fined Reed $30 with the alternative of spending thirty days in the City Jail.

"We have had many similar reports regarding dirty dental offices," said Harris yesterday. "In several instances women have stated that they had visited offices where the dentists had even neglected to sweep out teeth which they had extracted and thrown on the floor. Many dentists do not wash their instruments and use an implement which a moment before had been in the mouth of a man or woman afflicted with tuberculosis in treating the tooth of a healthy person. This is one of the easiest ways to become infected with the dread disease and the crusade by the members of the board will be in the nature of an attempt to put an end to such unhealthy practices. There are many dentists now operating in Los Angeles who have no license and these men are the chief offenders."

DISTINGUISHED VISITORS.

Bishop Warne of India and Bishop Scott of Africa Will Be Entertained Here.

Bishop F. W. Warne of India, and Bishop Scott, the colored bishop of Africa, will be entertained at a public reception and mass meeting in the First Methodist Church this city on Tuesday afternoon, July 14.

They have been in attendance upon the general conference at Baltimore and will arrive here on next Tuesday. They will speak at the Huntington Beach Assembly on Wednesday, Thursday and Friday, July 8, 9 and 10.

Bishop F. W. Warne,
who will be entertained in this city en route to India.

unless present arrangements should be changed, and may possibly remain there over Sunday. Their movements are not yet fully known, but they will likely go north following the afternoon reception in this city on July 14.

Bishop Warne is a magnetic speaker, and his residence in India has equipped him as a special entertainer upon Hindu manners, customs and beliefs.

Bishop Scott is the colored man who was elected to the high episcopal office at the general conference held in Los Angeles four years ago. He is a good talker and commended himself to the conference at that time by his dignified bearing.

Bishop McIntyre arrived at home from San Diego on Monday night and will lecture in the First Church, Pasadena, on Thursday night, for the benefit of the Garvanza church.

AVALON.

AVALON, June 30.—Already the Fourth of July crowd is gathering and reservations are coming in daily for rooms, tents and cottages. Down in canvas city campers are hapidly taking quarters, both for the week of the Fourth and for the month of July. Among the latter are Dr. Nathaniel Green, wife and daughter, Miss E. Canniff, Mrs. R. E. Canniff, J. J Jones, Agnes A. Zint of Los Angeles. Dr. G. L. Hogan of Los Angeles, H. Silberberg and B. Goldstein of San Francisco are here to stay till July 6. G. E. Thayer of Ontario and H. V. Welles of Denver are camping here for a fortnight.

Col. P. S. Nance of Los Angeles arrived today, and is at the Glenmore for the season.

Mr. and Mrs. Valiant of Glendale and M. Currey of San Francisco are at the Island Villa.

Miss Emily H. Peck of Los Angeles is spending a few days on the island, enjoying a rest from her work as district visitor in the First Congregational Church.

Today's arrivals at the Metropole include Thomas McD. Potter, E. L. Hedderly, Mrs. W. C. Leonard, Miss Katherine Leonard and J. W. Giddings of Los Angeles, A. C. and D. Murphy of Santa Barbara, Mr. and Mrs. G. W. Fisher of Oakland, Mr. and Mrs. C. Cooks of San Francisco, and Louis Gretsch of Pasadena.

Percy W. Hamilton, last year's Colton representative in The Times scholarship contest, is at the Grand View for a week. Other guests at this hotel are D. M. Bishop and wife of Madison, Ill.; Mr. and Mrs. B. E. Beeman and A. E. Anderson of Los Angeles.

M. L. Godfrey and family, F. W. Carnes and family of Los Angeles, M. T. Brinsmead and family of Riverside, W. T. Coatsworth and party of Pasadena, Miss Elizabeth Dovell, Dr. L. G. Gutherg, F. P. Crook, Misses Nell W. Noble and Janet Thomas of Los Angeles, have engaged quarters at the Grand View for the end of the week.

A party of Trinidad, Colo., people at the Hotel Windsor, include Charlotte B. MacKay, Beatrice Huiatt, J. C. Shaffer, L. L. Shaffer and R. M. Shaffer. Other guests are Mr. and Mrs. Ed Doherty of Goldfield, J. E. Vincent and family of Raton, N. M.; D. H. Vincent, J. M. D. Whig and wife, Mr. and Mrs. F. V. Williams, Silber Townsend, E. A. Robinson, Frank Wilson and A. H. Rettke of Los Angeles.

LORDSBURG.

LORDSBURG, June 30.—Andrew Maxwell has been appointed agant for the property of Mrs. Susan L. Mills of Berkeley in place of E. L. Smart. Mrs. Bills owns a 150acre orange orchard here, 123 acres at Pomona and the Lordsburg city waterworks.

PLAY BRIDGE AMID FLOWERS.

MIDSUMMER FESTIVAL CHARMS CLUB GUESTS.

Thinking Men Are All for Taft, Says Assistant Manager of Hotel Maryland on Return from East. Vicious Dog Causes War Between Neighbors.

Office of The Times, No. 28 S. Raymond Ave.

PASADENA, July 1.—One of the largest of the midsummer afternoon teas was held at the Valley Hunt clubhouse yesterday afternoon. Mrs. Clinton Churchill Clarke presided at the tea table, which was decorated with ferns and flowers. Among those who entertained groups of friends at bridge were Mmes. George W. Stimson, Lawrence Hurlburt, Henry H. Sherk, Elwood Alcutt, Misses Gladys Gardner, Cordelia Stimson and Evelyn Lutz. Tables were arranged on the terrace and in the drawing-room for twenty-eight players and there were many who came in later for tea.

Mrs. Frederick Brown of West California street gave a small tea yesterday afternoon complimentary to her sister, Miss Walton, who is a guest here.

Mr. and Mrs. Grosvenor Wotkyns, who have been residing in the City of Mexico since their marriage last September, have telegraphed to Pasadena the news of the birth of a son. Mrs. Wotkyns was Miss Wilhemina Eliot, daughter of John Eliot of South Grand avenue. Mr. and Mrs. Wotkyns expect to return to Pasadena the latter part of the year to make this their home.

QUIET WEDDING.

Miss Gladys Palmer, daughter of Mrs. E. M. Gaylord of South Orange Grove avenue, and Dr. George Robert Jenkins of New York City, were united in marriage yesterday evening at the home of the bride's mother, by Rev. James Malcolm McLeod. The sister of the bride acted as maid of honor and the wedding was characterized by extreme simplicity. A few relatives and old friends only were present, and after the ceremony a collation was served, after which the young couple left for the East.

ALL FOR TAFT.

"The sound thinking men of the East are all for Taft," so said John B. Dame, assistant manager of the Hotel Maryland, on his return yesterday, after a two months' tour of practically every important city in the East. During his travels, he met influential bankers and business men, all of whom applauded the Taft-Sherman combination.

"If the Democrats choose to take up campers and his anti-injunction plank, Taft's plurality may be cut down to some extent, for the labor leaders will be able to hoodwink unthinking and prejudiced unionists. But the thinking men will remember that the Democrats have a reputation for never standing up to their platform, and this will bring some of the labor vote. If Bryan is elected, many New Yorkers feel that a period of financial stress would follow.

"I never appreciated the personality of a man like Taft until I went East. One lawyer said to me: 'His decisions in the courts are veritable masterpieces, and I believe that every lawyer should look up to him as the highest authority in law in this country. As a man, he is broad and shows remarkable precision in all he does. He has the genial personality of McKinley, and the strength and independence of character of Roosevelt. I look for him, if elected, to make one of the greatest Presidents the United States has ever had."

According to Mr. Dame, New York generally was more than satisfied with the selection of Taft and Sherman, Hughes not being popular.

In speaking of the effect of the election on California business, Mr. Dame said the success of Taft would mean better times all over the country. The money interests feel that Taft is the strongest man for the place. While they expect gradual reorganization along certain lines, they are afraid of Bryan's socialistic tendencies.

Mr. Dame anticipates a great many visitors during the coming winter, and says nearly every one of last year's guests will return in the fall to Hotel Maryland.

NOMINATE CANDIDATE.

Thirty persons attended a well advertised meeting of the Lincoln-Roosevelt League in the Board of Trade rooms last night. The usual platform of the State organization was adopted.

Then began the balloting for a candidate for Assemblyman from the Fifty-seventh Congressional district. F. P. Green and H. G. Cattell were nominated, but the former withdrew. Cattell's election was made unanimous. The latter is a City Councilman. Dr. Gideon S. Case is out for reelection. He went in on the regular Republican ticket.

FUEL DROPS.

While the mercury has been going up the price of coal has been steadily dropping. Last night Black Diamond coal was quoted by one dealer at $3.50 per ton, while two weeks ago was $11.50. One dealer said last night that coal is now at the bottom price and an advance may be expected in the early fall.

VICIOUS DOG BITES DEEP.

James Beardsley, son of J. B. Beardsley of North Raymond avenue, was severely bitten by a dog, belonging to J. Van Gordey of Jefferson street, yesterday afternoon. While the youth was at play with a friend on a neighbor's lawn the dog rushed up and grabbed the boys hands, biting clear through the muscles. In an attempt to defend his master, Beardsley's dog jumped at the throat of the other animal and a lively fight ensued. Attracted by the cry of the boy and the dog fight Van Gordey came on the scene and severely kicked the Beardsley dog. The two boys, who are each about 13 years of age, were afraid to interfere. Last night Mr. Beardsley came to a complaint against the German, who will probably be arrested today. The boy's wounds were dressed by a physician.

REVIVAL SERVICES.

Revival meetings, which will continue through the month, opened last evening at the First Christian Church. Rev. Dr. Thomas P. Ullom, evangelist, who was expected to arrive here in advance of Rev. Charles M. Scoville and his party, did not reach this city in time for the services and Rev. D. J. McDonnelson of South Pasadena assisted. Rev. Frank M. Dowling in his enthusiastic opening. Special plans have been made for this meeting and it is expected that Evangelist Scoville and his assistants will do a great work here. Rev. Dr. Ullom will probably leave charge this evening.

PIONEER'S LAST JOURNEY.

One of the men who came to California in the early days, A. W. Wilcox, died last night at his residence, No. 113 North Marengo avenue. He emigrated to California at the close of the Civil War and lived in various parts of the State. About eighteen years ago he settled in Pasadena and followed the blacksmith trade for a number of years until he retired from business. He was 75 years of age and leaves a widow and a son, both of whom reside here. The remains will be taken to Kelseyville for burial.

NEW PHYSICAL DIRECTOR.

George A. Swarthout of Owosso, Mich., is to be the new physical director of the Pasadena Y.M.C.A., succeeding George W. Braden, who recently resigned to take charge of the work at Occidental College. The newcomer has had ten years' experience in physical work and is said to be popular with the young men. He is 29 years of age, and is married. He will begin his duties here on September 1.

PASADENA NEWS NOTES.

The Americus Club will be reorganized this summer and will represent the Republican party in the coming campaign.

Mayor Thomas Earley yesterday announced that he is in favor of several charter amendments. He wants to see a reserve fund of $2500, which may be spent by the Councilmen as they see fit; also the removal of the twenty-year limit on public corporation franchises in certain instances, a clause making it possible for the city to control a building such as the new Casino Hall.

The Christian and Missionary Alliance will hold services today, at No. 125 South Spring street, Los Angeles. The morning service will open at 10 o'clock while Rev. M. Horton will address the meeting at 2:30 o'clock this afternoon.

THE NEW AND THE OLD.

El Monte's Independence Day Programme Embodies Yankee and Spanish Ideas.

EL MONTE, June 30.—Traditions of two races are embodied in El Monte's Independence Day programme. The "Way Down East" parade of brass bands, of masques and mummers, rural fire departments, athletes and a sweating jovial populace will march to an old-time barbecue.

Supplies for the occasion will be furnished by general subscription, and the gross proceeds will be given to the building fund of the local Woman's Shakespeare Club, which has purchased a desirable site in the business section of the town and is planning a substantial home.

Contrary to the old-time custom a small charge will be made for the barbecue dinner, which will be served under the spreading trees on the grammar school grounds. As near as possible the usual programme of a "Down East" rural celebration will be carried out. Frank G. Tyrell of Los Angeles, will be the chief speaker.

BURN HAY RICKS.

Probably to conceal robbery miscreants have burned within the week two ricks of barley hay owned by John Barton. The hay was ricked in two widely separated stacks of 150 tons each and was worth at market prices $4800. It had been sold but not delivered. The supposition of thieving incendiaries is practically confirmed by the finding in the ashes of baling wire for less than fifty tons per rick. It is supposed that the thieves, after hauling off the major portion of the hay, fired the balance to conceal their depredations.

LAMP EXPLODES\ HOUSE BURNS.

Home of S. F. Richardson at Tropico Destroyed by Fire—Insurance Covers Loss.

TROPICO, June 30.—The explosion of a lamp in an incubator is supposed to have been the cause of a fire which this afternoon destroyed the residence of S. F. Richardson, corner Central avenue and Cypress street.

The incubator was kept in a shed adjoining the home and the flames spread from the smaller building to the larger one with great rapidity.

The family, assisted by neighbors, worked hard to save the furniture and succeeded in getting most of that in the lower floor out of the burning premises. All the contents of the upper story were destroyed, however.

The loss is $3000, covered by insurance.

SOUTH PASADENA.

SOUTH PASADENA, June 30.—The new Health Board, consisting of Charles N. Taylor, president; Dr. C. A. Whiting, health officer and secretary, and R. D. List, John E. Carson and H. R. Postel, held its first meeting last week. The water situation was discussed and needed improvements decided upon.

The Prohibition Chautauqua Assembly started its meetings today in a tent just east of the library. It will hold sessions daily until July 5.

The Women's Foreign Missionary Society of the Methodist Church will meet at the home of Mrs. Thomas I. Gifford, No. 1119 Fair Oaks avenue, Thursday afternoon.

John H. Jacobs of No. 1414 El Centro street, and John C. Jacobs of No. 1412 Oxley street, and their families, have gone to Huntington Beach, where they will spend a couple of months in their cottage.

Calvin B. Fagg of Fair Oaks avenue and Mission street, has returned from a fishing trip at the isthmus of Catalina Island. He reports the fishing fine, and the weather delightfully cool.

Miss Josephine Parton of Fair Oaks avenue is entertaining her cousin, Miss Edwina Loftus of Philadelphia.

South Pasadena has gained the secretaryship of the Interscholastic Debating League. The student body will choose this office next September, after school opens.

Fishing, boating, bathing, at Coronado.

MOUNTAIN PARK CAMP MEETING

SIERRA MADRE, June 30.—The Southern California Pentecostal Association inaugurated its first annual camp meeting here last night.

Several meetings will be held daily until July 6, with such preachers as Rev. P. F. Brezee, Rev. George W. Wilson, Rev. Edward F. Walker of Indiana, Rev. M. L. Haney of Illinois, Rev. Isaiah Reid, for thirty-one years president of the Iowa Association; Rev. A. W. Lamport, pastor of First Methodist Episcopal Church, Pasadena; Rev. H. V. Brink of Lake-avenue Church, Pasadena; Rev. Charles V. La Fontaine of Grand-avenue Nazarene Church, Los Angeles, and others. Rev. Mr. Walker and Rev. Mr. Whitcomb are announced as preachers for July 4.

BANK EXAMINATION UNEARTHS QUEER FINANCING.

Heavy Depositors in Defunct Citizens' Savings Bank of Long Beach Are Considering Taking Legal Action Against Some of Former Officers—Other Shore News.

LONG BEACH, June 30.—Depositors of the defunct Citizens' Savings Bank recently employed Attorney Hatch of Los Angeles to look after their interests. Hatch secured an order of court to examine the bank's books and an expert has been at work securing a list of assets and their probable value. It is alleged that some queer things are being unearthed and it is intimated that criminal prosecutions of some of the former officers will follow the final report. All of these matters are to be discussed tomorrow afternoon at a meeting of several heavy depositors.

CHARGES EMBEZZLEMENT.

Sergt. Fred. Phillips left this afternoon for Oakland to get Herbert E. Nixon, arrested there last midnight on telegraph orders from Chief Williams, who holds a warrant charging the man with embezzlement. Nixon was a Long Beach photographer, who left here several months ago with a minstrel troupe, after he had been saved from going to jail on a felony charge, by a local business man who made good a bad check. Two weeks ago a Long Beach man saw him with a light opera company at Oakland. Among several who wished to locate him was C. L. Roberts, a pawnbroker. Nixon, it is said, borrowed a camera from John S. Sleeper, pawned it to Roberts and skipped out. Afterward Sleeper recovered his property by civil suit, and yesterday the pawnbroker had a warrant issued for Nixon's arrest on a charge of embezzlement as bailee.

MAY HAVE BEEN DROWNED.

The police department were asked today to locate Percy E. Reel of Pasadena, who has not been seen since he left home Sunday morning to spend a day at the beach. The missing young man is 20 years of age, 6 feet tall, weighs 150 pounds and has dark hair and blue eyes. He wore a dark suit and a Derby hat. When he left home he promised to return before dark and the police think that he may have been a victim of the ocean on Sunday. Several persons asserted positively that they saw one if not two men drown at the time five others were being rescued by the life crew, but the bathhouse management asserted that all its patrons had been accounted for.

PROGRAMME FOR FOURTH.

For the Fourth of July celebration the local committee has secured L. C. Gates of Los Angeles to make a patriotic speech in the auditorium following the big parade. A concert by the municipal band, an address by Mayor Windham and the reading of the Declaration of Independence by Miss Mellie Irene Eldridge will be other features. Work on the two bathhouses is progressing rapidly and they will be ready for the fireworks display in the evening.

NOT ON PROGRAMME.

Shortly before the close of a performance of the "Judge Without a Jury" at the Bentley Grand last night, a heavy street drop fell, grazing Miss Dorothy Spencer and Harry Vernell, who were seated front center of the stage.

TO REOPEN PIER.

Repairs on the pier were so far completed this evening that Mayor Windham gave instructions to the wharfinger to open the gates of the upper deck tomorrow morning. The lower deck will be ready for use Thursday evening.

The quarterly meeting of the Southern California Funeral Directors' Association will be held at Hotel Virginia, July 13.

The Chautauqua Association has closed a contract with Musical Director J. P. Poulin for the presentation of the cantata "The Crusaders," as the closing attraction July 25, with a chorus of seventy-five voices.

Mrs. Mildred Ross, while sitting on the stairway leading down from the foot of Atlantic avenue, was struck on the head by a dry battery cell, which fell over the bluff. It cut a bad gash in her head and rendered her unconscious. The cell was dropped by a fourteen-year-old boy, playing on the bluff and who, stumbling, only saved himself from a forty-foot fall by dropping the dry cell he was carrying. Several stitches were required to close the wound sustained by Mrs. Ross.

POMONA.

POMONA, June 30.—Rev. P. P. Carrol is at Imperial looking after property interests. Mrs. Carroll and daughter are at Huntington Beach.

Francis N. Bichowsky will join the Sierra Club, of which he is a member, on a trip to Mt. Whitney.

Frank McGowan and wife arrived from a trip to Yosemite Valley and Oregon.

G. W. Romick and family are spending a few weeks at Long Beach.

About 450 members of the Baptist Sunday-school went to Urbita Springs via the Salt Lake road today and enjoyed a picnic.

George W. Ogle has presented to the museum department of the local public library a valuable collection of metates and stone implements collected by him on an exploring trip to San Nicholas Island, sometimes called Golgotha on account of the many human bones constantly being uncovered in the sands, by the shifting winds.

Try "Hotel del Coronado."

BURBANK.

BURBANK, June 30.—The story in Sunday's Times concerning the dissatisfaction occasioned here by the selection of a site for the Union High School, created much interest. The students of Burbank are dissatisfied with the Stowe site, north of town, and want it changed to the Schilling place. They base their claim on the fact that Burbank will the first year send twenty-five students to the school to Vindale's one, and the ratio will be eve greater as time goes on. The chosen site is out of their way and off from the town, and it would be impossible to have a fine lawn or a good athletic field, as the soil is loose and gravelly. The students hope to be successful in calling another election, and will make a strong campaign in favor of their choice.

"Hotel del Coronado" is best.

BURNING WORDS.

WOMAN UNAFRAID TO SAY "HELL."

QUAKERESS MAKES STRONG PLEA FOR PROHIBITION.

Friends at Whittier Sorrow Over Thirty-six of the Brethren Who Are Still Under the Influence of Soothing Weed—Tribute to Absent Banker.

WHITTIER, June 30.—A little woman, not afraid to say "hell" or "damnation" when those were the words she needed, to plead for a hearty "amen" from those of her hearers who agreed with her, this morning held an audience of tired and hungry people by the sheer force of her indomitable will, giving one of the strongest addresses of the present yearly meeting. The speaker was Mrs. Mary Sibbert of Wichita, Kan., one of the national lecturers of the prohibitionists. Although she handled her audience tactfully, she did not hesitate to lay the responsibility for the continuance of the liquor traffic upon the churches and church members of the country. Quoting James G. Blaine, she said: "No great evil has long existed in America unless sanctioned by the church. Only when the church comes forward, denying to that evil its right to exist, will the evil go. So it was with slavery, and so will it be with the saloon." She pleaded for the coöperation of the churches to establish prohibition throughout the United States.

DISAPPROVES OF THE WEED.

Just preceding this address, Dr. C. J. Cook, superintendent of the department of temperance, gave his tabulated report, in which is embodied each year a list probably unique to Friends' churches. This is the number of church members who use or sell tobacco, with the number, if any, who have discontinued its use during the year. The Quaker is nothing if he is not thorough and sincere, and the use of tobacco is almost universally looked upon as a sin by the Friends. The few of their number who cling to their pipes are annually given this sign of the church's disapproval. This year's report showed that only thirty-six out of the nearly 4000 California Quakers use tobacco, and that only three sell the weed. Good as was this showing, the less than two score recalcitrant ones furnished many a sigh to those of the stricter school, to whom the report is an actual and an annual grief.

TEMPERANCE WORKER.

Among the visiting temperance workers present at the yearly meeting is Leonard C. Brown of Chicago, Coast secretary for the Intercollegiate Prohibition Association. In this capacity he represents thirty associations of the Coast, these being a part of the national association, in which are 130 colleges. The association has calls, it is said, for more campaign workers than it can supply, and expects to put fully 200 workers into the field during the coming Presidential campaign, most of these to be placed in the Middle West.

DESERVED TRIBUTE.

One of the pleasant things of the meeting was the little tribute, given this morning, to Washington Hadley, the veteran Friend and well-known banker of this city. The aged man, 90 years old, and still vigorous mentally, has lately not been well and is resting at Sierra Madre. "This is the first year in fifty-four years that Washington Hadley has missed attending yearly meetings," said President Thomas Newlin, "and I think it would be a fitting thing to send him a message of loving remembrance."

Among the appointments announced this morning was the Printing Committee, Verus Reynolds, P. C. Hadley and Herman D. Williams; Alva Pearson was made statistical secretary; H. D. Williams, assistant in preparing manuscript; Elizabeth R. Townsend, superintendent of books and tracts; Robert C. Root, superintendent of peace; Colla Carter, superintendent of education; C. J. Cook, superintendent of suppression of the liquor traffic; O. C. Albertson, superintendent of Bible schools; Olive Naylor, assistant in Bible school work for the northern part of the State.

PROMINENT MEN FINED.

Well-Known Orange Growers Found Guilty of Taking Fertilizer Belonging to Azusa Company.

AZUSA, June 30.—A. C. Thompson, a prominent orange grower of Duarte, and well known throughout California as the originator of the Thompson improved navel orange, was yesterday fined $40 in Justice Glover's court on a charge of stealing a quantity of sheep manure from the Azusa Foothill Citrus Company. His brother, Bruce Thompson, was fined a like sum for the same offense. A few months ago the company leased a tract of land to a sheep herder, with the stipulation that it should receive the manure to use on its orchards, but as soon as the sheep were taken away the Thompsons, it is alleged, hauled the fertilizer away and scattered it on their own land. The company has filed suit to recover the value of the fertilizer taken, and the case has been set for trial July 16.

Work was begun yesterday on the foundation for the handsome Odd Fellows block, to be erected at the corner of Azusa avenue and Center street.

Ex-Mayor W. P. Taylor has returned from a trip through Kansas and eastern States.

SAN PEDRO WINS.

Wharf Rentals Will Go to It and Not to Los Angeles County—Marshall to Make Collections.

SAN PEDRO, June 30.—Wharf rentals will go to this city, and not to Los Angeles county, according to a decision rendered by Dist.-Atty. Fredericks today. The licenses amount to about $8000 a year.

The City Marshal will tomorrow start on a tour of collection of licenses for the half-year. The San Pedro Lumber Company today paid to the City Clerk $105 for the half-year.

Coronado auto endurance run.

DOWNEY.

DOWNEY, June 30.—The annual graduating exercises of the Alameda grammar school were held in the auditorium here this evening. The programme consisted of a farce, "Squire Judkins's Apple Bee," with cast of characters including many pupils; address to the class by Prof. J. H. Strine, awarding of diplomas by E. E. Ball, Jr., and drills by the primary grades. Music was furnished by the Downey Cornet Band. The graduates are Anna Matlin, Cecil Casey, Gallie Dwire, Charles Matlin and Lucy Mansfield. The term just closed was very successful under the management of M. S. Kuehny as principal and Katherine Williams as assistant.

E. P. Dismukes has purchased the Rives business lot on Crawford street, and commenced the erection of a brick building. He also purchased of J. H. Ardis 35x140 feet on the same street.

J. F. Stout has started work on a new dwelling on his ranch south of town. He recently returned from Texas to improve his property here for a permanent home.

VETERANS EXCITED.

Numerous Changes at Soldiers' Home Cause Comment—Better Service and Economy, the Objects.

SOLDIERS' HOME, June 30.—Some excitement exists because of the many changes among employés, to take place with the beginning of the fiscal year, tomorrow. The latest policy of the management in New York, whereby, in the interest of better service and economy, civilians are to be substituted for veterans, is not confined to clerkships, laborers and shop-helpers, are to be relieved by civilians of their class, and two or three hundred veterans are wondering whether they, too will be affected.

The office of matron at the hospital is combined with that of chief nurse. The post of builder, heretofore held by Frank Levine, is abolished, and the carpenter shop, where six veterans were employed will be operated by two civilian carpenters and one veteran helper. A civilian chef will take the place of "Tom" Rosengrave, for nine years chief cook in the kitchen of the main dining hall. Capt. Donovan, foreman of the home laundry, is relieved by a young and experienced civilian, at increased salary. The position of Howard Young in the chapel paid choir will be filled by Arthur Wilson, a young civilian tenor from Sawtelle at less salary. The force of laborers is cut down by six. In other departments reductions are announced, for economy's sake.

An order issued today reduces, the number of persons taking meals in what is known as the "nickel-plate mess." It's membership will be confined hereafter to non-commissioned officers and clerks.

LAD INSTANTLY KILLED.

Pomona Boy Victim of Accidental Discharge of His Shotgun While Climbing Water Tank.

CLAREMONT, June 30.—One of the saddest misadventures that ever occurred here took place yesterday afternoon when, by the accidental discharge of his shotgun, Wallace Stewart ended his own life.

There were no eyewitnesses, but the evidences gathered by Constable Slauker point conclusively to the accidental manner in which the lad met his death.

The boy was 17 years of age, the son of W. B. Stewart, a clerk in County Tax Collector Welch's office. The family resides in Pomona.

Yesterday morning, at 11 o'clock, Wallace told his mother that he was going to Indian Hill to hunt rabbits. He took with him a single-barrel shotgun and his bicycle. As night came on and he did not return, the family became uneasy, and at 3 o'clock this morning Mr. Stewart went to Slauker's house, when it was decided to organize a posse and search for the boy.

OFFICER FINDS BODY.

Indian Hill is a mile north of Claremont and is surrounded by many miles of sage brush. To this point the men started and then separated to make a thorough search. Slauker went southeast of Claremont, and about one and one-half miles distant, at a point known as the old pipe works, he found the lifeless body of young Stewart.

Slauker states that the boy had evidently clambered on top of a large water box, dragging his shotgun with him. As he climbed up, the trigger struck the edge of the box and the shot was discharged into the boy's head, death being instantaneous.

The inquest will be held at Todd's undertaking parlors at 10 o'clock tomorrow.

NEWSPAPERS COMBINE.

Glendale "News" Secures the "Valley Independent"—Grammar School Site Chosen at Last.

GLENDALE, June 30.—J. C. Sherer, editor of the News, announced this afternoon that he had purchased the Valley Independent and plant. The latter was established on Brand boulevard two years ago last February. Events have shown that there is room here for one paper only. The News will occupy the same building as heretofore, on Glendale avenue, and will be issued one day earlier each week. It has been a Saturday publication.

TO NEW QUARTERS.

The postoffice was moved tonight to the handsome new building opposite the Glendale Sanatorium, on Fourth street, one of the widest and finest streets in the valley. The building, 50x50 feet, is of cream-colored pressed brick, one story high, with plate-glass front. It is well lighted, with rows of windows down the sides and across the back. The lobby has a paneled cement floor and is 33x13 feet, containing large wall desk, a register window, also one each for money orders, general delivery and carriers. The interior finish is handsome, paneled in mission style, with brown-tinted walls. There is a large double section of lock boxes. The building is modern and a credit to a town.

SETTLED AT LAST.

The site for the new grammar school is settled at last. At the fifth mass meeting called for the purpose, which was held last night in the much overcrowded "City Hall," the vote was 53 against 52 for the location on Sixth and Louise streets. This can be purchased for $3700 and is twenty feet wider than the site previously decided upon. It is opposite the site recently chosen for the new High School.

Ten weeks ago, at the first mass meeting called, a committee of four was appointed to select a site in conjunction with the board. Its decision was protested, so another site was chosen. This met with opposition, also, at another mass meeting, a new committee was elected to work with the members of the board. Thomas Doyle, George Byram and G. E. Williams. Its deliberations resulted in a split and the meeting last night was about the liveliest Glendale has known.

Preparations are well advanced for the handsome new High School to be built on Fifth street, ground for which will be broken August 1.

Work is progressing on the West Glendale school, which is expected to be ready for the opening of the fall term. There were no site squabbles there and work commenced almost immediately after the bond election.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

GETS ON CUPID'S NERVES.

LIKE STORY OF TURKISH HAREM.

"GIRL LASHED INTO MARRIAGE," IS SUBSTANCE OF IT.

Sixteen-Year-Old Wife Files Petition in San Bernardino Court Through Guardian—Husband Many Years Her Senior—Fireworks Petition.

SAN BERNARDINO, June 30.—A 14-year-old girl whipped into marriage with a man she hates is the substance of a story unfolded in a petition filed this morning in the Superior Court by Attorney Carlyle Wynn of Los Angeles for Mrs. Ada E. Kinney, acting as guardian of Mrs. Goldie R. Ellis. The petitioner states that her ward is only 16 years old, and that the latter's husband, Joseph E. Ellis, is many years her senior. The ceremony took place at Portland, Or., January 9, 1906.

The day before the marriage, the complaint asserts, Mrs. R. C. Kinney, a relative, with whom the child had been staying since her parents died, lashed her, it is stated, because she wept in anticipation of the event, and Ellis also took a hand in cruelly treating her, it is further alleged, because she showed her dislike for him.

The complaint is unusual, in that the plaintiff, though a wife, requires a guardian to act for her.

MUST "GO OFF," OR DOWN.

The W. H. Hoegee Company has petitioned the Superior Court to allow Sheriff Ralphs to sell certain fireworks in the store of G. C. Cady, closed under attachment, on the ground that unless the stock is sold before July 4 it will greatly depreciate in value and the creditors will suffer heavy loss.

Cady had been regarded as one of the prosperous D street business men. Some months ago he built a splendid home at the corner of B street and Base Line, in what is now the select residence section of this city. This is now vacant.

The Sheriff has attached the residence as well as the store. Cady returned tonight, after a two weeks' absence.

ORIGINAL, IF TRUE.

M. G. Place, husband of Hannah Place, was placed on trial here today, charged with having in his possession stolen property. A jury venire of fifty talesmen was exhausted, with only ten jurymen accepted, and the case went over until tomorrow morning. Place is declared to be a victim of circumstances. His wife became a fast friend of Charles Blake, a burglar, and with him organized as daring a gang of house breakers as ever operated in this section, it is alleged. While they stole at night they mingled in church circles by day, and did many good deeds, even teaching Sunday-school classes, the police say. Mrs. Place was discharged from custody.

FINE BLOCK CONTEMPLATED.

The Katz estate, which owns the best business corner in town—the northeast corner of Third and E street, now given over to one-story frame store buildings—has notified renters that they must vacate by August 1 as the estate proposes to erect a business block suitable to the location, to cost about $45,000.

TAKE TO TENTS.

Next week Co. K, N.G.C., leaves for the mountains for a week's life beneath canvas, having accepted the invitation of Dr. J. N. Baylis to camp on the Pine Crest property. The boys will also participate in the Seventh Regiment gathering at San Pedro on July 4.

ORDER MODIFIED.

Judge Oster in chambers today modified his order in the case of Henry G. Dent versus John North, the Fontana Land and Water Company, the Fontana Development Company and Thomas F. Keefe. North came from Riverside and he and Keefe called on Judge Oster and secured a modification of the restraining order so that the publication of the advertisement may be continued from day to day. This leaves the matter so that the bonds may be sold immediately if the injunction is not continued next Monday at the time of the order to show cause. Dent claims this is a repetition of the tactics that resulted last February in what he claims was a fraudulent sale of 1900 acres of land now in litigation as mentioned in yesterday's Times.

SANTA ANA.

SANTA ANA, June 30.—Rafael Borrego, who killed Deputy Constable Juan Orosco at Los Alamitos last August, was today sentenced to seven years in San Quentin. Superior Judge Z. B. West told him he was lucky in not being found guilty of murder.

Attorney W. M. Peck of Los Angeles was arraigned yesterday before Judge West on a charge of forgery, and his trial set for July 13. He is accused of using fictitious names on a $200 check cashed by the First National Bank of this city on March 31. Peck is out on $5000 bond given by A. P. Maginnis and W. C. Petchner of Los Angeles.

William Isenberg of Los Angeles today pleaded guilty to the charge of forging the name of J. E. Bentz to certificates of stock of the Pacific Wool Knitting Company, which he offered for sale to Stephen Kistle of Anaheim. He will be sentenced on July 14.

A crowd of Y.M.C.A. juniors of Long Beach had expected to have Fourth of July fireworks at their camp in the Silverado Cañon, but a forest ranger discovered their plans and put a stop to them. A fire in Silverado Cañon would be hard to fight and might sweep the range.

Yesterday afternoon Mary P. Corona secured her final decree of divorce from Serafin Corona, who recently finished a term in San Quentin for horse stealing, and half an hour later was married to Lewis C. Sanford of Los Angeles.

The Santa Ana Steam Laundry has taken over the White Star Laundry of this city and the Orange County Steam Laundry of Orange. All three plants will continue. This deal ends the rivalry.

HUNTINGTON BEACH.

HUNTINGTON BEACH, June 30.—Raymond Wayman has sold the Newport News to W. A. Cornelius, who was at one time connected with a newspaper at Pomona, and who conducted a paper for many years in Kansas.

The trial of W. E. Wells, charged with selling liquor to minors, has been set by Justice Shirley for Thursday.

TWO MILLIONS NOW AT STAKE.

SENSATIONAL ACTION AGAINST RIVERSIDE COMPANY.

Matthew Gage Alleges That Trust Concern, Bank and Rich Englishmen Conspired and That He Thereby Lost Large Sum Which He Sues to Obtain.

RIVERSIDE, June 30.—Matthew Gage, founder and constructor of the Gage canal, started an action in the Superior Court today against the Riverside Trust Company, Limited, for the sum of $2,500,000, which he claims he has lost through the alleged fraudulent dealings of the company.

The complaint is a lengthy one, going into the agreement by which Mr. Gage associated with himself a number of wealthy Englishmen. The agreement was ratified in March, 1890, and the properties were transferred by Gage to the company. The complaint goes on to state that "the chief inducement which moved Gage to transfer his properties to the Riverside Trust Company, Limited, was the obligation undertaken by the company to improve the properties, in order that revenues would be derived and dividends paid therefrom to the plaintiff on the shares owned by him, as the result of the improvement and development of the properties."

The complaint further alleges that the company did not carry out its agreement, but has fraudulently maintained a large concealed surplus and also a "general reserve" on its books in violation of its agreement, which it has refused to distribute among the shareholders, and to pay the plaintiff the portion of the surplus profits due him upon his shares under the agreement.

ALLEGES CONSPIRACY.

Continuing, the complaint states that Gage pledged 400 A shares and 900 B shares of the corporation, fully paid, to G. Howard Thompson, as trustee, to secure a note for $160,000, which Gage borrowed from the Bank of California; also that Gage borrowed $130,000 from Thomas Goodwin Newton of Henly-In-Arden, England, and pledged 1000 A shares together with mortgages on other property as security; and that because of a conspiracy between the English interests and Thompson, the Bank of California and others, and the non-payment of the expected dividends, Gage was unable to pay the notes when due; that the Bank of California made a fictitious sale of the shares pledged to Thompson, and that Newton also took in the 1000 shares under foreclosure. These sales were made in 1906. The complaint alleges that the shares sold by the Bank of California were worth upward of $2,000,000, and that the shares foreclosed by Newton were worth upward of $500,000.

The plaintiff alleges that by reason of the fraudulent policy and practices on the part of the Riverside Trust Company and the non-payment of dividends and surplus profits due him by the trust company, he has been damaged in the sum of upward of $2,500,000, and he asks judgment against the defendant company for this amount. Ward Chapman of Los Angeles is attorney for Mr. Gage.

The land formerly owned by Gage comprised about 7000 acres, known as Arlington Heights, now highly improved and planted almost solidly to orange groves worth from $1000 to $2000 an acre.

The Virginia, Long Beach, equaled by none. Moderate rates for the summer. Sports at Coronado July 4.

NEW POWER PROJECT.

Whitewater River to Be Harnessed. Banning Has New Gas Plant. Money for Irrigation.

BANNING, June 30.—One hundred and thirty men and scores of teams are at work on a canal which will lead water from the Whitewater River to a tract of land near Palm Springs. Besides irrigating the land, power will be developed and the current of electricity will be taken through Banning to Los Angeles. It is one of the important development projects of Riverside county.

T. A. Teegarden of San Francisco has opened a furniture store here.

The finishing touches are being put on the gas plant and laying of pipes will be next in order. The plant is of sufficient size to light a city of 5000 people, and will be in running order in a month.

The County Supervisors have ordered continuing work on the Banning-Idyllwild road and it is expected the thoroughfare will be ready by next season. There is a stretch of eight miles yet to be constructed.

Teachers for the public schools for this year have been engaged as follows: Prof. and Mrs. J. A. McLain, Red Oak, Iowa; Miss Best, Elkhart, Ind.; Miss Frances King and Miss Bessie Weinland, Banning.

A crew of government employés is now engaged in surveying for an irrigation system on the Potrero reservation; $10,000 will be spent in developing water and the land will be allotted.

The Virginia, Long Beach, equaled by none. Moderate rates for the summer. Go to Coronado and be happy.

NEW ELECTRIC ROAD.

Grading Completed from Los Nietos to La Habra and Track Laying to the Leffingwell Ranch.

FULLERTON, June 30.—The new electric road from Los Nietos to La Habra has been graded to the Reynolds place in the valley and the track has reached the Leffingwell ranch. Grading will be completed in a few days. Some work has been done between the Wester and Luehm ranches in the valley. It is reported the road may be continued to the Olindo oil wells.

Supervisor Linebarger has oiled four miles of road between Anaheim and Garden Grove and is working on the main road between Fullerton and Anaheim. The oil is heated before being sprinkled and worked into the roads and it is believed this method gives better results.

The Fullerton Domestic Water Company has received the first carload of six and eight-inch pipe to be used in rebuilding its water system so that it can serve the city for fire protection.

For the week ending last night six cars of oranges were shipped East from this point.

"Hotel del Coronado" pleases all. The Virginia, Long Beach, equaled by none. Moderate rates for the summer.

USUAL BLUSTER.

Threats of San Diego Carpenters' Union to Tie Up Building Don't Worry Employers.

SAN DIEGO, June 30.—The scheme of walking delegates of the Carpenters' Union to tie up building operations in this city will prove a fizzle. The ultimatum of the Master Carpenters and contractors that the wage scale be $3.50 per day of eight hours and six full days a week, goes into effect tomorrow.

This ultimatum was issued in response to the notice of the union carpenters that on August 1 they would demand $4 per day of eight hours, and that five and one-half days would constitute a week. The contractors issued a counter-challenge that they would ignore any such demands, and for several weeks the unionites threatened with bluster to stop all building operations. However, it is now claimed that the threatened strike will not take place tomorrow, as three-fourths of the carpenters working are satisfied with present conditions. At the last meeting of the Carpenters' Union no mention of the situation was made. Secretary H. M. Landis of the Master Carpenters' Association, said today: "The strike movement is dead. All carpenters who are at work seem to be satisfied with the present wage scale, and have no desire to participate in a strike in order to increase their pay or shorter the hours. If they do we will be able to find plenty of men willing to take their places under the schedule in force."

Every carpenter in the city willing to work is putting in full time, as many houses are being constructed in all parts of the city.

TO BRING WALKER HERE.

Officers of the St. Denis, which arrived this morning from Ensenada, say that the United States officer at that place waiting to bring W. F. Walker, the bank absconder, to this country, hopes to be able to make connections with the boat on its next trip.

CITY DISPOSES OF BONDS.

The National Bank of Commerce has bid in $65,000 worth of municipal improvement bonds, the offer being accepted by the Common Council at its meeting last night. The award was made on a basis of par and accrued interest. An offer from the American Light and Water Company of Los Angeles to buy all unsold bonds at par, providing that in advertising for their sale the Council would stipulate that the bidder must take all the remaining bonds at par and interest, was postponed for action until the next meeting. It is believed the Council will favor this proposition, as it will be the means of placing $470,000 at the disposal of the city in a very short time.

OFFICERS INSTALLED.

Ceremony at Corona Attended by Visitors from Santa Ana, Orange and Los Angeles.

CORONA, June 30.—One hundred and twenty members of the Fraternal Brotherhood from Santa Ana, Olive, Orange and Los Angeles, were guests of the local lodge last evening on the occasion of the installation of officers by Supreme President Mrs. Emma Neidig of Los Angeles. Twenty-five candidates were initiated, the work being done by a team from Santa Ana. Past President F. M. Baird and Treasurer Gus Bortz were presented with gold medals.

HUMANE SOCIETY.

The annual meeting of the Humane Society, held in the Baptist Church last night, resulted in the election of directors as follows: Mmes. A. A. Brubacher, W. H. Jameson and Miss Stella Platt; Messrs. W. J. Pentelow, J. B. Gooch, Rev. Messrs. Chester Ferris and B. B. Jacques. Mrs. E. P. Newton, who has moved to San Diego, was made an honorary member.

W. Scott Way, secretary of the State Audubon Society, gave an illustrated lecture on the song birds of the Pacific Coast.

PAINFUL ACCIDENT.

William Staton sustained a badly lacerated and wrenched knee Sunday while repairing a wagon loaded with clay. The jack screw under the wagon slipped, the axle striking the man's knee and pinning him down. Had not a companion been near to pull him out, the man would have lost his leg.

The pupils of Miss Grace Shepherd gave a piano recital in Odd Fellows' Hall last evening.

Mrs. Virginia Billings and Mrs. Anna Townsend have gone to Coronado for a month.

Mrs. D. H. Alden and sister, Miss Edna Saxton, left yesterday for Kalamazoo, Mich., to visit their mother, who is in feeble health.

BALBOA.

BALBOA, June 30.—The following ladies of De Lano's Lyra Club of Los Angeles spent the day here: Mrs. C. S. De Lano, leader; Mmes. Heinse, Van Voast, J. H. Haskell, N. P. Reynolds and the Misses L. Cook, Clara Kelley, M. Parry, Katherine Wren and S. Cane. Mmes. H. L. Martin and E. H. Graham were guests of the club. A banquet was served at 10 o'clock under the palms at the pavilion, the long table being decorated with flowers brought from the city.

Miss Catherine Tate of Riverside and Mrs. Homer A. Foreman of Los Angeles are at the Park Row Villa, guests of Mrs. A. W. Jackson.

W. R. Goodsell and mother, Mrs. M. A. Goodsell, left yesterday for Idyllwild, where they expect to spend the remainder of the season.

E. S. Mathews, who has been here for two months, left this morning for San Francisco on a business trip. His wife and daughters, Misses Loma and Thelma, accompanied him as far as Paso Robles, where they will visit friends.

Miss Ola Hillis left Sunday for the Yosemite Valley.

Charles H. Lippincott of Hollywood arrived today to occupy the Crossley cottage. His family will follow tomorrow.

Mr. and Mrs. W. C. Beatty of Los Angeles and Miss Mable Davis of Stevenville, Tex., sister of Mrs. Beatty, were guests of Arthur B. Wiman yesterday.

BARRELS OF GOLD.

W. H. Carlson of Consolidated Bank Feels Happy Over Good News of Assets.

William H. Carlson, the man without a bank, claims to have won a victory last night at a meeting of lot owners held in the offices of George H. Peck & Co., in the Lankershim building. The former president of the Consolidated Bank declares he has barrels of money, and assets to burn. To back up his statement he says the experts appointed by the landowners to look over his books reported last night assets amounting to over $400,000.

This sum Carlson says is a mere bagatelle when compared to what he really has. He declares he might have thrown in a full-sized waterworks and about $130,000 in loose cash to swell the balance had it been needed. But then "what's the use."

With his face beaming like a full moon Carlson last night declared he has been fully vindicated. He seems to delight in posing as the "one bank president who returned." He is going to stay and "kill off the knockers."

The two experts who examined the books are Orrin Rice and Seward. The "splendid report" will be carried by Carlson to the lot owners and another meeting will be arranged.

FEATHERS UNDER BAN.

LADIES BEWARE OF BIRD COPS.

AUDUBON SOCIETY TO ENFORCE STATE LAWS.

Threat by Members to Prosecute Milliners for Selling and Society Women for Wearing Aigrettes on Hats—Will Give Them a Chance Before Getting Out Handcuffs.

Aigrettes may cause regrets to the society women who wear the graceful bunches of feathers on their hats before long, for it is likely that the Audubon Society will get after them in its proposed crusade against the exploitation of birds or the parts of dead birds as ornaments, as announced by Mrs. Harriet Williams Myers, its secretary, at a meeting of the Civic Association yesterday in the Chamber of Commerce.

Naturally it will hurt the feelings of a member of the self-constituted bird police to have to run in a number of the fashionable women of Los Angeles for having aigrettes in their bonnets, and they hope they won't have to use handcuffs. But, then, the law is the law, they say, and it is the fashion these days to go on "still hunts for higher-ups."

At the meeting yesterday the attention of members of the society was specially called to the State law regarding the wearing of feathers and things. This law states that: "No person shall kill or destroy or buy or sell or give away or have in possession any wild bird, living or dead, or any part of any dead wild bird."

This is explicit, and an aigrette is part of a dead wild bird, generally of several. Thus it is easy to realize that when a lady with an aigrette in her hat is haled before the police justice she will bear her evidence of guilt plainly to be seen, with only the alternative of pleading guilty and paying her fine or serving time. No wonder the members of the Audubon Society shrink from this terrible deed and say they will first give the ladies a chance to get rid of their aigrettes.

But what is an aigrette? is asked. It is a delicate feathery tuft of plumage, the kind which has been worn by women since the times of the cave dwellers. Just at present there are two kinds in fashion, the crotx and the radise aigrettes. But beware, the Audubon Society has their combined eyes on them.

But first the milliners and fashionables will be given a last chance to repent. It was not stated yesterday just how long the repentance days will last, but this incidental will be left to the Bird Committee, of which Mrs. Myers is chairman.

Yesterday one of the most fashionable milliners in the city acknowledged that her store contained a stock of feathers and aigrettes valued at several thousand dollars. Under the law this stock can be confiscated and the dealer fined. But the Bird Committee declares it intends to have more mercy on the wearers than the hunters of feathers have for the birds.

Nevertheless, the committee desires it to be distinctly understood that an active campaign will soon be started and every lady in the county will have to decide the momentous question as to whether she shall be a violator of the fashion or a violator of the law and in either case bear the consequences.

THE LATEST.

MYSTERY MAY BE A MURDER.

ASSASSINATION EXPLANATION OF DISAPPEARANCE.

Detective Believes "Tony the Greek" Lost His Life on the Sea at Hands of a Personal Enemy. Catalina Boatman Would Never Have Deserted Easton Family.

The possibility that "Tony the Greek" was assassinated on the ocean is the latest theory in the Catalina mystery. Detective Paul Blair is the author of this new idea. It is now sixty-six days since Tony Christ, known as "Tony the Greek," has been heard from. He was the guide of E. E. Easton and his family with the gasoline launch Zeus, for a trip to San Clemente Island.

The guide never returned, nor was Easton able to say exactly when or where Tony disappeared. Mr. Easton, Mrs. Easton, two children and a colored nurse, were adrift practically forty-eight hours, suffering great privations before being rescued by the U. S. S. Buffalo. Mr. Easton's story was printed in detail, repeatedly. Briefly, it is that Tony went overboard in some way at Silver Cañon Bay. Easton gave $100 to the "Eagles," Tony's lodge, to help hunt down clues, but nothing came of it.

Paul Blair who has been going over the case for the past two months, has worked out some new theories. He says:

"My latest idea is that Easton told all he knows and is in no way responsible for Tony's mysterious disappearance. There is one strong fact from which you can't get away, and that is that, Tony, the Greek, would never have deserted Mr. Easton on the open sea. Tony was too true a guide, and besides showed marked interest in the Easton children. Tony would wade into the sea for a certain star fish that one of the children may have admired and he also did other things like that, for which he was not, strictly speaking, hired; but he did them out of the pure goodness of his heart. He would, then, as I see it, be the last guide in the world to leave Mr. Easton exposed to peril on the sea.

"My theory is that Tony the Greek was murdered by some one who followed him in a boat. The assassin waited till Tony had weighed anchor and the Zeus was under way, along in the early morning of May 25. The blood found on the anchor chain is unquestionably Tony's blood.

"The murderer simply had to make a few swift motions with a knife after he had noiselessly descended on his victim in a small boat, clambered aboard the Zeus, stabbed Tony to death and threw the body into the ocean; then let go the skiff trailing behind, and was gone as mysteriously as he came.

"It may be that Tony's body will yet be recovered, but I do not look for it. The time is now too long and the sharks have done their work, no doubt.

"You know, many of these foreigners, especially Italians and Greeks, hold strongly to personal vengeance. We are all familiar with the ways of the Mafia. It is not improbable that Tony lost his life for something, real or fancied, done years ago. His slayer may even have followed him from the other side of the Atlantic, and at that, some band of murderers may have paid his fare. We had a case somewhat similar in East Los Angeles not long ago.

"I feel confident that the mystery will yet be cleared. If we could get that body we would find out a whole lot, no doubt, but it is too much to hope, at this late date."

Fishermen up and down the Coast are still much dissatisfied with the published stories professing to account for the disappearance of "Tony the Greek." These fishermen have been baffled by the strange case, but are not inclined to believe some of the former theories, advanced to account for the prolonged absence of Tony.

MEN'S AILMENTS
CURED
My Original Methods Cure Every Case I Take for Treatment

DR. TAYLOR
The Leading Specialist
I cure Contracted Disorders, Stricture, Nervous Debilitation and all reflex ailments. I will mail you free interesting pamphlets and will give you free anatomical charts if you will call.
I know exactly what to do to effect a thorough cure in every case that I accept for treatment. Though this is something that every specialist ought to know, it is rare knowledge, indeed. The hundreds of evidences of mistreatment that come beneath my observation prove the general lack of a clear understanding of men's diseases and their treatment. I have devoted 20 years to the study and treatment of the very few ailments constituting my specialty, and have acquired the knowledge and skill and developed the original and scientific methods that enable me to accomplish results such as no other physician anywhere has ever accomplished. I understand my work from first to last, know what to do and what not to do, and treat every case without the slightest idea of failure. I positively confine my practice to the
Diseases of Men
My practice has demonstrated that no ailment peculiar to men is incurable. Failure to cure is usually due to lack of knowledge and improper treatment. You may consult me free of charge and learn your exact condition. I will not urge my services, nor will I accept your case until I'm positive of my ability to cure you.
Every patient who comes to me for treatment receives my personal attention. Though all my assistants are graduates of the best medical colleges, they act only under my supervision and assist me in minor work.
I Will Wait For My Fee Until You Are Well
Weakness
"Weakness" is not a nervous disorder, demanding a tonic system of treatment, but is merely a symptom of chronic inflammation or congestion in the prostate gland. This condition exists as a result of early dissipation or some improperly treated contracted disorder, and requires carefully directed local measures only. By my own original methods, the prostate gland is quickly restored to its normal state, which results in full and complete return of strength and vigor. My cures are permanent because the condition responsible for the functional disorder is entirely removed, and I am convinced that by no treatment other than my own carefully directed local measures is a radical cure of this ailment possible.
Examination Free
I offer not only FREE Consultation and Advice, but of every case that comes to me I will make a Careful Examination and Diagnosis without charge. No ailing man should neglect this opportunity to get expert opinion about his trouble.

DR. HARRISON
The Leading Specialist
16 Years in Los Angeles.
Functional weakness, associated with loss of power is usually symptomatic of some abnormal local condition in some vital point of the pelvic region. Congestion, inflammation and enlargement of the gland; stricture, varicocele, hydrocele, rupture, neglected or improperly treated cases of contracted disorders are the most common causes of weakness. To attempt to cure weakness by stomach drugging or by wearing electric belts is just as sensible as it would be to wear a set of harness to cure corns on the feet.
Our treatment is entirely local. We first ascertain and then remove the cause, and there is invariably a speedy return of functional activity.
We will cheerfully pay One Thousand Dollars to any physician or layman who can produce a case of weakness occurring in any man of good habits under the age of 65, not complicated by any organic disease of the heart, liver or kidneys, or by the sequelae of chronic venereal disease, that we cannot completely cure in from four to six weeks by our new and improved method of local treatment. The local treatment is entirely painless and does not involve the use of "instillations, suppositories," etc. We will effect the cure without prescribing a single drop of medicine and without using a single pill, tablet or granule.
Consultation, examination and expert diagnosis are free in all cases. If the case is simple and uncomplicated we will cure you absolutely free and furnish all medicines free. If the case is not one coming under this head, our fee will be quite reasonable and you can pay when cured. If you call, you will not be asked for your name and address or important in any way to take treatment. We do not recommend treatment by mail, which is at the best uncertain and unsatisfactory.
WE CURE ALL THE DISEASES OF MEN.
Such as lost vigor, specific blood poison, organic weakness, varicocele, stricture, hydrocele, piles and reflex ailments.

LASTING CURES FOR MEN

DR. MILES
The Master Specialist.
Are you satisfied with your present condition? Do you believe everything is being done to make you a well man? Do you improve as fast as you wish? Are the promises of others kept sacredly? Are there any doubts in your mind? Is it costing any more than you were told it would cost? Are you dealing with honest men?
ASK YOURSELF THESE QUESTIONS. For I especially invite all men disappointed in their present treatment to come to me. I know that I can cure you. I am positive that
I CAN CURE YOU FOR LIFE.
My Fee in Any Uncomplicated Case of Men.....$10
Remember, I am treating you fairly. Remember, I am not taking one cent from you until you are perfectly satisfied that you are positively and permanently cured. When you do ask for your bill you will find that my fee is fair, that it is just half the fee asked elsewhere. You have paid others for their failures; you pay me for your POSITIVE and PERMANENT CURE.
I WILL TAKE YOUR CASE IF it is Varicocele, Weakness, Hydrocele, an Acute or Chronic Urethral and Prostatic Inflammation or any kindred disease, for I make those diseases my specialty. I have studied and treated them for over seventeen years. I am making the treatment of these men's diseases my life work.

MINES AND MINING.

WEST MEXICO IS BOOMING.

Many American Parties Are in the Field.

"Revolution" Is Looked Upon as Humbug.

Promoter Goodin Must Pay Large Sum.

The mining and agricultural industries are booming in the Western Mexican States of Sonora, Sinaloa and Tepic and it is generally believed that the territory is on the eve of the greatest era of development that any portion of the republic has enjoyed. This is the opinion of George F. Beveridge, who has just returned to the city after a five weeks' trip as far south as the Rosa Morada mining district in Tepic, where he has important interests.

He says that the capital necessary to the development of the fertile lands of the western coast, and the rich mines in the mountains running parallel with the coast line, will come in great measure from the United States and, in spite of the fact that the rainy reason is now due, the three States are overrun with the vanguard of financial scouts who are looking for some of the good investments that the country affords in all lines.

The construction of the Southern Pacific in Mexico and the Kansas City & Orient line has stimulated interest in the sections traversed and it will not be long before all the most desirable acres have been absorbed. The Southern Pacific rails are now laid as far south as Culiacan, although the line is not open to general traffic below San Blas, two hundred miles to the north. Passenger trains will, however, be running through in a few weeks.

In spite of the favorable reports which have found voice in the press from time to time, Beveridge says that the Yaqui trouble in Sonora is by no means settled and he believes that the disturbances will be spread out over a long period. A basis of settlement has been tendered to the Yaqui leaders and, while some have accepted the terms, others remain obdurate and refuse to lay down their arms. Beveridge believes that this fact will tend to retard development in the affected district in Sonora and will have the effect of transferring the center of the coming activity to the State of Sinaloa, where there are no troubles of any kind, where some of the finest land in the republic is to be found and where the climate is almost ideal at all times of the year.

As to the alleged revolutions, Beveridge says that the report published in The Times of yesterday is absolutely correct. There is nothing to warrant the trouble being dignified by the name of "revolution," as it is merely the work of rascal-crazy bandits who have captured a few rural towns and ranchos in the absence of proper police protection. There is no question that all will be quiet again in a very short time.

Beveridge is of the opinion that the anti-foreign scare which has been raised by the proposed amendment to the mining code, is ridiculous and he is confident that President Diaz will never consent to any measure that will prove detrimental to the mining industry or have a tendency to stop the stream of foreign gold which has contributed so much to the advancement of the republic. In any event the suggested law is not as drastic as suggested by hints from the City of Mexico and only refers to the proposal to compel foreign companies to organize under Mexican laws.

Mining in all parts of the republic is on the top wave of prosperity and the whole western district is being closely searched for bargains by American parties. The Daly estate, which maintains offices in this city, is working a property in the Nacozari district under option and is also sending a prospecting party up through Guadalajara and the coast mountains. Noble C. Banks, in charge of a Pittsburgh exploration company, has started south from the El Fuerte River, in Sinaloa, and will make a thorough report on the district. Banks was formerly in charge of the Cerro Prieto mine in the Magdalena district and has recently interested Pittsburgh capital in Mexican mines. Beveridge met five or six other American parties on his way north and all have orders to explore the territory within fifty or sixty miles of the railroad.

Larry Sullivan, former head of the Sullivan Trust Company of unhallowed Goldfield memory, is making an effort to resuscitate his fortunes in the San Ignacio district, seventy-five miles northeast of Mazatlan and it is reported that he has already made a large payment upon a property under option and is now grading a site for a mill which will be erected next fall. It is also said that he is being backed by Los Angeles capital, but the identity of his associates is not known.

Promoter Goodin Must Pay.

By a decree handed down on June 19 by Perez Y Reza, judge of the Court of First Instance at Chalchihuites, Zacatecas, Mex., Frank C. Goodin, a local mining promoter, as vice-president and general manager of the Eureka Mining and Milling Company, has been "sentenced" to pay to Orlando B. Hardy, his former partner, the sum of $9145, together with court costs, which will amount to $3000 Mexican money.

This constitutes another chapter in the history of the troubles of a local organization which was floated three or four years ago, and whose affairs have several times been dragged into court. The company was put on the market in 1905 by Goodin and Hardy, and to facilitate flotation a company was first organized in Mexico, with a small capital, and its assets transferred to the Eureka company, organized under Arizona laws, with a capital of $400,000. The stock was offered in this city, where a large proportion of the stockholders reside, and there are also many holders in New Jersey, Mass., Seattle and Sacramento.

Movements of Mining Men.

George S. Spittall of Philadelphia, connected with the Philadelphia-Searchlight Mining Company, operating at Searchlight, is a guest at the Alexandria Hotel.

Henry Weber, the Goldfield promoter, who was recently sentenced to seven years' imprisonment for embezzlement, has been admitted to bail in the sum of $75,000, pending an appeal to the Supreme Court of Nevada. Bail was asked for and granted upon the contention that the prisoner was subject to acute pulmonary troubles. Charles Kapp, J. M. Burnell, C. S. Wilkes, J. C. McCormick and Ole Elliott, all prominent men in Goldfield, qualified for $30,000 of the required bail, and the balance was supplied by men equally well known.

Matt C. Hoveck, former manager of the Skidoo Mines, and heavily interested in that property and the Montgomery-Shoshone, has returned from a five weeks' absence in the North, during which time he visited Rawhide and Gold Circle. He believes that the former will make good as a milling camp of good grade ore, although the district has suffered keenly from the effects of the first boom. At the present time there are probably 2000 people in the district, in place of the 12,000 who rushed in there on the early reports. The Kearns property has reached the 400-foot level, and gives every promise of making a big mine. There are bewteen 300 and 400 people at Gold Circle and several mines, among them the Midas, appear to be making good. In Hoveck's opinion this will also develop into a medium-grade milling camp, though high grade is frequently mined. Among well-known mining men who are operating there are Col. John M. Burke of everywhere, and Gen. Charles S. Warren of Butte. Regarding the Skidoo Mines, Hoveck says that the mill is working up to all expectations of the management. It is only being run nine hours a day, and is reducing about twenty tons in that time. Sixty per cent. of the values, or about $16 a ton, is saved on the plates, and a greater part of the loss will be recovered by the cyanide plant which will be put into commission next month.

HIS FUTURE RUINED.

Talented Young Musician Loses Both Hands in Anta-Fourth-of-July Celebration.

[ASSOCIATED PRESS DAY REPORT.]

NEW YORK, June 30.—Charles Cleveland, 19 years old, a pianist of considerable ability, who had planned to make his living as a musician, lost both hands at the Ridgewood golf links at Ridgewood, N. J., last night.

In a preliminary celebration of the Fourth, Cleveland lit a cracker which failed to go off. He picked it up, thinking the fuse had gone out, and it exploded. His left hand was torn away, while his right hand was so shattered that only the last two fingers remained.

THANKFUL FOR LIFE.

THRILLING TALE OF THE WRECK.

MANY DEEDS OF HEROISM AFTER SANTA FE DISASTER.

Passengers Brought Here on Overland and Received With Cheers by Waiting Relatives and Friends. Naval Officers Have Narrow Escapes.

The unharmed and less seriously injured passengers of the Santa Fé Limited, which was wrecked at Hardy, Ariz., Sunday night, were brought to Los Angeles on the Overland, yesterday morning, and were greeted by a throng of relatives and friends.

As the train pulled into the station, and men and women on the platform saw the faces of those they loved and for whose safety they had feared, a great cheer went up.

The more seriously injured are in the hospitals at Winslow, Ariz. Those who passed through the terrible ordeal had vivid stories to tell of disaster.

Stuart O'Melveny of this city was one of the first to alight from the train yesterday morning. He had a gash over his left eye, but met smilingly the members of his family, who were awaiting him.

Members of the crew of the ill-fated train were taken from the coaches on stretchers and driven to the Santa Fé Hospital. All will recover.

A party of naval officers, who are to sail from San Francisco on the world cruise, attracted much attention. Midshipman Magruder sustained deep lacerations and abrasions, but made light of his wounds, and said he would report for duty as soon as he reached his ship.

On all sides words of commendation for the bravery of both passengers and members of the train crew were heard. The heroes who worked in the wreckage and braved escaping steam to rescue those in peril may never receive medals, but their deeds will not be forgotten by the men and women whose lives they saved.

Most of the survivors bore some sign of their experience. Scratches from flying glass, burns, and bruises were many.

The official report to the Santa Fé states that the engine might be repaired and the Pullmans saved, but that the baggage and buffet cars are kindling wood.

A. T. Spalding, of Santa Barbara, and Mrs. Jefferson Winter, of New York, who were slightly bruised and cut, are registered at the Hotel Van Nuys.

D. M. Linnard, F. G. Cruickshank and John B. Dame, who were in the wreck went at once to their homes in Pasadena. Mr. Linnard's eye was discolored and a large gash on his right knee made walking difficult. Mr. Dame had scarcely a scratch. Mr. Cruickshank had to be carried from the train, and is now in the care of a physician. His face was severely lacerated and a gash in his nose was so deep that the bone was visible. His left arm, too, was broken.

Mr. Dame, in telling of the accident, said: "First of all, we escaped as through a miracle and have only the greatest praise for the company and its officials. At the time of the disaster, I was sitting in the fifth car from the engine and was only slightly jarred. I was out on the track with the first and ran to the buffet car, where I knew Mr. Linnard and Mr. Cruickshank had been. The buffet car was badly smashed and imagine my surprise when I saw Mr. Linnard coming to meet me. He was covered with blood and ashes but was bent on the work of rescue.

"We went into my car and I managed to find some ice water just as Mr. Linnard collapsed under the strain. Everything was dark and stuffy and finding an ax, I broke a window to let in some air. Just then Mr. Cruickshank staggered in and finding a bottle of whisky, we all managed to brace up for the time being. The crew of the train seemed to be half dazed but worked with a will. Several midshipmen lighted fires so that the rescue work could be more easily carried on. Signals were set at each end of the train and we saw a brakeman start for a little town four miles distant.

"If I live for a thousand years I will never forget the sight of poor Partridge of Redlands, who lost his life. The baggage car in which he died was one mass of jumbled timbers. One man sat humped over with his feet imprisoned in them. To one side of him protruded the feet of Mr. Patridge and it was only after great effort that the body was extricated. A negro porter did wonderful work, hurling aside the timbers with giant strength.

"The naval officers were real heroes. When the crash came all were thrown together in a pile in the smoking car. Midshipman C. W. Magruder, whom I had noticed because of his fine figure, was the first one to regain consciousness. With his bare fists he broke open a window and then trimmed off the glass with a beer bottle. He managed to revive his comrades and assisted them in getting out. His arm was cut and his face was bleeding, but he worked until the last man was rescued.

"Mr. Linnard worked hard, too, until he fell unconscious. He was taken to the hospital at Winslow, where he lay all night in delirium.

"The relief train reached us on Monday morning and there were plenty of nurses and physicians."

Following is a complete list of the injured, as given out at the Santa Fé office, yesterday morning:

F. G. Cruickshank, Pasadena; C. W. Magruder, U.S.S. Maryland, from Nebraska; J. E. Meredith, U.S.S. Maryland; J. B. Clark, U.S.S. Kentucky; O. E. Spears, barber, Chicago; Sherman Storer, Chicago; William Davis, Pittsburgh; J. A. Reynolds, Albuquerque; Stuart O'Melveny, Los Angeles; Dr. T. Parker, Santa Monica; A. Aaron, Los Angeles; Albert T. Spaulding, Santa Barbara; S. O. Delano, Los Angeles; Joe Habensberger, Los Angeles; L. R. McFie, Los Angeles; Harry Jenkins, Chicago; W. W. Payne, mail clerk; Ralph Gould, mail clerk; E. J. Estes, midshipman, U.S. Navy; William Winter, New York; B. F. Taylor, Los Angeles; W. Kleckner, Los Angeles; J. B. Dane, Pasadena; F. Griger, Pullman employé.

EDIFYING.

EDUCATORS HEAR COLORED MAN.

LISTEN TO ADDRESS BY BOOKER T. WASHINGTON.

Also Hear Address by Dean of Armour Institute of Technology. Balance of Day Spent in Discussion of Kindergartens, Manual Training and Art.

[ASSOCIATED PRESS NIGHT REPORT.]

CLEVELAND, June 30.—At the session of the National Educational Association Convention held today, Booker T. Washington talked on "Negro Education and the Nation."

The election of the next President will take place tomorrow noon. Those prominently mentioned for the presidency are Dr. W. O. Thompson, president of the Ohio State University, Columbus; J. H. Phillips of Alabama, a leading southern educator, and L. D. Harvey of Menominee, Wis.

The Nomination Committee will tomorrow place in nomination one or more names for the various offices.

At the meeting of the new board of directors Thursday afternoon, the next convention city will be selected. Denver and Atlantic City are the only avowed candidates.

The business of the day opened with eight division meetings at 9:30 in different parts of the city. Among the most important topics discussed were the following:

"The Practical Educational Training of the Indian."

"The High School Commercial Courses."

"Moral Training in the Public Schools."

Louis C. Monin, dean of the Armour Institute of Technology of Chicago, addressed the conference on "Entrance Requirements of Colleges of Engineering."

The balance of the day was consumed by conferences on kindergartens, manual training and art.

SEX MAY BE CONTROLLED.

Cleveland Physician Says It Is a Practical Proposition in Book He Has Written.

[ASSOCIATED PRESS DAY REPORT.]

CLEVELAND (O.) June 30.—Control of the sex of infants is a practical proposition, according to Dr. F. Kraft of the American Institute of Homeopathy.

Dr. Kraft says he has discovered a new principle, but has shown the practical application of an organism with the evolution theory. The principle, he says, is based on the law of the survivals of the fittest. He makes these declarations in a book just offered the press.

It is well known to scientists, says the author, that savage races are races which exist where the cost of life are hardest, produce a preponderance of male children. From this fact he deduces that nature recognizes in the female the weaker sex. She says, in times of plenty females are likely to predominate.

Some thinkers on the question even go so far as to state that the times produce male children.

The "Odylic Dynamo."

Mr. R. G. Doyle, whose discovery of marvelous odylic force has crowded his estate office with sick and suffering humanity, wishes to announce to his real estate friends that temporarily his personal time and attention at his office, room 861, Frost building, will be devoted to the sick and suffering.
